Jean-Charles Houzeau

My Passage At The New Orleans Tribune A Memoir Of The Civil War Era:

My Passage at the New Orleans Tribune Jean-Charles Houzeau, 2001-03-01 When Belgian scientist Jean Charles Houzeau arrived in New Orleans in 1857 he was disturbed that America founded on the principle of freedom still tolerated the institution of slavery In late 1864 he became managing editor of the New Orleans Tribune the first black daily newspaper published in the United States Ardently sympathetic to the plight of Louisiana s black population and reveling in the fact that his dark complexion led many people to assume he was black himself Houzeau passionately embraced his role as the Tribune s editor and principal writer My Passage at the New Orleans Tribune first published in Belgium in 1872 is Houzeau s memoir of the four years he spent as both observer and participant in the drama of Reconstruction Houzeau records the efforts of New Orleans s free blacks to secure their civil rights and to assume as well the cause of the newly freed slaves With a scientist s keen and sensitive eye he observes the turmoil of Reconstruction in Louisiana and recalls the personalities of the black leaders the tensions within the black community and his own day to day struggle to make the Tribune a nationally respected vehicle for the advancement of black rights and equality Scholars have long recognized the importance of the New Orleans Tribune as a source for both southern and African American history My Passage at the New Orleans Tribune meticulously edited and annotated by David C Rankin offers a unique firsthand account of the newspaper s operation and crusade written by the energetic and dedicated man who guided it to prominence [My Passage at the New Orleans Tribune](#)

My Passage at the New Orleans Tribune Jean-Charles Houzeau, 2001-03-01 When Belgian scientist Jean Charles Houzeau arrived in New Orleans in 1857 he was disturbed that America founded on the principle of freedom still tolerated the institution of slavery In late 1864 he became managing editor of the New Orleans Tribune the first black daily newspaper published in the United States Ardently sympathetic to the plight of Louisiana s black population and reveling in the fact that his dark complexion led many people to assume he was black himself Houzeau passionately embraced his role as the Tribune s editor and principal writer My Passage at the New Orleans Tribune first published in Belgium in 1872 is Houzeau s memoir of the four years he spent as both observer and participant in the drama of Reconstruction Houzeau records the efforts of New Orleans s free blacks to secure their civil rights and to assume as well the cause of the newly freed slaves With a scientist s keen and sensitive eye he observes the turmoil of Reconstruction in Louisiana and recalls the personalities of the black leaders the tensions within the black community and his own day to day struggle to make the Tribune a nationally respected vehicle for the advancement of black rights and equality Scholars have long recognized the importance of the New Orleans Tribune as a source for both southern and African American history My Passage at the New Orleans Tribune meticulously edited and annotated by David C Rankin offers a unique firsthand account of the newspaper s operation and crusade written by the energetic and dedicated man who guided it to prominence **An Absolute Massacre** James G. Hollandsworth, Jr., 2004-10-01 In the summer of 1866 racial tensions ran high in Louisiana as

a constitutional convention considered disenfranchising former Confederates and enfranchising blacks On July 30 a procession of black suffrage supporters pushed through an angry throng of hostile whites Words were exchanged shots rang out and within minutes a riot erupted with unrestrained fury When it was over at least forty eight men an overwhelming majority of them black lay dead and more than two hundred had been wounded In *An Absolute Massacre* James G Hollandsworth Jr examines the events surrounding the confrontation and offers a compelling look at the racial tinderbox that was the post Civil War South

For Free Press and Equal Rights Richard H. Abbott, 2004 *For Free Press and Equal Rights* is an exhaustive study of the newspapers published in the Reconstruction South that had ties to the pro Union northern based Republican party Until now no book has been devoted entirely to this subject Richard H Abbott s research draws on his readings from some 430 southern Republican papers This figure accounts for literally hundreds more papers than are cited in the handful of previously published related studies none of which makes more than passing reference to any of the topics that Abbott covers in detail Abbott first traces the origins of the southern Republican press from its lone stronghold in antebellum northwest Virginia to its wartime expansion in the wake of the Union Army s occupation of such far flung places as Key West Florida and Port Royal South Carolina Abbott then discusses the challenges of establishing and sustaining a Republican press where the most likely readership freed slaves was usually illiterate and too poor to subscribe much less to contribute advertising revenue Looking at the different ways white and black editors faced common problems from ostracism and libel to vandalism and physical assault Abbott also discusses the mixed blessings of patronage by which Republican officials steered printing business to their party organs Abbott s state by state year by year analyses look at the fluctuating number of southern Republican papers in terms of their distribution in rural urban and anti pro Republican areas *For Free Press and Equal Rights* reveals a wealth of information about papers ranging from the *Visitor of Hot Springs* Arkansas which lasted less than a year to the *Union Flag of Jonesborough* Tennessee which ran from 1865 to 1873 It makes a number of new and important points about political patronage and the publishing process race and print culture Republican ideology and rhetoric and our first amendment rights

The Louisiana Native Guards James G. Hollandsworth, Jr., 1995-12 Early in the Civil War Louisiana s Confederate government sanctioned a militia unit of black troops the Louisiana Native Guards Intended as a response to demands from members of New Orleans substantial free black population that they be permitted to participate in the defense of their state the unit was used by Confederate authorities for public display and propaganda purposes but was not allowed to fight After the fall of New Orleans General Benjamin F Butler brought the Native Guards into Federal military service and increased their numbers with runaway slaves He intended to use the troops for guard duty and heavy labor His successor Nathaniel P Banks did not trust the black Native Guard officers and as he replaced them with white commanders the mistreatment and misuse of the black troops steadily increased The first large scale deployment of the Native Guards occurred in May 1863 during the Union siege of Port Hudson Louisiana when two of their regiments were

ordered to storm an impregnable hilltop position Although the soldiers fought valiantly the charge was driven back with extensive losses The white officers and the northern press praised the tenacity and fighting ability of the black troops but they were still not accepted on the same terms as their white counterparts After the war Native Guard veterans took up the struggle for civil rights in particular voting rights for Louisiana s black population The Louisiana Native Guards is the first account to consider that struggle By documenting their endeavors through Reconstruction James G Hollandsworth places the Native Guards military service in the broader context of a civil rights movement that predates more recent efforts by a hundred years This remarkable work presents a vivid picture of men eager to prove their courage and ability to a world determined to exploit and demean them *Louisiana History* Florence M. Jumonville,2002-08-30 From the accounts of 18th century travelers to the interpretations of 21st century historians Jumonville lists more than 6 800 books chapters articles theses dissertations and government documents that describe the rich history of America s 18th state Here are references to sources on the Louisiana Purchase the Battle of New Orleans Carnival and Cajuns Less explored topics such as the rebellion of 1768 the changing roles of women and civic development are also covered It is a sweeping guide to the publications that best illuminate the land the people and the multifaceted history of the Pelican State Arranged according to discipline and time period chapters cover such topics as the environment the Civil War and Reconstruction social and cultural history the people of Louisiana local parish and sectional histories and New Orleans It also lists major historical sites and repositories of primary materials As the only comprehensive bibliography of the secondary sources about the state *Louisiana History* R is an invaluable resource for scholars and researchers One Drop Bliss Broyard,2007-09-27 In this acclaimed memoir Bliss Broyard daughter of the literary critic Anatole Broyard examines her father s choice to hide his racial identity and the impact of this revelation on her own life Two months before he died renowned literary critic Anatole Broyard called his grown son and daughter to his side to impart a secret he had kept all their lives and most of his own he was black Born in the French Quarter in 1920 Anatole had begun to conceal his racial identity after his family moved to Brooklyn and his parents resorted to passing in order to get work As he grew older and entered the ranks of the New York literary elite he maintained the facade Now his daughter Bliss tries to make sense of his choices Seeking out unknown relatives in New York Los Angeles and New Orleans Bliss uncovers the 250 year history of her family in America and chronicles her own evolution from privileged WASP to a woman of mixed race ancestry *Three Hundred Years of Decadence* Robert Azzarello,2019-04-09 New Orleans s reputation as a decadent city stems in part from its environmental precariousness its Francophilia its Afro Caribbean connections its Catholicism and its litany of alleged vices encompassing prostitution miscegenation homosexuality and any number of the seven deadly sins An evocative work of cultural criticism Robert Azzarello s *Three Hundred Years of Decadence* argues that decadence can convey a more nuanced meaning than simple decay or decline conceived in physical social or moral terms Instead within New Orleans literature decadence possesses a complex even paradoxical relationship

with concepts like beauty and health progress and technological advance Azzarello presents the concept of decadence along with its perception and the uneasy social relations that result as a suggestive avenue for decoding the long shifting story of New Orleans and its position in the transatlantic world By analyzing literary works that span from the late seventeenth century to contemporary speculations about the city's future Azzarello uncovers how decadence often names a transfiguration of values in which ideas about supposed good and bad cannot maintain their stability and end up morphing into one another These evolving representations of a decadent New Orleans which Azzarello traces with attention to both details of local history and insights from critical theory reveal the extent to which the city functions as a contact zone for peoples and cultures from Europe Africa and the Americas Drawing on a deep and understudied archive of New Orleans literature Azzarello considers texts from multiple genres fiction poetry drama song and travel writing including many written in languages other than English His analysis includes such works of transcription and translation as George Washington Cable's Creole Slave Songs and Mary Haas's Tunica Texts which he places in dialogue with canonical and recent works about the city as well as with neglected texts like Ludwig von Reizenstein's German language serial The Mysteries of New Orleans and Charles Chesnutt's novel Paul Marchand F M C With its careful analysis and focused scope Three Hundred Years of Decadence uncovers the immense significance historically politically and aesthetically that literary imaginings of a decadent New Orleans hold for understanding the city's position as a multicultural transatlantic contact zone

The Irish in the South, 1815-1877 David T. Gleeson, 2002-11-25 The only comprehensive study of Irish immigrants in the nineteenth century South this book makes a valuable contribution to the story of the Irish in America and to our understanding of southern culture The Irish who migrated to the Old South struggled to make a new home in a land where they were viewed as foreigners and were set apart by language high rates of illiteracy and their own self identification as temporary exiles from famine and British misrule They countered this isolation by creating vibrant tightly knit ethnic communities in the cities and towns across the South where they found work usually menial jobs Finding strength in their communities Irish immigrants developed the confidence to raise their voices in the public arena forcing native southerners to recognize and accept them first politically then socially The Irish integrated into southern society without abandoning their ethnic identity They displayed their loyalty by fighting for the Confederacy during the Civil War and in particular by opposing the Radical Reconstruction that followed By 1877 they were a unique part of the Solid South Unlike the Irish in other parts of the United States the Irish in the South had to fit into a regional culture as well as American culture in general By following their attempts to become southerners we learn much about the unique experience of ethnicity in the American South

Black Legislators in Louisiana during Reconstruction Charles Vincent, 2011-01-28 When originally published Charles Vincent's scholarship shed new light on the achievements of black legislators in the state legislatures in post Civil War Louisiana a state where black people were a majority in the state population but a minority in the legislature Now updated with a new

preface this volume endures as an important work that illustrates the strength of minorities in state government during Reconstruction. It focuses on the achievements of the black representatives and senators in the Louisiana legislature who through tireless fighting were able to push forward many progressive reforms such as universal public education and social programs for the less fortunate. **The Fiery Trial: Abraham Lincoln and American Slavery** Eric Foner, 2011-09-26 A masterwork by the preeminent historian of the Civil War era Boston Globe Selected as a Notable Book of the Year by the New York Times Book Review this landmark work gives us a definitive account of Lincoln's lifelong engagement with the nation's critical issue American slavery. A master historian Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln a pragmatic politician grounded in principle deftly navigating the dynamic politics of antislavery secession and civil war. Lincoln's greatness emerges from his capacity for moral and political growth. *Journalism in the Fallen Confederacy* Debra Reddin van Tuyl, 2015-05-27 During the American Civil War several newspapers remained Confederate sympathizers despite their locations being occupied by Union troops. Examining these papers the authors explore what methods of suppression occupiers used how occupation influenced the editorial and business sides of the press and how occupation impacted freedom of the press. **American Studies** Jack Salzman, 1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988. There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology. **New Orleans** T. R. Johnson, 2023-03-02 The neighborhoods of New Orleans have given rise to an extraordinary outpouring of important writing. Over the last century and a half or so these stories and songs have given the city its singular place in the human imagination. This book leads the reader along five thoroughfares that define these different parts of town Royal St Claude Esplanade Basin and St Charles to explore how the writers who have lived around them have responded in closely related ways to the environments they share. On the outskirts of New Orleans today the city's precarious relation to its watery surroundings and the vexed legacies of race loom especially large. But the city's literature shows us that these themes have been near to hand for New Orleans writers for several generations whether reflected through questions of masquerade dreams of escape the innocence of children or the power of money or of violence or of memory. *Free Labor* Mark A. Lause, 2015-06-30 Monumental and revelatory *Free Labor* explores labor activism throughout the country during a period of incredible diversity and fluidity the American Civil War. Mark A. Lause describes how the working class radicalized during the war as a response to economic crisis the political opportunity created by the election of Abraham Lincoln and the ideology of free labor and abolition. His account moves from battlefield and picket line to the negotiating table as he discusses how leaders and the rank and file alike adapted tactics and modes of operation to specific circumstances. His close attention to women and African Americans meanwhile dismantles notions of the working

class as synonymous with whiteness and maleness In addition Lause offers a nuanced consideration of race's role in the politics of national labor organizations in segregated industries in the border North and South and in black resistance in the secessionist South creatively reading self emancipation as the largest general strike in U S history **Separate: The Story of Plessy v. Ferguson, and America's Journey from Slavery to Segregation** Steve Luxenberg, 2019-02-12 A New York Times Editors Choice Winner of the J Anthony Lukas Award Longlisted for the Cundill History Prize Absorbing Segregation is not one story but many Luxenberg has written his with energy elegance and a heart aching for a world without it James Goodman The New York Times Book Review Separate is a myth shattering narrative of one of the most consequential Supreme Court cases of the nineteenth century Plessy v Ferguson The 1896 ruling embraced racial segregation and its reverberations are still felt today Drawing on letters diaries and archival collections Steve Luxenberg reveals the origins of racial separation and its pernicious grip on American life He tells the story through the lives of the people caught up in the case Louis Martinet who led the resisters from the mixed race community of French New Orleans Albion Tourg e a best selling author and the country's best known white advocate for civil rights Justice Henry Billings Brown from antislavery New England whose majority ruling sanctioned separation Justice John Harlan the Southerner from a slaveholding family whose singular dissent cemented his reputation as a steadfast voice for justice Sweeping swiftly paced and richly detailed Separate is an urgently needed exploration of our nation's most devastating divide **Southern Queen** Thomas Ruys Smith, 2011-06-02 New Orleans occupies a singular position within American life Drawing deeply from Old World traditions and New World possibilities the port city of the Mississippi has proved a lure to an extraordinary variety of travellers from its very earliest days New Orleans has always been a world city like no other it combines the magnolia and moonlight appeal of Southern romanticism a popular sense of exoticism and decadence the hint of illicit sex and a cultural history without compare However alongside the glamour there runs another story of tension conflict hardship and destruction It was in the nineteenth century that the city's most distinctive characteristics were forged and chapters will be based around signal moments that reveal the city's essential qualities the Battle of New Orleans in 1815 the World's Fair in 1884 the establishment of Storyville in 1897 Whilst painting a portrait of the public face of New Orleans the book will look behind the carnival mask to explore aspects of the city's history which have so often been kept hidden from view **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **I Freed Myself** David Williams, 2014-04-21 This book examines the many ways in which African Americans made the Civil War about ending slavery Abraham Lincoln's primary goal was to save the Union rather than to absolve the institution of slavery yet slaves who escaped to Union lines refused to fight for the Union while remaining enslaved ultimately forcing Lincoln to disband the institution
