Outside the Box Maria Meindl, 2011-08-18 Years later Maria took on the daunting task of sorting through Mona's mountain of papers to create an archive for the University of Toronto's Fisher Rare Book Library The chaotic state of the boxes reflected Mona's flamboyant and demanding personality yet they also drew an important picture of the life of a Canadian freelancer in the twentieth century Mona had begun publishing poetry and features in newspapers in the 1920s and published three books of poetry in the 1940s In the 1950s at a time when many women were retreating from the public sphere she had a successful radio career Her later journals and letters recount in agonizing detail a downward spiral into self doubt poverty and addiction Maria soon discovered that the truth of Mona's life was even more fascinating than her stories Outside the Box brings to life a thinly documented era in Canadian letters through the story of one passionate and conflicted woman It also charts the journey of an unwilling archivist coming to terms with family secrets forgotten history and the stories that are never told

Experiencing the Impossible

Gustav Kuhn,2019-03-12 This thought provoking tour through the science of magic will make you question what you know about your brain and your reality A psychologist and magician shows how the scientific study of magic reveals intriguing and often unsettling insights into the mysteries of the human mind What do we see when we watch a magician pull a rabbit out of a hat or read a person s mind We are captivated by an illusion we applaud the fact that we have been fooled Why do we enjoy experiencing what seems clearly impossible or at least beyond our powers of explanation In Experiencing the Impossible Gustav Kuhn examines the psychological processes that underpin our experience of magic Kuhn a psychologist and a magician reveals the intriguing and often unsettling insights into the human mind that the scientific study of magic provides Magic Kuhn explains creates a cognitive conflict between what we believe to be true for example a rabbit could not be in that hat and what we experience a rabbit has just come out of that hat Drawing on the latest psychological neurological and philosophical research he suggests that misdirection is at the heart of all magic tricks and he offers a scientific theory of misdirection He explores among other topics our propensity for magical thinking the malleability of our perceptual experiences forgetting and misremembering free will and mind control and how magic is applied outside entertainment the use of illusion in human computer interaction politics warfare and elsewhere We may be surprised to learn how little of the world we actually perceive how little we can trust what we see and remember and how little we are in charge of our thoughts and actions Exploring magic Kuhn illuminates the complex and almost magical mechanisms underlying our daily activities

A Personalist

Philosophy of History Bennett Gilbert,2019-01-15 Historical study has traditionally been built around the placement of the human at the center of inquiry The de stabilized concepts of the human in contemporary thought challenge this configuration

However the ways in which these challenges provoke new historical perspectives both expand and enrich historical study but are also weak and vulnerable in their concept of the human lacking or omitting something valuable in our self understanding A Personalist Philosophy of History argues for a robust concept of personhood in our experience of the past as a way to resolve this conflict Focused on those who know history rather than on the abstract properties of knowledge it extends the moral agency of persons into non human trans human and deep history domains It describes an approach to moral life through historical experience and study rather than through abstractions And it describes a kind of historiography that matches factual accuracy to both the constructed nature of understanding and to unavoidable moral purpose **Lord, Heal My Hurts** Kay Arthur,2009-10-07 Enjoy the expanded and updated editions of the best selling Lord Bible Study Series from Kay Arthur The Lord study series is an insightful warm hearted Bible study series designed to meet readers where they are and help them discover God s answers to their deepest needs No Matter How Deep the Wounds God Can Heal Your Hurts Everyone hurts The pain runs deep the scars never seem to fade the memories torment us As a result our growth is stunted our walk crippled our relationships infected Will relief never come Yes when you put yourself in the hands of Jehovah rapha the God who heals No matter what you ve done or what s been done to you He wants to be your refuge He loves you And He offers healing for your deepest wounds Discover how God can turn your sorrow into joy in Lord Heal My Hurts Let Kay Arthur guide you through the Scriptures so you can be set free from past hurts by the power of God This powerful insightful study will minister to you in deeply restorative ways And these are truths you will want to share with others **The Last and the First** Ivy Compton-Burnett,2011-10-28 The Last and the First was Ivy Compton Burnett s final novel In it she deals with her familiar themes tyranny power and corruption Although the novel was unfinished at the time of her death in 1969 it combines the brilliant wit and incisive insight into human relationships which make her one of the most original novelists in English literature **Eisenhower** Geoffrey Perret,2000-03-02 This new in depth life of Eisenhower offers fresh perspectives not only on World War II and the Korean War but also on the Cold War the civil rights movement McCarthyism the U 2 crisis and Vietnam Geoffrey Perret s Eisenhower gives us for the first time the whole man It brings together a huge amount of material much of it made available to researchers only in recent years The result is nothing less than an original authoritative and provocative portrait of Eisenhower as both soldier and president Far from being the easygoing and pliant figure often depicted by his critics Eisenhower is revealed here as a complex tough minded and highly capable man one who rose to the top of the world s most competitive profession the modern military His career as a soldier would prove to be an excellent preparation for most though not all of the major challenges he faced as America s thirty fourth president Eisenhower s letters and diaries many of them never seen by previous biographers have contributed profoundly to this groundbreaking work So too have dozens of interviews with people who knew him well These fresh sources have made it possible to resolve many intriguing questions that have until now been matters only of speculation and rumor Did he have an affair with Kay

Whitman,2024-01-02T19:53:47Z Walt Whitman consciously set out to forge a personal path for himself as a poet Inspired by contemporaries like Emerson who expressed a need for a new uniquely American style of poetry Whitman eschewed conventions he saw as outdated or undemocratic Setting aside traditional rhyme meter and even brevity Whitman favored a style that was declarative direct and maximalist For subject matter he focused on the common individual as democratic representative of all humanity and the natural world of which humanity exists as an integral part Song of Myself is perhaps the most well known exemplar of this aesthetic Whitman's poetic career took an abrupt turn during the American Civil War and his poems from that time draw on his experiences volunteering at military hospitals These coupled with his elegy for President Lincoln after his assassination When Lilacs Last in the Dooryard Bloom'd helped to cement Whitman's position as a particularly American voice Among Whitman's recurring themes are the embracing of sensual pleasures including frank acknowledgments of homosexuality This latter aspect drove several contemporary critics to reject his work as indecent Threats of censorship and outright banning encouraged his supporters to speak more publicly in defense of his work however and Whitman is now considered to be one of America's most important poets Leaves of Grass was continually edited and extended over most of Whitman's life Months before his death he announced that the next edition would be the complete and definitive one Referred to now as the deathbed edition it was published in 1892 by Whitman's literary executors and is the basis for this ebook This book is part of the Standard Ebooks project which produces free public domain ebooks
