Nissán, 2013-02-15 These two autobiographical novels lay bare the life journey of a Mexican Jewish woman reconciling herself with a Sephardic background her parent's dictates and her husband's and family's expectations The only constant in her life is a need to find her own way and the story of how she does so is intensely personal and yet universal in its humanness This quest begins in Oshinica's childhood at about age ten she's taken from the public school in Mexico City and placed in a Jewish one There she begins to understand what it means to be Jewish Though somewhat indifferent to Hebrew lessons she warms to the teacher who shares experiences of the Holocaust and learns that being Jewish means being different Oshinica's family thwarts her desire to enter the university and instead she's pushed into marriage at age seventeen Children follow quickly four in all and into the 1960s Oshinica tries to be a dutiful wife and mother while continuing to be an obedient daughter But the insular Jewish neighborhood that sheltered and defined her life is impinged upon as modernity transforms Mexico City Seeing films like the Fellini movie *8 1 2* and experiencing a culturally changing capital city sets her on a quest for her own voice and space Eventually she separates and divorces supports herself as a commercial photographer and enrolls in a creative writing course taught by Elena Poniatowska one of Mexico's most prominent women authors The short pieces begun in that course evolved into these two novels The remarkable story they tell is how Oshinica's many and often painful journeys of discovery led to a personal peace I've never met a person so natural and spontaneous Rosa Nissán adapts herself to life the way a plant adapts itself to the soil or the sun Elena Poniatowska **Girls and Juvenile Justice**

Carla P. Davis, 2017-02-14 This book offers an ethnographic study of the lives of girls in the juvenile justice system Based on rich narrative accounts the girls at the center of the study are viewed as confronted with the power of simultaneous race class and gender hierarchies Through this framework we see how the girls navigate this challenge by seeking status in their everyday lives in their families juvenile justice institutions and neighborhood organizations including gangs Through analyzing the ways that the girls strive for higher social status this book provokes debate about how policies and programs may be creatively rethought to incorporate this pursuit *Girls and Juvenile Justice* offers a glimpse into the hearts minds and souls of adolescent girls It will be of great interest for scholars of criminal justice sociology women's studies and social psychology *The Many Faces of Long-term Care* United States. A Doomed Cat From The Start With 3 Chances To Live: A Manual On When Not To Have Kids Lionel Barrow,2023-04-14

These are the life and times of Lionel Ricardo Barrow II If it were up to me I would have been dead on May 20 2003 All I broke was my left elbow and right femur The Lord still kept me alive and I kept writing There were still things I needed to do and that is how I see it Then my nephew stood me up and I get into a car accident that was not my fault at 3 AM on October 28 2018 when I was two exits away from home I broke my left leg and right ankle The Lord still kept me alive and then I wrote this memoir Even still there is a lot more to the story I am a doomed cat from the start that should have not been born and this is a manual on when not to have kids Black. Queer. Southern. Women. E. Patrick Johnson,2018-10-22 Drawn from the life narratives of more than seventy African American queer women who were born raised and continue to reside in the American South this book powerfully reveals the way these women experience and express racial sexual gender and class identities all linked by a place where such identities have generally placed them on the margins of society Using methods of oral history and performance ethnography E Patrick Johnson s work vividly enriches the historical record of racialized sexual minorities in the South and brings to light the realities of the region s thriving black lesbian communities At once transcendent and grounded in place and time these narratives raise important questions about queer identity formation community building and power relations as they are negotiated within the context of southern history Johnson uses individual stories to reveal the embedded political and cultural ideologies of the self but also of the listener and society as a whole These breathtakingly rich life histories show afresh how black female sexuality is and always has been an integral part of the patchwork quilt that is southern culture The One Too Many Elizabeth Lynn Linton,1894 *Tongue Twisters Big Book: For Speech Clarity & Fun* Nilam Pathak,2019-07-11 A small percentage of people have clear pronunciation in oral communication Everyone knows about its importance but are unable to put required efforts to improve their pronunciation in their spoken language Most people also lack the required tools and techniques to bring clarity in their speech This book would act as one of the tools to bridge the gap to achieve exceptional oratory from basic or below average levels
