My Food:

Food and God Joel R. Soza, 2009-05-13 The central thesis of this book is that Western culture and American culture in particular needs an immediate change with regard to food and eating. Western over indulgence is exacerbated by hunger and deprivation in the world. Learning to think theologically and not just medically or psychologically about one's eating habits will lead to positive personal and communal changes. In *Food and God*, Joel Soza offers readers a deeper understanding of Christian faith, one that will help them learn to think of eating as not merely a physical act but as a spiritual exercise. Readers will become more aware of world need and preference for others while also learning how to improve their own health, control their own weight, and develop greater spiritual awareness and sensitivity in the daily and routine activity of eating. This book evaluates both Old and New Testaments as well as some theology in the history of the Church to arrive at an understanding of how one should think about food and eating in relationship to God and the world. The reader will learn of the key role food plays in the biblical creation and temptation narratives. They will learn of the enormous labor that went into food preparation in the ancient world and what sages have had to say about food indulgence throughout time and many cultures. Finally, readers will encounter Jesus's invitation to think about food in spiritual ways, gaining an understanding as to what it means that Christianity is a movement with table fellowship at the forefront of its faith expression.

You Don't Have to Try So Hard Kathi Lipp, Cheri Gregory, 2018-09-04 My soul finds rest in God; my hope comes from him. Psalm 62:5. Worn Down by the Pursuit of Perfection. Are you hustling through life, struggling to meet impossible standards and be everything to everybody? Do you ever wonder if there's any rest on the other side of the rush? With honesty and humor, Kathi Lipp and Cheri Gregory will help you take a breather and find reassurance as you face the bullies of perfectionism, performancism, people-pleasing, and procrastination. Self-assessments and personal stories will guide you from panic to peace as you learn to pick battles worthy of your time and energy, embrace the freedom of a carefully considered no, recognize your strengths and weaknesses in the quest for balance, use authenticity as a weapon to battle bullies, release yourself from the endless pressure of pleasing others, ditch your feelings of inadequacy, and finally come face to face with the bold, balanced woman God created you to be. You don't have to be perfect. You just have to be you.
