Emotions and Virtues in Feature Writing Jennifer Martin, 2021-03-22 This book provides an important and original way of understanding how journalists use emotion to communicate to readers posing the deceptively simple question how do journalists make us feel something when we read their work Martin uses case studies of award winning magazine style features to illuminate how some of the best writers of literary journalism give readers the gift of experiencing a range of perspectives and emotions in the telling of a single story Part One of this book discusses the origins and development of narrative journalism and introduces a new theoretical framework the Virtue Paradigm and a new textual analysis tool the Virtue Map Part Two includes three case studies of prize winning journalism demonstrating how the Virtue Paradigm and the Virtue Map provide fresh insight into narrative journalism and the ongoing conversation of what it means to live well together in community Football Fans, Rivalry and Cooperation Christian Brandt, Fabian Hertel, Sean

Huddleston, 2017-04-21 Football is undoubtedly the sport with the largest following in the world attracting billions of fans across the globe These fans play an integral part in determining the identity of the football club they support Many studies have focused on the intense rivalry between clubs their fans and the opposing identities they represent However little attention has been paid to examples of cooperation between rival fans This book is the first to explore antagonistic cooperation in football the idea that rival fans can work together despite their animosity With examples from Argentina Brazil Germany Mexico Croatia Poland Turkey Ukraine the UK the US and Zimbabwe this book brings together case studies on rival fans working together and explores how and why such cooperation takes place Showcasing original research from a team of international football scholars it sheds new light on the social and political complexities of contemporary football fan culture *Football Fans Rivalry and Cooperation* is fascinating reading for anybody with an interest in football studies the sociology of sport sport and politics or sport and social theory **America's Underdog Gangsters** G-Code, 2011-06-10 This project is delivered from my experiences and visions My life my movie from the master mind tactic s to street

On Point! Captain (Ret.) Robert Johnson,2020-11-13 It is an honor to write a recommendation for Captain Johnson s book We worked together for several years planning and plotting to reduce the flow of contraband into our prison Lee Correctional Institution At all times he was fully professional in his dealings with both inmates and staff by his example modeling for us how to be better Captain Johnson s book is on point as he would like to say in three ways It tells in horrifying detail the assault on him at his home then puts the assault in the context of the contraband market An inmate group found him simply too effective to be allowed to continue his work This context is the second value of his book it educates readers about the dangers of cell phones in prison and the link of the contraband trade back to the neighborhoods in which we live The third focus of his book is education Step by step he takes the reader into a cell search pointing out the mistakes that veteran and rookie COs could make and offering his own tricks for a thorough search It is certain that new hires coming through basic training could use this book as their guide both to learning about contraband as well as learning about professionalism in corrections Captain Johnson delivers his best in a prison in a classroom and in our community Margaret Jean Bell author of the novel Prison Grits Schlüssel zu den Uebungen im syntaktischen Theile Clairmont's vollständiger englischer Sprachlehre ...
