Mass Communications Research Resources Christopher Sterling, James K. Bracken, Susan M. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates

publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible

The Gods of Televangelism Janice Peck,1993 This work provides a critical interpretive study of two religious programmes The 700 Club and The Jimmy Swaggert Telecast and examines their appeal by situating them within the history of American religion and culture

Consciousness Creating, Raising, and Sustaining Communication in the Independent Fundamentalist Rhetoric of the Reverend Jerry Falwell Paul William Oehlke,1988

Modern American Popular Religion Charles H. Lippy,1996-01-19 Lippy makes a case for the importance of exploring popular religion if one is to understand the dynamics of modern religious life The first annotated bibliography on the subject this work features over 550 entries topically arranged Lippy provides a critical assessment of the state of the study of popular religion including an examination of theoretical materials that wrestle with trying to define precisely what popular religion is This book is of interest to scholars students and anyone concerned with understanding today s religion The bulk of the work consists of critical annotations of books articles and dissertations that deal with various aspects of popular religion in the United States from 1870 to the present The topics covered include background studies biographical works titles dealing with fundamentalism and evangelicalism expressions of popular religion in the arts the use of mass media and personal spirituality The work is of great importance as long as Americans engage in the human quest to make sense out of their own experience and look beyond themselves to a supernatural realm that will assist them in ordering their lives

Media Eleanor S. Block,James K. Bracken,1991 **Christian Communication** ,1989-09-26 The rise of the fundamental
religious broadcasters in the United States has triggered an intense popular interest in mediated Christianity and prompted
the traditional churches to reexamine their own policies toward mass communication The ensuing dramatic increase in the
number of studies on the subject has prompted a corresponding need for a comprehensive index of valuable materials
Christian Communication is the first wide ranging annotated bibliography of available books articles theses and dissertations
in English French German Spanish and Italian that deals with all forms and aspects of Christian communication even comic
books and the computer The bibliographies for this collection were drawn from several sources including the Library of
Congress several important computerized databases manual searches of such institutions as the Billy Graham Center and the
Graduate Theological Union among others and references in dissertations Most importantly only accessible items which
could be checked and reviewed by Soukup and his research staff have been included here The volume is arranged to
maximize ease of access and use and is based on the general academic division of communication studies The first chapter
contains an introduction cross referenced to the bibliographies that reviews the history of church communication the major
issues that characterize it and suggests possibilities for future study Next a resource chapter lists periodicals which address
specific areas of religious communication or frequently published articles of interest cites bibliographic guides to the
material and surveys directories of both personnel working in the field of Christian communication and of catalogs of
relevant materials The following seven chapters contain the major bibliographical sections that review communication theory
history rhetoric interpersonal communication mass communication intercultural communication and other media The volume
closes with helpful name title and subject indexes that make this guide thoroughly user friendly and an important research
tool for church communicators theological students and communications scholars working in philosophical or qualitative
areas
