## Remembering James Agee:

*Remembering James Agee* David Madden, 1974      *Remembering James Agee* David Madden, Jeffrey Jay Folks, 1997

Novelist poet screenwriter journalist film critic and cult hero James Agee was a man of many talents This collection examines Agee's achievements from the perspective of family members friends and contemporaries to create a multifaceted portrait of a dynamic and influential man Included are recollections and commentary from Agee's widow his lifelong friend and teacher Father Flye his editor David McDowell and other notables including John Huston Andrew Lytle and Walker Evans with whom Agee collaborated on *Let Us Now Praise Famous Men* For this edition the editors have added new insights from such luminaries as Robert Fitzgerald Dwight Macdonald and Frederick Manfred along with Agee critics Scott Bates Edward Carlos James Lee Edwin M Sterling and William Stott In addition editor Jeffrey J Folks has contributed a new preface outlining the state of Agee criticism in the years since the first edition was published in 1974 With liveliness and candor *Remembering James Agee* evokes the life and personality of a writer and critic who holds a unique place in American letters      *James Agee and the Legend of Himself* Alan Spiegel, 1998

James Agee's literary reputation has grown enormously since his death in 1955 He wrote novels short stories poetry film criticism screenplays and investigative journalism but these accomplishments earned him only a modest public reputation during his brief life Ironically Agee's greatest recognition as a writer came posthumously when his novel *A Death in the Family* won the Pulitzer Prize In *James Agee and the Legend of Himself* Alan Spiegel examines these accomplishments and treats Agee not simply as a celebrity journalist or Depression writer but as a self-interrogating literary artist who created a homemade legend from his earliest family memories sifting his experience through an automythology composed of his mother his father and himself      *Intellectuals Incorporated* Robert Vanderlan, 2011-06-06

Publishing tycoon Henry Luce famously championed many conservative causes and his views as a capitalist and cold warrior were reflected in his glossy publications Republican Luce aimed squarely for the Middle American masses yet his magazines attracted intellectually and politically ambitious minds who were moved by the democratic aspirations of the New Deal and the left Much of the best work of intellectuals such as James Agee Archibald MacLeish Daniel Bell John Hersey and Walker Evans owes a great debt to their experiences writing for Luce and his publications *Intellectuals Incorporated* tells the story of the serious writers and artists who worked for Henry Luce and his magazines *Time* *Fortune* and *Life* between 1923 and 1960 the period when the relationship between intellectuals the culture industry and corporate capitalism assumed its modern form Countering the notions that working for corporations means selling out and that the true life of the mind must be free from institutional ties historian Robert Vanderlan explains how being embedded in the corporate culture industries was vital to the creative efforts of mid-century thinkers Illuminating their struggles through careful research and biographical vignettes Vanderlan shows how their contributions to literary journalism and the wider political culture would have been impossible outside Luce's media empire By paying attention to how these

writers and photographers balanced intellectual aspiration with journalistic perspiration Intellectuals Incorporated advances the idea of the intellectual as a connected public figure who can engage and criticize organizations from within **James Agee in Context** Michael A. Lofaro, 2023-01-17 It is difficult to overestimate the impact of the many new works by James Agee uncovered and published in the last twenty years These previously unknown primary works have in turn encouraged a parallel explosion of critical evaluation and reevaluation by scholars to which James Agee in Context is the latest contribution This superb collection from well known James Agee scholars features myriad approaches and contexts for understanding the author's fiction poetry journalism and screenwriting The essays bring the reader from the streets of James Agee's New York to travel with the author from Alabama to Hollywood to Havana Contributors explore overlapping and sometimes unique subjects themes and accomplishments or lack thereof in Agee's uncovered works and highlight the diversity of interest that Agee's complete body of work inspires The insightful scholarship on influence examines connections between Agee and Wright Morris Helen Levitt John Dos Passos Ernest Hemingway and Stephen Crane Such juxtapositions serve to illustrate how Agee drew on literary influences as a young man how he used his work as a journalist to craft fiction as he was about to turn thirty and his influence upon others The volume concludes with three poems and a short story by Agee all previously unknown It seems astonishing that so much remains to be discovered about this protean author his materials and his circle Yet the recovery and analysis of neglected texts and information mined from newspapers and magazines proves the extent to which Agee kept his mind and his work as he himself put it patiently concentrated upon the essential quietudes of the human soul Rufus Paul F. Brown, 2024-01-12 One of the most gifted of America's writers James Rufus Agee 1909-1955 spent a third of his short life in Tennessee yet no biographical treatment until this one has so fully explored his roots in the state In Rufus Paul F. Brown draws deeply on a trove of journals letters interviews and contemporaneous newspaper accounts to produce a captivating portrait of Agee's boyhood Brown meticulously delineates Agee's family history his earliest years as a sensitive child growing up in Knoxville's Fort Sanders neighborhood and the traumatic event that marked his sixth year his father's death in an automobile accident Young Rufus as his family always called him revered his father and would use his memories of the tragedy to create his most enduring work of fiction the Pulitzer Prize winning *A Death in the Family* Just a few years after his father was killed Agee's mother placed him in the St Andrew's School for Mountain Boys near Sewanee Tennessee where he would meet his mentor and lifelong friend Father James Flye these experiences would inspire Agee's poignant novella *The Morning Watch* Another year in Knoxville followed and then his mother newly remarried whisked him away to New England where he would complete his education at Phillips Exeter Academy and Harvard Brown's account deftly reconstructs various settings the young Agee encountered including not only turn of the century Knoxville and St Andrew's but also the mountain hamlet of LaFollette his father's hometown and the complex family relationships that swirled around the young writer to be Brown also explores Knoxville's belated discovery of its famous son initiated when Hollywood

came to town in 1962 to film *All the Way Home* an adaptation of *A Death in the Family*. Notable commemorations including academic seminars, a public park, and a street named in Agee's honor would come later as the writer's posthumous reputation bloomed. And now with Rufus we have the definitive account of how it all began. *The Making of James Agee* Hugh Davis, 2008. Wildly productive during his short life, James Agee (1909-1955) is today perhaps best remembered as a novelist; his posthumously published *A Death in the Family* won a Pulitzer Prize in 1958, but he was also a poet, screenwriter, journalist, essayist, book reviewer, and movie critic. In *The Making of James Agee*, Hugh Davis takes a comprehensive look at Agee's career, showing the interrelatedness of his concerns as a writer. A full view of Agee's oeuvre, Davis argues, illuminates its deeply political nature as well as a debt to various sources, particularly European surrealism, that have been little noted by previous Agee scholars. Davis challenges the view of Agee that has persisted since his death: that he is best understood primarily as a romantic individualist at odds with convention and the literary mainstream, and argues that this myth was largely constructed by friends and associates who were so immersed in the tenets of modernism that they distorted Agee's work and aesthetic intent in an attempt to purify it in modernist terms. In revealing a writer of far greater complexity than the Agee myth allows, Davis explores, for example, the leftist poetry that Agee wrote in the 1930s, which was almost completely suppressed by his editors. He also throws a fresh light on Agee's collaboration with photographer Walker Evans on *Let Us Now Praise Famous Men*, and reevaluates *A Death in the Family* in light of recent scholarship that has produced an almost entirely new version of the novel, one much closer to Agee's original intentions. A much-needed corrective to the many misconceptions about Agee, Davis's study is a provocative and lucidly written work that is certain to spark new dialogues about one of the most fascinating figures in twentieth-century American literature. This collection, a harvest of a lifetime of brilliant reportage and reflection, brings together the most memorable biographical pieces John Hersey has written over the past fifty years. His subjects range from Sinclair Lewis, for whom the twenty-three-year-old Hersey was secretary, and the young John F. Kennedy, as he related to Hersey, the dramatic story of PT 109, to Private John Daniel Ramey and his efforts to overcome illiteracy with the help of the U.S. Army, and Jessica Kelley, an elderly widow trapped in a buckling tenement as the 1955 Connecticut floods raged outside. Whether describing a brisk morning stroll with President Truman or hours spent fishing for blues with Lillian Hellman, recounting Benjamin Weintraub's harrowing escape from a Nazi death camp, or Varsell Pleas's dangerous struggle for voting rights in the Mississippi of 1964, Hersey brings us face to face with some of the extraordinary events and people of the past half century. And it is with his profoundly curious and sympathetic mind and

unsurpassed journalistic eloquence that he brings each startlingly to life The skill that won Hersey a Pulitzer Prize in 1945 is more than evident an important collection of lives and their lessons The New York Times Book Review Any reader not already a fan of Hersey s will be swayed by the richness of this collection Hersey s legion of admirers will merely be gratified and moved again and again The cumulative force of these essays is amazing Kirkus Reviews *An Economy of Abundant Beauty* Michael Augspurger,2004 We have made a breakthrough from an economy of scarcity to an economy of abundance Henry Luce noted more than twenty years after founding Fortune magazine Can we make the breakthrough from an economy of abundance to an economy of abundant beauty Michael Augspurger s attractively illustrated book examines Fortune s surprising role in American struggles over artistic and cultural authority during the Depression and the Second World War The elegantly designed magazine launched in the first months of the Depression was not narrowly concerned with moneymaking and finance Indeed the magazine displayed a remarkable interest in art national culture and the literature of business Fortune s investment in art was not simply an attempt to increase the social status of business It was Augspurger argues an expression of the editors sincere desire to develop a moral capitalism Optimistically believing that the United States had entered a new economic era the liberal business minds behind Fortune demanded that material progress be translated into widespread leisure and artistic growth A thriving national culture the magazine believed was as crucial a sign of economic success as material abundance and technological progress But even as the enlightened business ideology of Fortune grew into the economic common sense of the 1950s the author maintains the magazine s cultural ideals struggled with and eventually succumbed to the professional criticism of the postwar era **Encyclopedia of American Journalism** Stephen L.
