The Oxford Handbook of Religion and the American News Media Diane Winston, 2012-09-06 Whether the issue is the rise of religiously inspired terrorism the importance of faith based NGOs in global relief and development or campaigning for evangelical voters in the U S religion proliferates in our newspapers and magazines on our radios and televisions on our computer screens and increasingly on our mobile devices Americans who assumed society was becoming more and more secular have been surprised by religions rising visibility and central role in current events Yet this is hardly new the history of American journalism has deep religious roots and religion has long been part of the news mix Providing a wide ranging examination of how religion interacts with the news by applying the insights of history sociology and cultural studies to an analysis of media faith and the points at which they meet *The Oxford Handbook of Religion and the American News Media* is the go to volume for both secular and religious journalists and journalism educators scholars in media studies journalism studies religious studies and American studies Divided into five sections this handbook explores the historical relationship between religion and journalism in the USA how religion is covered in different media how different religions are reported on the main narratives of religion coverage and the religious press Publisher's website

A Democratic Approach to Religion News

Ahmed Topkev,2024-03-26 This book introduces the first systematic and unified four dimension democratic approach to newspaper religion reporting It explores the coverage of faith with a particular focus on Christianity and Islam in the British and Turkish national press The results of framing analysis conducted through content analysis of 1 022 news articles reveal that in both countries alongside the contrasting portrayals of the minority religions even the dominant religions had a disproportioned employment of the four dimensions spiritual world life political and conflict It contributes to scholarship not only empirically but also theoretically and methodologically with its theoretical and methodological contribution surpassing its empirical findings As such it will transcend geographical and temporal boundaries making it appealing and relevant to an international audience of academics professionals and students in the fields of journalism religion democracy media communication society and culture as well as individuals from various backgrounds Religion and the News Owen Gower,2016-04-08 In Religion and the News journalists and religious leaders reflect on their interactions with one another and their experiences of creating news Through a series of original contributions leading practitioners shed light on how religious stories emerge into the public domain Experienced journalists and religious representatives from different faith traditions critically consider their role in a rapidly evolving communicative environment Aimed at journalists faith representatives religious leaders academics and students this book offers a timely exploration of the current state of religious news coverage and makes an original contribution to the emerging media religion and culture literature as well as to media and communication studies Religion and the News presents insights from leading journalists and religious leaders many well known figures writing openly about their experiences Contributors include Jolyon Mitchell Director of the Centre for Theology and Public Issues Edinburgh University Christopher Landau Religious Affairs Correspondent BBC World Service Andrew Brown The Guardian Professor Lord Harries of Pentregarth former Bishop of Oxford Dr Indarjit Singh Director of the Network of Sikh Organisations Rabbi Dr Jonathan Romain Director Jewish Information and Media Service Imam Monawar Hussain Muslim Tutor Eton College Charlie Beckett Director Polis Ruth Gledhill Religion Correspondent The Times Catherine Pepinster Editor The Tablet Riazat Butt Religious Affairs Correspondent The Guardian Professor the Worshipful Mark Hill QC Barrister and Fellow Centre for Law and Religion Cardiff University The Routledge Handbook of Religion and Journalism Kerstin Radde-Antweiler,Xenia Zeiler,2020-10-29 The Routledge Handbook of Religion and Journalism is an outstanding reference source to the key topics challenges past and present global issues and debates in this exciting subject The first collection of its kind this volume comprises over 25 chapters by a team of international contributors This Handbook is divided into five parts each taking global developments in the field into account Theoretical Reflections Power and Authority Conflict Radicalization and Populism Dialogue and Peacebuilding Trends Within these sections central issues debates and developments are examined including religious and secular press ethics globalization gender datafication differentiation journalistic religious literacy race and religious extremism This volume is essential reading for students and researchers in

journalism and religious studies This Handbook will also be very useful for those in related fields such as sociology communication studies media studies and area studies **Encyclopedia of American Journalism** Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies *Religion and Media in America* Anthony Hatcher, 2018-05-25 Covering topics ranging from the Moral Monday movement to Christian films and performers Religion and Media in America is a qualitative study of the ways in which religion has been woven into American popular and civic culture This book explores how Christianity both adapts to and is affected by new media forms Its six chapters address religious activism government imposition of religiosity into secular culture religious entertainment Bible translations marketed as consumer goods and how religious satire comes from both religious and secular sources Recommended for scholars and students interested in media studies film studies religion communication American history American studies political science and popular culture *Media Portrayals of Religion and the Secular Sacred* Kim Knott, Elizabeth Poole, 2016-04-29 Is it true that Christianity is being marginalised by the secular media at the expense of Islam Are the mass media Islamophobic Is atheism on the rise in media coverage Media Portrayals of Religion and the Secular Sacred explores such questions and argues that television and newspapers remain key sources of popular information about religion They are particularly significant at a time when religious participation in Europe is declining yet the public visibility and influence of religions seems to be increasing Based on analysis of mainstream media the book is set in the context of wider debates about the sociology of religion and media representation The authors draw on research conducted in the 1980s and 2008-10 to examine British media coverage and representation of religion and contemporary secular values and to consider what has changed in the last 25 years Exploring the portrayal of Christianity and public life Islam and religious diversity atheism and secularism and popular beliefs and practices several media events are also examined in detail the Papal visit to the UK in 2010 and the ban of the controversial Dutch MP Geert Wilders in 2009 Religion is shown to be deeply embedded in the language and images of the press and television and present in all types of coverage from news and documentaries to entertainment sports reporting and advertising A final chapter engages with global debates about religion and media **Media Bias** Wm. David Sloan, Jenn Burleson Mackay, 2016-03-24 In this book

scholars examine the many prevailing arguments about media bias from a non polemical perspective Essays cover individual forms of bias including ideology politics television photography religion abortion homosexuality gender race crime environment region military corporate ownership labor and health Each essay introduces the topic presents arguments for and against the specific bias assesses the evidence for all arguments and includes a list of suggested readings Two additional essays discuss the broader aspects of the bias debate and give a personal perspective on reporting the controversial Israeli Palestinian conflict Instructors considering this book for use in a course may request an examination copy here

Evangelical News Anja-Maria Bassimir, 2022-05-24 This work is an innovative treatise on the evangelical magazine market during the 1970s and 1980s and how it sustained religious community and ideology Bassimir argues that community can be produced in discourse especially when shared rhetoric concepts and perspectives signal belonging The 1970s and 1980s were a tumultuous period in United States history In suit with a dramatic political shift to the right evangelicalism also entered the public discourse as a distinct religious movement and was immediately besieged by cultural appropriations and internal fragmentations This was also a time when Americans in general and evangelicals in particular grappled with issues and ideas such as feminism and legal abortion restructuring traditional roles for women and the family The Watergate Crisis and the newly emerging Christian Right also threw politics into turmoil During this time there was a surge of readership for evangelical magazines such as Christian Today Moody Monthly Eternity and Post Americans Sojourners While each of these magazines and many other publications contributes to and participates in the overall dissemination of evangelical ideology they all also have their own outlooks and political leanings when it comes to hot button issues Evangelical Visions through a thoroughly researched lens makes important correctives to common understandings of evangelical discourse particularly regarding the key political initiatives of the religious right Bassimir demonstrates that within the pages of these periodicals evangelicals hashed out a number of competing views on feminism abortion reproductive technologies and political involvement itself To accomplish this Evangelical Visions traces the emergence of evangelical social and political awareness in the 1970s to the height of its power as a political program The chapters in this monograph also delve into such topics as how evangelicals re envisioned gender norms and relations in light of the feminist movement and the use of childhood as a symbol of unspoiled innocence and the pure potential of humanity Presently most accounts of evangelicalism cite evangelical magazines only very selectively and virtually no studies make substantive use of those magazines as objects of investigation Bassimir s Evangelical Visions makes a much needed contribution to our understanding of evangelicalism in the late twentieth century by providing a nuanced picture of a religious subculture that is too often reduced to caricature This study is located at the intersection of history religious studies and media studies and will appeal to scholars and students of all of these fields

The Media and Religious Authority Stewart M. Hoover, 2016-09-01 As the availability and use of media platforms continue to expand the cultural visibility of religion is on the rise leading to questions about religious authority

Where does it come from How is it established What might be changing it The contributors to *The Media and Religious Authority* examine the ways in which new centers of power and influence are emerging as religions seek to brand themselves in the media age Putting their in depth incisive studies of particular instances of media production and reception in Asia Africa Latin America and North America into conversation with one another the volume explores how evolving mediations of religion in various places affect the prospects aspirations and durability of religious authority across the globe An insightful combination of theoretical groundwork and individual case studies *The Media and Religious Authority* invites us to rethink the relationships among the media religion and culture The contributors are Karina Kosicki Bellotti Alexandra Boutros Pauline Hope Cheong Peter Horsfield Christine Hoff Kraemer Joonseong Lee Alf Linderman Bah yyah Maroon Montr Aza Missouri and Emily Zeamer with an afterword by Lynn Schofield Clark

Teaching Religion and Film Gregory J Watkins, 2008-08-22 In a culture increasingly focused on visual media students have learned not only to embrace multimedia presentations in the classroom but to expect them Such expectations are perhaps more prevalent in a field as dynamic and cross disciplinary as religious studies but the practice nevertheless poses some difficult educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In *Teaching Religion and Film* an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way

The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene

[Practicing Religion in the Age of the Media](#) Stewart M. Hoover, 2002 Focusing on the crossover between the sacred and the secular this volume gathers the work of media experts religious historians sociologists of religion and authorities on American studies and art history

The

^A Disappearing God Gap? Corwin Smidt, Kevin den Dulk, Bryan Froehle, James Penning, Stephen Monsma, Douglas

Koopman,2010-02-08 In this book a team of well regarded scholars digs deeper to examine the role religion played in the 2008 campaign They take a long view placing the election in historical context and looking at the campaign as a whole from the primaries through all the way through election day At the heart of their analysis is data gleaned from a national survey conducted by the authors in which voters were interviewed in the spring of 2008 and then re interviewed after the election

Reading Religion in Text and Context Elisabeth Arweck,Peter Jeffrey Collins,2006 To what extent is religion inherently textual What might the term textual mean in relation to religious faith and practice These are the two key questions addressed by the eleven thought provoking essays collected in this volume Accounts of the content and structure of sacred texts are commonplace The rather more adventurous aim of this book is to disclose within the context of religion the various ways in which meaning can be read of more or less obviously sacred writing and from discourses such as the body the built and natural environment drama and ritual Media, Home and Family Stewart M. Hoover,Lynn Schofield Clark,Diane F. Alters,2012-09-10 Based on extensive fieldwork this book examines how parents make decisions regulating media use and how media practices define contemporary family life **Mass Media** James B. Martin,2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes Christian Ideals in British Culture D. Nash,2013-05-07 This book offers a challenge to conventional histories of secularisation by focusing upon the importance of central religious narratives These narratives are changed significantly over time but also to have been invested with importance and meaning by religious individuals and organisations as well as by secular ones
