daughters navigate these years to avoid the potential minefields and how they can successfully guide their daughters while keeping a respectful and loving relationship intact What s a mother to do during these tough years The good part is that although they likely wouldn t admit it mothers remain the number one role model for girls at this age Setting and keeping rules and boundaries with a tween can be challenging though Sondra now a spokeschild for charities working with children in developing countries shares insights into the way that pre teen girls think today And her mother shares her own successful approaches and those of dozens of other mothers with tween girls Topics addressed include emotional and physical development of tween girls dating drinking clothes friends music money and more Step by step scripts for handling mother daughter conflicts are provided along with tips for communicating with tweens South of Charleston the Journey Charles McPherson,2009-07-14 South of Charleston The Journey examined some of the residual effects which continue to define how black Americans are looked at and how they try to integrate their views of society the way they live life in a world which has rejected them at times because of their skin color This is a look at one man s journey and how his story is a small part of the bigger picture that is seldom written about or heard of The story is about common lives that are not so common to those who live it The hope is that my story will open the minds of its readers and bring them closer to some of the daily reality of people of color
