Historical Dictionary of the Netherlands Joop W. Koopmans, 2015-11-05 The Kingdom of the Netherlands is a small but heavily populated country with almost 17 million inhabitants It is one of the last kingdoms in Europe and in 2015 it celebrated its 200 years anniversary The Netherlands became a kingdom after the Napoleonic era During this period it was transformed into a centralized state Before those years it had been one of few republics in Europe for about two centuries That state was a confederacy which emerged in the 1580s during its independence struggle against the Spanish Habsburgs Although the present state is still monarchical the Netherlands functions as a modern constitutional democracy in which the king's position is almost comparable with a ceremonial presidency The majority of the Dutch population however appreciates the hereditary political presence of the House of Orange Nassau regarding this dynasty as a symbol of national unity and

connection with the country's past This third edition of Historical Dictionary of the Netherlands contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about the Netherlands Church History James E. Bradley ,Richard A. Muller,2016 In their acclaimed much used Church History James Bradley and Richard Muller lay out guidelines methods and basic reference tools for research and writing in the fields of church history and historical theology Over the years this book has helped countless students define their topics locate relevant source materials and write quality papers This revised expanded and updated second edition includes discussion of Internet based research digitized texts and the electronic forms of research tools The greatly enlarged bibliography of study aids now includes many significant new resources that have become available since the first edition's publication in 1995 Accessible and clear this introduction will continue to benefit both students and experienced scholars in the field

Annual Bibliography of the History of the Printed Book and Libraries Dept. of Special Collections of the Koninklijke Bibliotheek,1999-08-31 This twenty seventh volume of ABHB Annual bibliography of the history of the printed book and libraries contains 5076 records selected from some 1000 periodicals the list of which follows this introduction They have been compiled by the National Committees of the following countries Arab Countries Italy Australia Latin America Austria Latvia Lithuania Belarus Belgium Luxembourg Bulgaria Mexico The Netherlands Canada Croatia Poland Estonia Portugal Finland Rumania France Russia Germany South Africa Great Britain Spain Hungary Sweden Switzerland Iceland Ukraine Ireland Israel USA Benevolent readers are requested to signal the names of bibliographers and historians from countries not mentioned above who would be willing to co operate to this scheme of international bibliographic collaboration The editor will greatly appreciate any communication on this matter Subject As has been said in the introduction to the previous volumes this bibliography aims at recording all books and articles of scholarly value which relate to the history of the printed book to the history of the arts crafts techniques and equipment and of the economic social and cultural environment involved in its production distribution conservation and description Of course the ideal of a complete coverage is nearly impossible to attain However it is the policy of this publication to include missing items as VIII INTRODUCTION much as possible in the forthcoming volumes The same applies to countries newly added to the bibliography

Guide to American Directories Barry T. Klein,2001-02

The Theory and Criticism of Virtual Texts Lory Hawkes,Joe Law,Christina Murphy,2000-11-30 Virtual texts have emerged within the realm of the Internet as the predominant means of global communication As both technological and cultural artifacts they embody and challenge cultural assumptions and invite new ways of conceptualizing knowledge community identity and meaning But despite the pervasiveness of the Internet in nearly all aspects of contemporary life no single resource has cataloged the ways in which numerous disciplines have investigated and critiqued virtual texts This bibliography includes more than 1500

annotated entries for books articles dissertations and electronic resources on virtual texts published between 1988 and 1999 Because of the multiple contexts in which virtual texts are studied the bibliography addresses virtual communication across a broad range of disciplines and philosophies It encompasses studies of the historical development of virtual texts investigations of the many interdisciplinary applications of virtual texts and discussions of such legal issues as privacy and intellectual property Entries are arranged alphabetically within topical chapters and extensive indexes facilitate easy access
