Change Anything (Enhanced Edition) Kerry Patterson,Joseph Grenny,David Maxfield,Ron McMillan,Al Switzler,2011-04-11 A stunning approach to how individuals can not only change their lives for the better in the workplace but also their lives away from the office including but not limited to finding ways to improve one s working relationship with others one s overall health outlook on life and so on For example why is it that 95% of all diet attempts fail Why do New Year s Resolutions last no more than a few days Why can t people with good intentions seem to make consistent and positive strides Based upon the latest research in a number of psychological and medical fields the authors of Change Anything will show that traditional will power is not necessarily the answer to these strivings that people are affected in their behaviors by far more subtle influences Change Anything shows how individuals can come to understand these powerful and influential forces and how to put these forces to work in a positive manner that brings real and meaningful results The authors present an array of everyday examples that will change and truly empower you to reexamine the way you go about your business and life *Midrashic Women* Judith R. Baskin,2015-05-01 While most gender based analyses of rabbinic Judaism concentrate on the status of women in the halakhah the rabbinic legal tradition Judith R Baskin turns her attention to the construction of women in the aggadic midrash a collection of expansions of the biblical text rabbinic ruminations and homiletical discourses that constitutes the non legal component of rabbinic literature Examining rabbinic convictions of female alterity competing narratives of creation and justifications of female disadvantages as well as aggadic understandings of the ideal wife the dilemma of infertility and women among women and as individuals she shows that rabbinic Judaism a tradition formed by men for a male community deeply valued the essential contributions of wives and mothers while also consciously constructing women as other and lesser than men Recent feminist scholarship has illuminated many aspects of the significance of gender in biblical and halakhic texts but there has been little previous study of how aggadic literature portrays females and the feminine Such representations Baskin argues often offer a more nuanced and complex view of women and their actual lives than the rigorous proscriptions of legal discourse **A Step-by-Step Guide to Qualitative Data Coding** Philip Adu,2019-04-05 A Step by Step Guide to Qualitative Data Coding is a comprehensive qualitative data analysis guide It is designed to help readers to systematically analyze qualitative data in a transparent and consistent manner
