My Home In Hong Kong:

Coming Home? Lynellyn D. Long, Ellen Oxfeld, 2017-06-16 Few things weigh on the human spirit more heavily than a sense of place the lands we live in and return to have a profound ability to shape our notions of home and homeland not to mention our own identities The pull of the familiar and the desire to begin anew are conflicting impulses for the nearly 180 million people who live outside their countries of origin often with the expectation of returning home Of 30 million people who immigrated to the United States alone between 1900 and 1980 10 million are believed to have returned to their homelands While migration flows occur in both directions surprisingly few studies of transnationalism global migration or diaspora address return experiences Undertaking a comparative analysis of how coming home affects individuals and their communities in a myriad cultural and geographic settings the contributors to this volume seek to understand the unique return migration experiences of refugees migrants and various others as they confront the social pressures and a sense of displacement that accompany their journeys The returns depicted in *Coming Home* range from temporary visits to permanent repatriation from voluntary to coerced movements and from those occurring after a few years of exile to those after several decades away The geographic sites include the Balkans Barbados China Eritrea Ethiopia Germany Nicaragua the Philippines Rwanda and Vietnam Several studies portray the experiences of returning refugees who earlier fled war and violence while others focus on economic or labor migrants As the essays show connections between permanent returnees and home communities are contentious and complex On the one hand issues of land title property rights political orientation and religious and cultural beliefs and practices create grounds for clashes between returnees and their home communities but on the other returnees bring with them a unique ability to transform local practices and provide new resources **Chinese**

Transnational Networks Chee-Beng Tan, 2006-10-19 The Chinese overseas have long been relevant to China especially to qiaoxiang and vice versa Qiaoxiang refers to regions from where emigrants migrated overseas where there are therefore ties with Chinese communities overseas Unlike most other works which cover either China or the Chinese overseas this book examines both China and the Chinese overseas in relation to qiaoxiang With clearly presented chapters that examine the ancestral homeland Chinese overseas China and transnational networks and the diversity of settlements and homelands the expert team of international contributors of *Chinese Transnational Networks* have created a volume which will be essential reading for students and scholars of migrations studies Chinese diaspora and Chinese culture and society **My Name is**

Sam S Kelly, 2020-02-13 Twenty five OMG A quarter century already A thousand experiences but only a continuous blur like two passing trains when recalled One thing my parents learned from when I started to talk until I started school was that I talked and talked and held nothing back I fought I screamed I entertained I conversed I engaged and I was beguiling I was different and I knew it I was a gift from God and a star and it all came naturally My next twenty five years will build on the bedrock of my formative years I will be able to look back on them whether as wife mother grandmother and definitely as one

of the twenty must know people in Hong Kong and see how these early events and experiences shape the person I will ultimately become _____ If sixty plus years is not enough to live our dreams and become how can twenty five years be How do you deal with the very tangible yet mystical appearance of death into a young life What was the sum total of Samantha s short life packed up into A vast trove of memories contrived from various footprints Facebook posts photos and mainly my own memories and those of her myriad friends all over the world Samantha constantly reminds me to squeeze every possible minute from the life I have yet to live It struck me when I commenced this work I knew far too little of my girl but along the way with the revelations of others I have come to know her a little better and to love her even a little more

Freedom Nathan Law, Evan Fowler, 2021-12-07 A timely manifesto on freedom from Hong Kong's leading pro democracy activist Nathan Law a Nobel Prize nominee Activist Nathan Law experienced firsthand the speed with which our freedom can be taken away When sovereignty over Hong Kong was handed to China in 1997 Hong Kong was guaranteed freedom of the press expression and assembly However the Chinese Communist Party CCP has been chipping away at these rights and since 2014 restricting free and fair elections Law writes When governments control access to information and are able to define the narrative and dictate what we know we lose more than our freedoms We lose the ability to see the world for what it is We lose our humanity In 2016 Law became the youngest ever elected legislator in Hong Kong on a pro democracy platform and was subsequently imprisoned for his role as a leader of the Umbrella Movement He now lives in exile An urgent rallying cry Freedom warns of the dangers of authoritarianism and inspires us to protect democracy and freedom or face losing them forever

protection and political leadership employment care giving and support networks housing needs old age security a ritually imagined community with a sense of spiritual well being Agnatic kinship has been organized as a corporate institution and as a quasi religious community through which substantial support protection and privileged access is provided for villagers At the same time reliance on this elaborate localized culture of welfare has maintained or reinforced the contours of stratification and inequality among Pang villagers even as lineage identity has remained largely intact in the face of changing external circumstances

Cries of Joy, Songs of Sorrow Marc L. Moskowitz, 2009-11-24 Since the mid 1990s Taiwan s unique brand of Mandopop Mandarin Chinese language pop music has dictated the musical tastes of the mainland and the rest of Chinese speaking Asia Cries of Joy Songs of Sorrow explores Mandopop s surprisingly complex cultural implications in Taiwan and the PRC where it has established new gender roles created a vocabulary to express individualism and introduced transnational culture to a country that had closed its doors to the world for twenty years In his early chapters Marc L. Moskowitz provides the historical background necessary to understand the contemporary Mandopop scene beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai A brief overview of alternative musical genres in the PRC such as Beijing rock and revolutionary opera is included The section concludes with a look at the manner in which Taiwan s musical ethos has influenced the mainland s music industry and how Mandopop has brought Western music and cultural values to the PRC This leads to a discussion of Taiwan pop s exceptional hybridity beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country s political cultural and economic alliance with the U S Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U S and Taiwan pop s appeal to audiences in both the PRC and Taiwan In doing so he explores how Mandopop s songs of sorrow with their ubiquitous themes of loneliness and isolation engage a range of emotional expression that resonates strongly in the PRC Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics Drawing on analyses and data from earlier chapters including interviews with dozens of performers song writers and lay people in Taipei and Shanghai Moskowitz attempts to answer the question Why if the music is as bad as some assert is it so central to the lives of the largest population in the world To answer he highlights Mandopop s important contribution as a poetic lament that simultaneously embraces and protests modern life Cries of Joy Songs of Sorrow is a highly readable introduction to an important but understudied East Asian phenomenon It will find a ready audience among scholars and students of Chinese and Taiwanese popular culture as well as musicologists studying transnational music flows and non Western popular music
