Reiki The Healing Touch First And Second Degree Manual:

Reiki William Lee Rand,1991 Reiki is a technique for stress reduction which is also claimed to promote healing It is said to create many beneficial effects including relaxation and feelings of peace security and well being The technique is thought to have originated in Tibet but was rediscovered by a Japanese Buddhist early in the 20th century This revised edition includes the history of Reiki and describes several successful approaches to integrate Reiki into patient care Also included are pictures of the Usui memorial in Tokyo and of Mount Kurama where Reiki was discovered **Reiki** William Lee Rand,1997 Usui Reiki Level Two Manual Francine Milford,2009-05-03 Continue your journey into the Usui Reiki system of natural healing with this Level Two Manual Discover the three symbols of level two training along with how to give a chair treatment create an energy ball and so much more *Reiki: Universal Gift of God's Healing Love Level I and II Training Manual* Eileen Curteis,2011 After seventeen years as a practitioner and teacher of Reiki Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door People of all ages and traditions have come seeking their healing and finding it as Eileen did when she first embarked on this foreign road that soon became home to her Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us and that the gift of Reiki is able to activate it In her training manual Eileen brings with her a core community of Reiki practitioners from different traditions and backgrounds that journey alongside her and recognize as she does the simplicity wonder and beauty of God s universal gift for our time The healing stories are too numerous to count but she does include specific testimonials within her training manual that speak for the thousands of others who have been healed through the doorway of Reiki In this way Eileen s Level I and II training manual becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner Written with inspiration and clarity Eileen takes the reader on an amazing journey into the dynamic world of the inner self Like a fresh current of air she presents her material in an appealing and easily digestible manner The uniqueness of Eileen s Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold In this way Eileen shows how the revered eastern practice of Reiki discovered by Dr Mikao Usui a Japanese Buddhist in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other At the same time she shows how this simple profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully Others go away from the treatment or training feeling restored refreshed and renewed Reiki the universal Life Force Energy of God is not a new invention or modern day fad Its roots are planted deep in ancient history In the Old Testament Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time Even science and the world of medicine are looking at this
