## **My Pilgrimage A Religious Coming Of Age:**

*My Pilgrimage* Lowell T. McKinney, 2001-12-01 This book is the result of the author's reexamination of his religious faith. It began with his attempt to answer a seemingly simple question for one of his Sunday school pupils: "It became an endeavor that caused him to rethink his concept of God, religion, the church, and the Scriptures." The author's philosophy concerning religion borrowed from Xenophanes is twofold: First, no one has all the answers. Each of us could come up with a theory about God and creation, and even if only one person on Earth got it absolutely correct, even he wouldn't know it. Religious theory is based upon faith. Second, as we grow in knowledge, we should also expand and refine our religious concepts. This book is intended to encourage religious maturity. Some of the conclusions reached may cause concern in some circles. For instance, the author feels that the portrayal of Jesus as a blood sacrifice is distorted, perhaps totally wrong. Why would a God who considered child sacrifice an abomination sacrifice His own son and to whom? The author's concepts of an infinite God may seem mind boggling to many. Whether you agree or disagree with the ideas expressed by the author, you will certainly benefit from the reexamination of your own philosophy. *The pilgrim's progress from this world to that which is to come* John Bunyan, 1853

**Faith and Other Flat Tires** Andrea Palpant Dilley, 2012-02-21 At age twenty-one, Andrea Palpant Dilley stripped the Christian fish decal off her car bumper in a symbolic act of departure from her religious childhood. At twenty-three, she left the church and went searching for refuge in the company of men who left her lonely and friends who pushed the boundaries of what she once held sacred. In this deeply personal memoir, Andrea navigates the doubts that plague believers and skeptics alike. Why does a good God allow suffering? Why is God so silent, distant, and uninvolved? And why does the church seem so dysfunctional? Yet amid her skepticism, she begins to ask new questions: Could doubting be a form of faith? Might our doubts be a longing for God that leads to a faith we can ultimately live with? *American Muslim Women, Religious Authority, and Activism* Juliane Hammer, 2012-04-01

Hammer looks at the work of significant female American Muslim writers, scholars, and activists since 1990, using their writings as a lens for a larger discussion of Muslim intellectual production in America and beyond. Centered on the controversial women-led Friday prayer in March 2005, Hammer uses this event and its aftermath to address themes of faith, community, and public opinion. While gender is the catalyst for Hammer's study, her examination of these women's intellectual output touches on themes central to contemporary Islam: authority, tradition, Islamic law, justice, and authenticity. Religion and Science Fiction James H. Thrall, 2024-05-17 *Religion and Science Fiction: An Introduction* guides students into deeper understanding of how religion and science fiction engage often overlapping questions. This textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction. The goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be

religious With discussion questions lists of key terms extensive additional resources and suggestions for projects and essay questions this book is a foundational text for students and instructors of religion and science fiction     **The Christian After Death** R. E. Hough,2013-01-22 Though dreaded there is no topic which people are so reticent to speak about as death and nothing in life which is more certain Man cannot postpone what he ignores nor remove the terror from what he persists in forgetting This is perhaps the last fear that is overcome in the heart of the child of God In an effort to help the believer face death with frankness understanding and purpose the author answers such pertinent questions as What is death Will the dead live again What and where is heaven Shall we know each other there What is the resurrection the nature of the resurrected body and the believer's judgment And most important How do we prepare While reference is made to spiritual death physical death is the primary subject of this study Factual scriptural and well organized The Christian After Death offers hope assurance promise and a challenge     Littell's Living Age ,1854     **The Congregationalist and Christian World** ,1914
