The Gospel of Judas, Second Edition Rodolphe Kasser, Marvin Meyer, Gregor Wurst, Francois Gaudard, 2008-06-17 For 1 600 years its message lay hidden When the bound papyrus pages of this lost gospel finally reached scholars who could unlock its meaning they were astounded Here was a gospel that had not been seen since the early days of Christianity and which few experts had even thought existed a gospel told from the perspective of Judas Iscariot history s ultimate traitor And far from being a villain the Judas that emerges in its pages is a hero In this radical reinterpretation Jesus asks Judas to betray him In contrast to the New Testament Gospels Judas Iscariot is presented as a role model for all those who wish to be disciples of Jesus and is the one apostle who truly understands Jesus Discovered by farmers in the 1970s in Middle Egypt the codex containing the gospel was bought and sold by antiquities traders secreted away and carried across three continents all the while suffering damage that reduced much of it to fragments In 2001 it finally found its way into the hands of a team of experts who would painstakingly reassemble and restore it The Gospel of Judas has been translated from its original Coptic to clear prose and is accompanied by commentary that explains its fascinating history in the context of the early Church offering a whole new way of understanding the message of Jesus Christ

Sanatana Dharma and Plantation Hinduism (Second Edition Volume 2) Ramesh Gampat, 2020-01-06 Christian Missionaries worked hard to convert immigrants Their first order of business was to denigrate Hinduism designate Hindus as heathen and disparage their culture food and even attire Immigrants stubbornly resisted led by the tiny educated elite including Brhmaas whom we call Brahmins Conversion was a failure at least up to the end of the 19th century but picked up a self generating momentum thereafter The result is that the share of Hindus in Guyana s Indian population declined from 83 5 percent in 1880 to 62 8 percent in 2012 The largest portion of the contraction was lost to Christianity The loss notwithstanding even a casual observer would conclude that Guyanese Hindus at home and in the Diaspora are a very religious people Many of us do a jhandi or havan once annually others do the more elaborate and costlier yaj a where everyone is welcome once or twice in their lifetime Most of us do a short daily puja prayers offerings reading the stras and listening to bhajan in our homes An important but perhaps unintended way immigrants countered conversion to Christianity

was an unplanned movement towards a synthesis that brought Hindus regardless of caste or sect under a unitary form of Hinduism. The synthesis began around the 1870s and was completed by the 1930s to the 1950s. Guyanese Hindus call the unified corpus of religious beliefs and practices that emerged from the synthesis Sanatana Dharma. Ramesh Gampat labels it Plantation Hinduism in this path-breaking book. The book argues that the brand of Hinduism practiced is inconsistent with Sanatana Dharma called Vedanta by the more philosophically inclined. Plantation Hinduism features an extraordinary dependence upon purohiths/pandits which has anaesthetized the Hindu mind and render him unable to think question and inquire when it comes to Dharma. Rituals and bhakti have been degraded and turned into desire motivated worship. Devats have been misconstrued as Brahman rather than as limited manifestation of the one non dual pure Consciousness. Belief in the multiplicity of gods encourages image worship and superstitions anchor Guyanese Hindus to tradition and mere belief. Plantation Hinduism is little more than desire motivated actions, dogmas and superstitions. Absent is the idea that Sanatana Dharma is a spiritual science no less scientific than hard sciences such as physics and astronomy. The central message of Vedanta is the innate divinity of every person and the freedom to realize that divinity through anubhava, direct personal experience of Supreme Reality.

Now and Then 2nd Edition Bob Maddison, 2012-09-05. Lost civilizations. Origins of mankind. Why does mankind seem to need religion? Why is there so much confusion and mental indigestion manifest among not only rank and file mankind but also actively demonstrated by the academics? After all, does it really matter who built the pyramids of Egypt? Or when they were built? Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions? So who or what is god? Is it Jehovah, Allah, Krishna or Enlil? Or perchance it is a fiction? And what does it matter or avail if we understand the true origins of man or not? If we cannot correctly understand who and what mankind is, how can we ever know and understand what angels, demons, gods, God or aliens are? Is it that we are the aliens and this was not our earth?
