underlying mental scripts which can shape collective perceptions societal norms and expectations each of which can pose an issue to healthy familial relationships Basak s response draws from Indian socio cultural and mythological contexts as well as clinical applications to provide psychoanalytic insight into the stark differences and similarities between attitudes in Japan India and the eastern culture at large Both authors join together to highlight different child rearing practises such as co sleeping and how they can shape human sexuality subjectivity Challenging the standardisation of the Oedipal myth the book draws from literary and clinical examples in Japan and India to invite the reader into another world of parenting style and another idiom of psychoanalysis Uniquely positioned to develop understanding of how psychoanalysis has developed in non Western countries this book is an essential resource for psychoanalysts in training and in practice Social Justice through Multilingual Education Tove Skutnabb-Kangas,Robert Phillipson,Ajit K.
