Remarried With Children Questions And Answers For Happier Stepfamilies:

Remarried With Children Stephen H. Wilson, M. Karen Kegelmeier, Alan Dupre-Clark, 1992-05-01 **Stepfamilies** James H. Bray, John Kelly, 1999-04-20 Based on a landmark longitudinal study the nation's leading expert on stepfamilies reveals his breakthrough findings and offers the first detailed guide to easing the conflicts of stepfamily life and healing the scars of divorce There are more than twenty million stepfamilies in America For most of them the simple daily issues that challenge every family are even more anxiety provoking After conducting a comprehensive nine year long study funded by the National Institutes of Health Dr James H Bray has written an invaluable book that explains why over half of all stepfamilies fail and reveals the strategies that help the others succeed A stepfamily is assaulted on all sides by difficult and often divisive questions How much control should a stepparent have over a stepchild How much authority should a nonresidential parent exert over a child How should a difficult former spouse be handled How does an ours baby change the emotional dynamic in a stepfamily Why is there a lack of honeymoon effect during the first years of stepfamily life The purpose of Stepfamilies is to answer all the important questions of stepfamily life to fill in the knowledge gaps that undermine so many stepfamilies today and crucially to learn the effect of stepfamily life on children Based on one of the largest and longest studies of stepfamily life ever conducted Stepfamilies interweaves the stories of real families to illustrate such study findings as how a stepfamily has its own natural life cycle a stepfamily takes several years to develop into a family unit a stepfamily is at greatest risk during the first two years a stepfamily ultimately coalesces into one of three forms a stepfamily must solve four basic tasks in order to succeed a stepfamily can help heal the scars of divorce Filled with emotional gripping stories Bray's findings pinpoint the three major transitions in stepfamily life and identify the riskiest issues that can throw a family into crisis Bray is the first to identify the several distinct forms that stepfamilies take and to explore which types of stepfamilies are more vulnerable than others and why He also describes the natural life cycle of stepfamilies and basic tasks all stepfamilies must undertake to succeed With a wealth of insight into the positive effects of remarriage Bray shows how a loving well functioning stepfamily can lessen the trauma of divorce and restore a child's and family's sense of security Most stepparents remarry with the highest hopes and new resolutions for a better life Never before have their unique needs been addressed in depth Through insightful case studies and practical advice Stepfamilies reveals how a strong stable stepfamily is as capable as a nuclear family of nurturing healthy development of imbuing values of setting limits and boundaries and of providing a structure in which rules for living a moral and productive life are transmitted tested rebelled against and ultimately affirmed Bray's positive message and fascinating findings many of which defy intuition will put stepfamilies on the road to lifelong harmony **Making Adult Stepfamilies Work** Grace Gabe, Jean Lipman-Blumen, 2005-08 If you are among the growing number of families in which adults with grown children have remarried later in life you are probably familiar with the conflicts and complicated emotional dynamics that can result

Parents expect that remarrying will be easier because the children are grown up But the reality is that these remarriages can cause painful struggles between parents and their adult children Based on in depth research by a psychiatrist and a sociologist Step Wars trains a revealing lens on the sources of these conflicts and teaches the skills required to manage them Topics include Your Children and Mine Can They Ever Become Ours What Will Happen to the Family Home Who Should Inherit My Property Managing Financial Conflict Between Generations Health and Illness Thank Heaven the Caretaker Is on Duty The Grandchildren Pawns or Bridges Written for both the couple getting married as well as their adult children Step Wars is a road map for happily surviving remarriage later in life

Remarriage and Stepparenting Kay Pasley, Marilyn Ihinger-Tallman, 1987-10-05 Since the mid 1970 s the texture of modern society has been changed dramatically by the increasing presence of the stepfamily No longer considered the exception to the norm the stepfamily has been thrust into the mainstream by a 50% divorce rate combined with a high incidence of remarriage According to some estimates 35% of children born in the 1980 s will experience stepfamily living by the time they reach the age of 18 Although interest in remarriage and stepfamily relationships is growing the literature often takes the form of popular work or anecdotal accounts with minimal data This volume provides a much needed overview of current research and theory in the field It stems from a series of meetings sponsored by the Society for Research in Child Development and funded by the Foundation for Child Development The nine scholars who participated in the year long study group along with two others prominent in the field have produced a work which explores the intricacies of remarriage and stepfamily living from a variety of perspectives How do divorce and remarriage determine parent s adjustment and parent child relationships How are the boundaries set within this new family form What are the dynamics between biological and step parents both within the newly created nuclear family and within the linked family units those tied together for life by their common children This comprehensive volume sheds new light on these issues and more including the relatively untouched area of stepsibling relationships It incorporates findings from five recent research studies providing data not available elsewhere The contributors also examine the stepfamily within historical social and cultural contexts from changing demographics to stepfamily stereotypes They cast a critical eye on current literature in the field and on research methodologies providing insights on the changing nature of the stepfamily and developing conceptual frameworks for further research With so much important up to date scholarship under one cover REMARRIAGE AND STEPPARENTING TODAY is a valuable resource for researchers and clinicians in the areas of sociology psychology psychiatry and social work as well as for advanced students pursuing any of these disciplines

Stepfamilies Ellen J. Gruber, 1986

The Smart Stepfamily Ron L. Deal, 2014-05-13 Discover the Keys to a Healthy Stepfamily Leading stepfamily expert Ron L Deal reveals the seven fundamental steps to blended family success and provides

practical realistic solutions to the issues you face as a stepfamily Whether married or soon to be married you ll discover how to Solve the everyday puzzles of stepparenting and stepchildren relationships Communicate effectively with an ex spouse Handle stepfamily finances confidently Cook your stepfamily slowly rather than expect an instant blend This revised and expanded edition has updated research and two new chapters with even more real world advice on topics such as stepsibling relationships and later life stepfamilies *American Stepfamilies* William R. Beer, While statistics indicate that nearly half of all first marriages in America today terminate in divorce more than three quarters of these divorces also result in remarriage producing stepfamilies Although they have become increasingly common stepfamilies are still poorly understood by stepfamily and non stepfamily members alike This book looks at the internal and external dynamics of this new family form taking the reader through a series of case studies and examining characteristic pitfalls and opportunities The author begins by comparing the basic building block of the stepfamily the remarried couple to the first married couple In successive chapters the structure of the stepfamily is considered in terms of increasing complexity from the simplest in which one of the partners has never married before and has no children to the most complex yours and ours stepfamilies in which there are children from both previous marriages and the present one The author probes the conflicts that arise between parents and children and among stepsiblings and explores the different strategies that stepfamilies devise for resolving these tensions In the later chapters the sociohistorical origins of today s stepfamilies are traced in terms of changing values and new technologies Professor Beer argues that stepfamilies are proliferating as a result of attitudes and patterns of behavior that more than ever encourage divorce and remarriage He demonstrates on the basis of large scale evidence that stepfamilies produce children who are just as well adjusted as children brought up by both biological parents and that they will turn out to be adults who are almost as socially well adapted as those from conventional families The author concludes that stepfamilies are types of families in their own right with foreseeable difficulties and rich rewards

BIBLICAL KEYS FOR SUCCESSFUL REMARRIAGE AND BLENDED FAMILIES Dottie Klein, 2023-01-18 The timing of this book presents a sense of urgency Who can find a family today without the scars of divorce What God intended from the beginning the family has become completely distorted in today s society This book is about real answers and solutions to the family crisis today The biblical keys presented here may not be new but have rarely been followed or adhered to The premarriage classes Dottie and her husband Dan formed over thirty years ago were birthed from *A Biblical Portrait of Marriage* by Bruce Wilkinson through the Bible ministries Bruce proposed together with local clergy and court authorities to come into a covenant agreement to not join a couple in marriage before completing a structured premarriage course or counseling The result of this agreement adhered to over a ten year period produced a drop in the divorce rate by 40 percent This was significant Because of this testimony Dottie and Dan formulated premarriage classes in every church they attended from that point on Their results have been equally rewarding having very few divorces because of these marriage preparation classes From

these classes birthed the need for inclusion of blended family classes also and because Dottie and Dan had firsthand knowledge of blending their own family it was only natural to include their personal experiences The finished book in your hands now is their journey toward a successful long term marriage and workable family unit Hopefully the keys given here will prevent future family separation through divorce and become a building block for future generations Successful marriages begin with God and His foundational principles Until we are secure in Him our journey will always be unsure Trust faith perseverance and love are the only foundational principles that last Learning how to incorporate these principles is just the beginning of a secure foundation *Stepfamily Courtship* Peter K. Gerlach, MSW, 2003-03-25 What s Different about This Book This modular reference book and series for co parents and human service professionals is unique in the genre of stepfamily media for seven reasons It is the only current resource that Is based on a 30 years clinical research including over 17 000 hours consultation with over 1 000 typical divorced and stepfamily adults and some of their kids b five widespread re marital hazards and c 12 Projects to neutralize the hazards This volume Integrates six core concepts proven family systems principles and an inner family concept of human personalities linked to a definition of high nurturance families a framework of seven effective thinking and communication skills healthy three level grieving and healing blocked grief and a framework of stepfamily realities meanings and merger adjustment tasks A fifth uniqueness is that the book Provides Internet addresses to over 150 experience based stepfamily articles worksheets and other resources to augment its contents This is one of several guidebooks for a free 8 module self study course for people interested in healing and self growth Lesson 7 focuses on evolving high nurturance stepfamilies And this book is different because of My personality writing style training BSME and MSW and 72 years life experience engineering business teaching and 30 years practice of psychotherapy with hundreds of stepfamily clients My learnings from personal ACoA recovery from a low nurturance childhood since 1986 greatly influence this site and series of stress prevention guidebooks And I have many years of personal experience as a stepgrandson adult stepson stepfather of two girls and stepbrother of four and an admirer of two haughty stepcats *Families in Context* Gene H. Starbuck, Karen Saucier Lundy, 2015-11-17 The most thoroughly updated edition yet this book offers students perspectives of changes in marriage and family over time including the impact of the Great Recession and of new media technologies A hallmark of Families in Context remains the well researched data driven quality of the text Beyond presenting thoroughly updated statistics and literature each chapter examines new trends and assesses their implications for students lives The underlying presentation remains balanced theoretically grounded and accessible to a wide variety of classes allowing students of all ages and family backgrounds to draw their own conclusions about controversial topics Features of the new edition include coverage of the Affordable Care Act new social media and families the latest trends in poverty education social mobility gender identities and healthcare updated In the News features and author created PowerPoint slides

Children Today ,1979 *The Remarriage Blueprint* Maggie Scarf, 2014-08-12 It is estimated that forty percent of new

marriages are remarriages but the survival rate of second marriages is alarmingly low Many remarrying couples set out with a sense of optimism a belief that this marriage will usher in a life of happiness and family unity But complicated family dynamics can often strain new partnerships to the breaking point The challenges of remarriage are pervasive but little guidance has existed until now Based on more than a decade of candid revelatory interviews this book provides a crucial framework for the obstacles to re marriage and the secrets to overcoming them The author plumbs the everyday workings of shared life to illuminate the emotional preconceptions social pressures and perpetuated fantasies that confound re marriage Through cautionary tales and stories of hope the author offers guidance for handling everything from children who reject the new family dynamic to the thorny issue of money Loaded with practical wisdom and searing accounts this is a definitive roadmap to a happy thriving integrated household

Families Alex Liazos, 2015-12-03 Unlike other family textbooks that mostly emphasize conflicts and problems this book also features the joys and pleasures of family living and its mutually nourishing qualities Its perspective reflects polls surveys and student essays indicating that most people value their families Families everywhere provide love support and sustenance to their members but they do so in many different arrangements Understanding the wide variety of families historically and across cultures gives the student a better basis for understanding how families change and a better grasp of more controversial changes such as the gradual acceptance by Westerners of same sex marriage and child rearing by single people Liazos offers two poignant chapters not found in other texts Family Living Chapter Six focuses on the social value of caregiving and family meals Kin and Community Chapter Seven focuses on relationships among kin and the larger community
