My Lady Tongue Other Tales:

My lady Ludlow, and other tales Elizabeth Cleghorn Gaskell, 1906 **My lady tongue & other tales** , *What the Moon Saw and Other Tales* Hans Christian Andersen, 2020-09-28 It is a strange thing that when I feel most fervently and most deeply my hands and my tongue seem alike tied so that I cannot rightly describe or accurately portray the thoughts that are rising within me and yet I am a painter my eye tells me as much as that and all my friends who have seen my sketches and fancies say the same I am a poor lad and live in one of the narrowest of lanes but I do not want for light as my room is high up in the house with an extensive prospect over the neighbouring roofs During the first few days I went to live in the town I felt low spirited and solitary enough Instead of the forest and the green hills of former days I had here only a forest of chimney pots to look out upon And then I had not a single friend not one familiar face greeted me So one evening I sat at the window in a desponding mood and presently I opened the casement and looked out Oh how my heart leaped up with joy Here was a well known face at last a round friendly countenance the face of a good friend I had known at home In fact it was the Moon that looked in upon me He was quite unchanged the dear old Moon and had the same face exactly that he used to show when he peered down upon me through the willow trees on the moor I kissed my hand to him over and over again as he shone far into my little room and he for his part promised me that every evening when he came abroad he would look in upon me for a few moments This promise he has faithfully kept It is a pity that he can only stay such a short time when he comes Whenever he appears he tells me of one thing or another that he has seen on the previous night or on that same evening Just paint the scenes I describe to you this is what he said to me and you will have a very pretty picture book I have followed his injunction for many evenings I could make up a new Thousand and One Nights in my own way out of these pictures but the number might be too great after all The pictures I have here given have not been chosen at random but follow in their proper order just as they were described to me Some great gifted painter or some poet or musician may make something more of them if he likes what I have given here are only hasty sketches hurriedly put upon the paper with some of my own thoughts interspersed for the Moon did not come to me every evening a cloud sometimes hid his face from me **The Works of Mrs.**

What the Moon Saw: and Other Tales H. C.

Andersen, 2019-11-21 In *What the Moon Saw and Other Tales* Hans Christian Andersen weaves a tapestry of enchanting narratives that reflect his profound understanding of human nature and the whimsical world surrounding it This collection first published in 1842 showcases Andersen's signature style marked by rich imagery simple yet poignant language and an exploration of moral themes Each tale is imbued with an ethereal quality often transcending traditional folk tales through innovative storytelling that reveals deeper philosophical insights and societal critique characteristic of the literary context of the early 19th century when fairy tales began to evolve into a means of social commentary Born in Odense Denmark

Andersen's humble beginnings combined with his experiences as a traveler and observer of society significantly shaped his storytelling. His upbringing in a world rife with cultural contradictions and socio-economic disparity fueled his imagination and empathy, prompting him to create characters who are often outcasts or dreamers. Andersen's profound engagement with themes of longing and the search for belonging resonates throughout his works, illustrating his belief in the transformative power of imagination and compassion. *What the Moon Saw and Other Tales* is a must-read for anyone captivated by the magic of storytelling and the complexities of the human experience. It serves as both an introduction to Andersen's rich literary legacy and a timeless exploration of universal themes that continue to resonate today.
