explores its connections to other art forms such as photography drama and literature American Dreams, Suburban Nightmares: Suburbia as a Narrative Space between Utopia and Dystopia in Contemporary American Cinema Melanie Smicek, 2014-10 The suburban landscape is inseparable from American culture Suburbia does not only relate to the geographical concept but also describes a cultural space incorporating people's hopes for a safe and prosperous life Suburbia marks a dynamic ideological space constantly influenced and recreated by both the events of everyday life and artistic discourse Fictional texts do not merely represent suburbia but also have a decisive role in the shaping of suburban spaces The widely held idealized image of suburbia evolved in the 1950s Today reality deviates from the concept of suburbs projected back then due to e.g. high divorce rates and an increase of crime Nevertheless the nostalgic view of the suburbs as the Promised Land has survived Postwar critics object to this perception considering the suburbs rather as depressing landscapes of mass consumption conformity and alienation This book exemplifies the dualistic representation of suburbs in contemporary American cinema by analyzing Pleasantville The Truman Show and American Beauty It examines how utopian concepts of suburbia are created culturally and psychologically in the films and how the underlying anxieties of the suburban experience visualized by the dystopian narratives challenge this ideal Contemporary China Tamara Jacka, Andrew B.
