Making A White Garden

Nancy J. Ondra

Making A White Garden:

The White Garden Stephanie Barron, 2009-09-29 In March 1941 Virginia Woolf filled her pockets with stones and drowned herself in England's River Ouse. Her body was found three weeks later. What seemed like a tragic ending at the time was in fact just the beginning of a mystery. Six decades after Virginia Woolf's death, landscape designer Jo Bellamy has come to Sissinghurst Castle for two reasons: to study the celebrated White Garden created by Woolf's lover Vita Sackville-West and to recover from the terrible wound of her grandfather's unexplained suicide. In the shadow of one of England's most famous castles, Jo makes a shocking find: Woolf's last diary, its first entry dated the day after she allegedly killed herself. If authenticated, Jo's discovery could shatter everything historians believe about Woolf's final hours. But when the Woolf diary is suddenly stolen, Jo's quest to uncover the truth will lead her on a perilous journey into the tumultuous inner life of a literary icon whose connection to the White Garden ultimately proved devastating. Rich with historical detail, *The White Garden* is an enthralling novel of literary suspense that explores the many ways the past haunts the present and the dark secrets that lurk beneath the surface of the most carefully tended garden.

Making a White Garden Joan Clifton, 1990 **White Garden, The** Adrienne Perry, 2005 *The Artist's Garden* Jackie Bennett, 2019-10-29 *The Artist's Garden* will feature up to 20 gardens that have inspired and been home to some of the greatest painters of history. These gardens not only supplied the inspiration for creative works but also illuminate the professional motivation and private life of the artists themselves, from Cézanne's house in the south of France to Childe Hassam at Celia Thaxter's garden off the coast of Maine. Flowers and gardens have often been the first choice for artists looking for a subject. A garden close to the artist's studio is not only convenient for daily material and ideas but also has the advantage of changing through the seasons and over time. Claude Monet's Giverny was the catalyst for hundreds of great paintings by Monet and other artists, each one different from the one before. Sometimes a whole village becomes the focus for a colony of artists, as at Gerberoy in

Picardy and Skagen on the northernmost tip of Denmark This book is about the real homes and gardens that inspired these great artists gardens that can still be visited today The relationship between artist and garden is a complex one A few artists including Pierre Bonnard and his neighbour Monet were keen gardeners as much in love with their plants as their work while for others like Sorolla in Madrid his courtyard home was both a sanctuary and a source of ideas **The Garden** ,1906
