Religion And The New Immigrants Continuities And Adaptations In Immigrant Congregations:

Religion and the New Immigrants Helen Rose Fuchs Ebaugh, 2000 New immigrants _those arriving since the Immigration Reform Act of 1965_ have forever altered American culture and have been profoundly altered in turn Although the religious congregations they form are often a nexus of their negotiation between the old and new they have received little scholarly attention Religion and the New Immigrants fills this gap Growing out of the carefully designed Religion Ethnicity and the New Immigration Research project Religion and the New Immigrants combines in depth studies of thirteen congregations in the Houston area with seven thematic essays looking across their diversity The congregations range from Vietnamese Buddhist to Greek Orthodox a Zoroastrian center to a multi ethnic Assembly of God presenting an astonishing array of ethnicity and religious practice Common research questions and the common location of the congregations give the volume a unique comparative focus Religion and the New Immigrants is an essential reference for scholars of immigration ethnicity and American religion

Intersections of Religion and Migration Jennifer B. Saunders, Elena Fiddian-Qasmiyeh, Susanna Snyder, 2016-09-28 This innovative volume introduces readers to a variety of disciplinary and methodological approaches used to examine the intersections of religion and migration A range of leading figures in this field consider the roles of religion throughout various types of migration including forced voluntary and economic They discuss examples of migrations at all levels from local to global and critically examine case studies from various regional contexts across the globe The book grapples with the linkages and feedback between religion and migration exploring immigrant congregations activism among and between religious groups and innovations in religious thought in light of migration experiences among other themes The contributors demonstrate that religion is an important factor in migration studies and that attention to the intersection between religion and migration augments and enriches our understandings of religion Ultimately this volume provides a crucial survey of a burgeoning cross disciplinary interreligious and global area of study

Religion, Families, and Health Christopher G. Ellison, Robert A. Hummer, 2010 This book is a compilation of population based research on the relationships of religion to family life and health

Sociology of Religion William A. Mirola, Michael O. Emerson, Susanne C Monahan, 2015-09-16 A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U S Sociology of Religion A Reader 2e is ideal as either a standalone reader or supplement to the text written by the same author team Why Religion Matters Based on both classic and contemporary research in the sociology of religion this reader highlights a variety of research methods and theoretical approaches It explores the ways in which religious values beliefs and practices shape the world outside of church synagogue or mosque walls while simultaneously being shaped by the non religious forces operating in that world

The African Diaspora and the Study of Religion T. Trost, 2007-12-25 This book focuses on the location of the religious heritage of Africa within the academic study of religion including indigenous African religions African Christianities African American

forms of Islam the religions of African Americans Afro Caribbean religions and Afro Brazilian religions **Canadian Pentecostalism** Michael Wilkinson,2009-02-01 One of the most significant transformations in twentieth century Christianity is the emergence and development of Pentecostalism With over five hundred million followers it is the fastest growing movement in the world An incredibly diverse movement it has influenced many sectors of Christianity flourishing in Africa Latin America and Asia and having an equally significant effect on Canada Bringing together a previously scattered and somewhat hidden literature Canadian Pentecostalism provides the first comprehensive overview of the subject The collection is broad in focus examining classical Pentecostalism charismatic movements in the Roman Catholic and mainline Protestant traditions and neo Pentecostalism Contributing authors examine historical debates about the origins of the movement the response of Pentecostalism to institutionalization and globalization and the roles of women indigenous peoples and immigrants within the Canadian movement **Christianity Across Borders** Gemma Tulud Cruz,2021-07-29 This book offers a comprehensive exploration of key issues in contemporary global migration and considers the theological implications for Christianity in general and for Christian faith and practice in various parts of the world in particular Migrant Christians who make up the majority of believers on the move and in diaspora play an increasingly vital role in world Christianity today Drawing on cases from across the globe Gemma Tulud Cruz considers how Christians are faced with immense gifts and tremendous challenges brought by the ever increasing presence of migrants in their midst and the conditions that characterize contemporary global migration Migrant Christians themselves face multiple challenges which have been made more stark by the coronavirus pandemic The volume will be relevant to scholars of religion and of migration who are interested in a closer examination of what happens to Christians and Christianity faith communities and nation states in the age of migration The Oxford Handbook of Religious Conversion Lewis Ray Rambo,Charles E. Farhadian,2014 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion **The New African Diaspora in North America** Kwadwo Konadu-Agyemang,Baffour K. Takyi,John A. Arthur,2006-01-01 The New African Diaspora in North

America brings together sociologists social workers geographers economists anthropologists and others to explore the African immigrant experience from a multi disciplinary perspective The contributors shed light on the factors behind the increasing wave in African immigration to the U S and Canada the socio economic characteristics of African immigrants their spatial distribution obstacles and contributions Despite their increasing presence African immigrant groups in the U S and Canada have engendered relatively little scholarly research on their pre and post migration experience This collection helps fill that void and will be valuable reading for anyone interested in African Diaspora studies *Dynamics in the History of Religions Between Asia and Europe* Volkhard Krech, Marion Steinicke, 2011-11-25 The conference volume of the Bochumer Kolleg Dynamics in the History of Religions between Asia and Europe outlines the thesis that religion is not a homogeneous cultural phenomenon but a dense network of diachronically and synchronically differing traditions *Emerging Voices, Urgent Choices*, 2006-02-01 The strength of U S Hispanic churches is an untold story documented in Emerging Voices Urgent Choices Essays on Latino a Religious Leadership In this pioneering volume experts from various disciplines examine the remarkable contribution of Hispanic churches to U S society and the challenges their leaders face in serving the country s growing Latino population Chapters analyze success stories in Latino a ministry specific issues for Catholic leadership and Protestant denominations and the political and community serving activities of diverse congregations Together the essays demonstrate how Hispanic churches of every denomination are generating social capital in neglected communities The book updates previous research on religion that largely ignores U S Latino as and adds a new dimension to Latino Studies scholarship by recognizing the important role that religion plays in Hispanic life Contributors are Rebecca Burwell Jackson W Carroll Kenneth G Davis Gast n Espinosa Mary L Gautier Mark M Gray Andrew Hern ndez Edwin I Hern ndez Philip E Lampe Adair Lummis Melissa D Mauldin Milagros Pe a Marciana Popescu Juan Carlos Rivera and Amy L Sherman **International Handbook on the Economics of Migration** Amelie F. Constant, Klaus F. Zimmermann, 2013-09-30 This is an extremely impressive volume which guides readers into thinking about migration in new ways In its various chapters international experts examine contemporary migration issues through a multitude of lenses ranging from child labor human t **Sense of the Faithful** Jerome P. Baggett, 2009 For this work Jerome Baggett conducted 300 intensive interviews with members of six parishes to explore all aspects about whether American Catholics are really so nonchalant about how they integrate the ancient devotional practices of Catholicism with the everyday struggles of the modern world *The Legitimation Crisis of the Orthodox Church in the United States* Cezara O. Crisan, 2019-09-13 As immigration and religion remain important topics in contemporary social political and academic debates The Legitimation Crisis of the Orthodox Church in the United States From Assimilation to Incorporation analyzes the assimilation and incorporation of contemporary Eastern European Christian immigrants into American society by using the theory of the legitimation crisis This book illustrates how these immigrants perceive the role and meaning of the Church and the extent to which they embrace the Americanization of this institution

Crisan explores the Orthodox Church's willingness to respond to the changes in the composition of its immigrant churchgoers and their needs in a context where the Church must choose between promoting its traditional religious message and supporting the ethnic identity of its congregation *The Migration Conference Abstracts Book* The Migration Conference Team, 2022-09-07 The Migration Conference is the largest international annual academic event on migration with a global scope and participation Participants of the TMC2022 Rabat have come from all around the world presenting and discussing migration Researchers from over 70 countries have presented their work at the Conference The conference entertained 3 plenary sessions 6 panel discussions 4 workshops and 1 movie screening over four days 8 sessions were held in French and Arabic while 6 sessions in Spanish and 3 sessions were in Turkish The topics covered in the conference included integration acculturation migration policy and law labour markets theory and methods in migration studies culture communication climate change conflicts insecurities media gender remittances high skilled migration and several other key topics Several sessions have focused on migration in Morocco and North Africa www.migrationconference.net [migrationevent fb me](https://www.facebook.com/migrationevent) [MigrationConference Email migrationscholar gmail com](mailto:MigrationConference@gmail.com)

Congregations in America Mark Chaves, 2009-07-01 This book provides a comprehensive overview of the most significant form of collective religious expression in America local congregations Among its more surprising findings the book reveals that despite media focus on the political and social activities of religious groups the arts are far more central to the workings of congregations [The SAGE Handbook of the Sociology of Religion](#) James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context

religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009 **2009 SANACS Journal** Isaac,Russell Yee,2009-11-25 *People and Land* Jione Havea,2019-11-06 Empires rise and expand by taking lands and resources and by enslaving the bodies and minds of people Even in this modern era the territories geographies and peoples of a number of lands continue to be divided occupied harvested and marketed The legacy of slavery and the scapegoating of people persists in many lands and religious institutions have been co opted to own land to gather people to define proper behavior to mete out salvation and to be silent The contributors to *People and Land* writing from under the shadows of various empires from and in between Africa Asia the Americas the Caribbean and Oceania refuse to be silent They give voice to multiple causes to assess and transform the usual business of theology and hermeneutics to expose and challenge the logics and delusions of coloniality to tally and demand restitution of stolen commodified and capitalized lands to account for the capitalizing touristy and forced movements of people and to scripturalize the undeniable ecological crises and our responsibilities to the whole life system watershed This book is a protest against the claims of political and religious empires over land people earth minds and the future

Christianity and Migration Peter C. Phan,Oxford Editor,2025-10-07 This book essays a not the Christian theology of migration The phenomenon of human migration that is the movement of people to and settlement temporary or permanent in a new area or country its causes and reasons and its historical anthropological social political legal and cultural dimensions have been widely studied and reasonably well understood and the next chapter will discuss them in detail By contrast theology as an academic discipline seems least capable of illuminating this human phenomenon It appears to most people outside the church and its educational institutions to be at best an esoteric subject and at worst a convoluted and useless mumbo jumbo especially when liberally sprinkled with Greek and Latin phrases Why not leave the study of migration to scholars in history sociology anthropology economics politics and law who albeit no less infected with highfalutin language than theologians do at least try to offer practical policies and effective strategies either for or against immigration Provided by publisher
