Bethel University. (2013). *Creating APA style annotated bibliographies*, 6th edition. Retrieved from <https://www.bethel.edu/library/research/apa-annobib-sixth.pdf>

This is an excellent resource for creating annotated bibliographies in APA format, 6th edition. It offers guidelines for writing annotations and a sample annotated bibliography.

Bisignani, D., & Brizee, A. (2013, March 10). *Annotated bibliographies*. Retrieved from <https://owl.english.purdue.edu/owl/resource/614/01/>

These authors from Purdue University's Online Writing Lab present a brief definition of an annotated bibliography and a description of the important elements to include in one. They also provide many examples in various formats, each with detailed explanations. This is a good reference for how to develop an "annotation" for any researcher. (Please note: It is not standard APA procedure to include the month and day of publication; however, because this site is continually updated, March 10, 2013, indicates the last date the information was edited.)

Eckstein, D. (2011). Reflections on an 18-year adventure writing for "For Couples" *Family Journal* column: An annotated bibliography. *The Family Journal: Counseling and Therapy for Couples and Families*, 19(2), 204-211. doi:10.1177/1066480711400568

This article illustrates how annotated bibliographies can be used in academic journals. Because it is a longer bibliography, the author chose to organize the references thematically, using subheadings to separate the different subjects covered in the references. All references are set in APA format, making this article a nice example of an annotated bibliography in APA.

Women Writers of the First World War: An Annotated Bibliography Sharon Ouditt, 2002-01-22 They also serve who only stand and wait. The idea of there being a women's writing during the First World War is often dismissed. The war, the story goes, was a masculine domain and as women did not fight it is also assumed that they were excluded from a war experience. This bibliography challenges that view by listing and annotating hundreds of published books, articles, memoirs, diaries, and letters written by women during the First World War. Included are Virginia Woolf, Katherine Mansfield, G. B. Stern, Brenda Girvin, known and unknown autobiographers and diarists, writers of pro and anti-war propaganda, journal and magazine articles, literary, cultural, and historical criticism.

An International Annotated Bibliography of Strindberg Studies 1870-2005: General studies Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known. These include his prose fiction and poetry, his work as an historian and natural historian, and his relationship to the other arts, most notably his painting. It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre, and some more ephemeral material, all of this in several languages. Organised generically and by subject, and individual work, the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods. It is thus very much a study in reception as well as a bibliographical record of published material. It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years, and with frequent cross-reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity. The bibliography is published in three parts. Volume 2: The Plays 978 0 947623 82 1 and Volume 3: Prose, Poetry, Miscellaneous 978 0 947623 83 8 are also now available. Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia, Norwich.

Augustine and Literature Robert Peter Kennedy, Kim Paffenroth, John Doody, 2006-01-01 The influence of Christianity on literature has been great throughout history, as has been the influence of the great Christian Augustine. Augustine and Literature explores Augustine's influence on literature from the Middle Ages to the present day and discusses the implications of expressing Augustine's religious themes both in literature and in more directly theological works.

Gilbert, Susan Gubar, 2007 Long the standard teaching anthology the landmark Norton Anthology of Literature by Women has introduced generations of readers to the rich variety of women's writing in English **American Biography** Carl Rollyson, 2006-02-22 This collection of reviews selected from Rollyson's New York Sun column is as much about the romance of biography as it is about the American lives Certain concerns resonate throughout the book the American left's failure to reckon with Communist subversion McCarthyism and Stalinism the problematic nature of authorized biography the history of American biography definitive biographies literary biography the differences between autobiography and biography the importance of interviews in biographies of contemporary figures the differences between history and biography comparative biographies the virtues of short biographies and of biographies for children the tendency of biographers to fictionalize and of novelists to biographize psychology and biography Rollyson's own experience as a biographer and the way biographers treat one another's work Too many biographers he believes evince no interest in the biographical tradition Concerned only with possession of their subjects their proprietorial attitude deforms not only their biographies but also the genre itself If biography is reviewed badly receiving hardly more than a summary of the subject's life with a perfunctory nod to the biographer it is because the biographical tradition has been disregarded or discounted This book in other words has been written on the behalf of biography a genre that still awaits a full vindication

Female Icons Carl Rollyson, 2005-06-07 This volume represents more than twenty five years of writing about female icons and biography Rollyson provides the bits and pieces that resulted not only in his biography of Marilyn Monroe but also in much of the work he has subsequently done on Lillian Hellman Martha Gellhorn Rebecca West Susan Sontag and on the nature of biography itself This book includes a selection of Rollyson's New York Sun book reviews dealing with female icons such as Mary Stuart Mary Wollstonecraft The Brontës Marie Curie Harriet Tubman Zelda Fitzgerald and Sylvia Plath Rollyson's writing about icons has provoked him to question the process by which selves are defined Discovering the shaping mechanisms of the self is simultaneously a way of understanding how biographies are built In the end this book should be of interest not merely to devotees of Monroe Sontag and other icons but also to anyone curious about the nature of biography and the biographer *Documentary Film* Carl Rollyson, 2006-11-28 *Documentary Film Contexts and Criticism* is designed to complement Rollyson's *Documentary Film A Primer* The films discussed in this volume include *Zelig* the Lumière brothers documentaries *Nanook of the North* *The Man With a Movie Camera* *Triumph of the Will* *Olympia* *The Wonderful Horrible Life of Leni Riefenstahl* *Why We Fight* *Fires Were Started* and several Jill Craigie films including an extended discussion of *Two Hours From London* her controversial examination of the Balkan wars and the siege of Dubrovnik What sets this text apart from other studies of documentary is that it includes a wide array of student comments on the films and reviews very much centered in discussions of the documentary tradition In this same vein Rollyson has included his essay *Jill Craigie and the*

Documentary Tradition exploring her relationship with John Grierson and other prominent documentary filmmakers This dialogic text captures some of the actual give and take of the classroom and the range of opinion that even the best critics cannot convey What should emerge from the reading of these comments are the different voices mindsets through which the films are viewed

Amy Lowell Among Her Contemporaries Carl Rollyson, 2010-01-07 This engaging collection of essays restores Amy Lowell's rightful place in the history of American literature Carl Rollyson author of several major literary biographies corrects the distorted and often hostile accounts of Lowell that have appeared in biographies of D H Lawrence Robert Frost Ezra Pound and other writers who collaborated with her in establishing the new poetry as an integral part of post World War I American culture For the first time a well rounded portrait of Lowell emerges to contradict the malicious and inaccurate reports of her public and private life Especially notable is Rollyson's discussion of Lowell's friendships with women who wrote memoirs about the poet that contradict the sort of prejudice leveled against her by Pound and his circle of writers and critics Rollyson's brief but revealing discussions of Lowell's poetry and his inclusion of the full texts of key poems makes this volume an authoritative introduction for new readers of one of the 20th century's important writers And Rollyson's meticulous analysis of several literary biographies also makes a contribution to the study of contemporary life writing

Lives of the Novelists Carl Rollyson, 2005-10 Is there a right way to write a literary life In this collection of columns from the New York Sun Carl Rollyson explores the relationship between narrative and literary analysis Should biographies be written in the style and form of novels How to balance the life and the work How much literary criticism can a biography absorb into its narrative Rollyson proposes a number of apologies for biography including the thought that in the right hands the literary biography is a continuation not only of the writer's work and life In such instances there seems to be a symbiosis between biographer and subject In other cases biographies spearhead the rediscovery of important writers He rejects the idea that literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject's life to no good purpose is another canard this book demolishes The pieces here also expose the genre's weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors' work Rollyson invents a term biographology in order to discuss the biographical tradition

Wells's socio-political thought on the subjects of imperialism, humankind's treatment of other animals, and unquestioning faith in military technology and the continuation of the human species. This edition's appendices include other related writings by Wells, selected correspondence, contemporary reviews, excerpts from works that influenced the novel, and from contemporary invasion narratives and photographs of examples of Victorian military technology.

Confessions of a Serial Biographer
Carl Rollyson, 2016-03-09
Some critics rank biographers just above serial murderers. The author of this book, a self-described member of the Samuel Johnson school, doesn't share this view. An account of a life he believes should adhere to the truth as the biographer sees it, not to the sentiments of others. This memoir of a professional biographer's life tells the inside story of how he became interested in his subjects and reveals the mechanics of the trade: how to assemble proposals for publishers, conduct interviews and archival research, and joust with editors, subjects, and their literary estates. Other biographers have described their process but remained discrete, not wishing to offend their sources and supporters. This author has forgone such caution.
