

MINING TECHNIQUES FOR STREAMING DATA

Manal Mansour and Manal Abdullah

Department of Information Systems, King Abdulaziz University, Jeddah, Saudi Arabia

ABSTRACT

The huge explosion in using real time technology leads to infinite flow of data which known as data streams. The characteristics of streaming data require different techniques for processing due its volume, velocity and volatility, beside issues related to the limited storage capabilities. Hence, this research highlights the significant aspects to consider when building a framework for mining data streams. It reviews the methods for data stream summarizing and creating synopsis, and the approaches of processing these data synopsis. The goal is to present a model for mining the streaming data which describes the main phases of data stream manipulation.

KEYWORDS

Data Stream, Data Mining, Data Synopsis, Information.

1. INTRODUCTION

The amounts of the existed data globally almost reached to 64 zettabytes by the end of 2020, and the forecasts indicate that it will grow to 175 zettabytes by the end of 2025 [1]. This is encouraging the data mining to become an integral part in many sectors such as businesses, financial, medical, manufacturing, media, and many others. It helps to extract knowledge that improve several processes like decision making, goals defining, customer personalizing, decreasing risk and fraud.

The great interest in data mining leads to produce new data mining techniques that could process huge infining data flows that come from different sources such as sensors, network traffic, call center records, social media posts, ATM and credit card operations, web searches, etc. All these sources produce continuous sequences of massive data that generated in high speed rate and known as data stream [2].

A data stream consists of infinite sequence of elements that keep flowing with high speed rate. Every element of a stream is a pair of (X_i, T_i) , where X_i is a dimensional vector arrives at time stamp T_i . The time stamp identifies when the element occurred [3]. Mining such type of data streams is a continuous process of extracting knowledge and valuable insights from infinite and rapid data signals. The main goal is to predict the class or the value of the new elements using machine learning techniques such as clustering, classification, regression, etc [2].

Data stream is much related to the Big Data concept, since the big data comes as result of streaming the data. The continuous flow of fast data causes too large volume of data which is known as big data. It is important to clarify that streaming data growth and produce big data, but it is not necessary that all big data comes from data stream. Big data usually reflects data of pet mode even if it was petabytes while streaming data reflects data that in motion mode which need a different technology to handle it [3].

Research Issues In Data Engineering Stream Data Mining And Applications Proceedings:

Proceedings of the Third International Conference on Trends in Information, Telecommunication and Computing Vinu V. Das, 2012-09-14 Third International Conference on Recent Trends in Information Telecommunication and Computing ITC 2012 ITC 2012 will be held during Aug 03 04 2012 Kochi India ITC 2012 is to bring together innovative academics and industrial experts in the field of Computer Science Information Technology Computational Engineering and Communication to a common forum The primary goal of the conference is to promote research and developmental activities in Computer Science Information Technology Computational Engineering and Communication Another goal is to promote scientific information interchange between researchers developers engineers students and practitioners Advanced Data Mining and Applications Xue Li, Shuliang Wang, 2005-07-12 This book constitutes the refereed proceedings of the First International Conference on Advanced Data Mining and Applications ADMA 2005 held in Wuhan China in July 2005 The conference was focused on sophisticated techniques and tools that can handle new fields of data mining e g spatial data mining biomedical data mining and mining on high speed and time variant data streams an expansion of data mining to new applications is also strived for The 25 revised full papers and 75 revised short papers presented were carefully peer reviewed and selected from over 600 submissions The papers are organized in topical sections on association rules classification clustering novel algorithms text mining multimedia mining sequential data mining and time series mining web mining biomedical mining advanced applications security and privacy issues spatial data mining and streaming data mining

Proceedings, ... International Workshop on Research Issues in Data Engineering, 2005 **Advanced Data Mining and Applications** Shuigeng Zhou, Songmao Zhang, George Karypis, 2012-12-09 This book constitutes the refereed proceedings of the 8th International Conference on Advanced Data Mining and Applications ADMA 2012 held in Nanjing China in December 2012 The 32 regular papers and 32 short papers presented in this volume were carefully reviewed and selected from 168 submissions They are organized in topical sections named social media mining clustering machine learning algorithms and applications classification prediction regression and recognition optimization and approximation mining time series and streaming data Web mining and semantic analysis data mining applications search and retrieval information recommendation and hiding outlier detection topic modeling and data cube computing Data Mining for Bioinformatics Sumeet Dua, Pradeep Chowriappa, 2012-11-06 Covering theory algorithms and methodologies as well as data mining technologies Data Mining for Bioinformatics provides a comprehensive discussion of data intensive computations used in data mining with applications in bioinformatics It supplies a broad yet in depth overview of the application domains of data mining for bioinformatics to help readers from both biology and computer science backgrounds gain an enhanced understanding of this cross disciplinary field The book offers authoritative coverage of data mining techniques technologies and frameworks used for storing analyzing and extracting knowledge from large databases in the bioinformatics domains

including genomics and proteomics It begins by describing the evolution of bioinformatics and highlighting the challenges that can be addressed using data mining techniques Introducing the various data mining techniques that can be employed in biological databases the text is organized into four sections Supplies a complete overview of the evolution of the field and its intersection with computational learning Describes the role of data mining in analyzing large biological databases explaining the breath of the various feature selection and feature extraction techniques that data mining has to offer Focuses on concepts of unsupervised learning using clustering techniques and its application to large biological data Covers supervised learning using classification techniques most commonly used in bioinformatics addressing the need for validation and benchmarking of inferences derived using either clustering or classification The book describes the various biological databases prominently referred to in bioinformatics and includes a detailed list of the applications of advanced clustering algorithms used in bioinformatics Highlighting the challenges encountered during the application of classification on biological databases it considers systems of both single and ensemble classifiers and shares effort saving tips for model selection and performance estimation strategies

Challenges In Information Technology Management - Proceedings Of The International Conference James Nga Kwok Liu, Ronnie Chu Ting Cheung, Man-chung Chan, 2008-05-14 This volume contains some research papers from the International Conference on Information Technology and Management organized by the Hong Kong Polytechnic University in conjunction with the Institute of Systems Management ISM It comprises 30 selected and refereed papers in the development of enabling technologies electronic commerce and knowledge management and IT systems and applications These papers feature the results of the latest research in the areas of information systems enabling technologies and business management as well as potential applications in industries including education finance logistics medical tourism and IT services

Exploring Advances in Interdisciplinary Data Mining and Analytics: New Trends Taniar, David, Iwan, Lukman Hakim, 2011-12-31 This book is an updated look at the state of technology in the field of data mining and analytics offering the latest technological analytical ethical and commercial perspectives on topics in data mining Provided by publisher

Handbook of Research on Scalable Computing Technologies Li, Kuan-Ching, Hsu, Ching-Hsien, Yang, Laurence Tianruo, Dongarra, Jack, Zima, Hans, 2009-07-31 This book presents discusses shares ideas results and experiences on the recent important advances and future challenges on enabling technologies for achieving higher performance Provided by publisher

Frequent Pattern Mining Charu C. Aggarwal, Jiawei Han, 2014-08-29 This comprehensive reference consists of 18 chapters from prominent researchers in the field Each chapter is self contained and synthesizes one aspect of frequent pattern mining An emphasis is placed on simplifying the content so that students and practitioners can benefit from the book Each chapter contains a survey describing key research on the topic a case study and future directions Key topics include Pattern Growth Methods Frequent Pattern Mining in Data Streams Mining Graph Patterns Big Data Frequent Pattern Mining Algorithms for Data Clustering and more Advanced level students in computer science researchers and practitioners

from industry will find this book an invaluable reference Web Information Systems Engineering - WISE 2005 Anne H.H. Ngu,2005-11-04 This book constitutes the proceedings of the 6th International Conference on Web Information Systems Engineering WISE 2005 held in New York NY USA in November 2005 The 30 revised full papers and 20 revised short papers presented together with 18 poster papers were carefully reviewed and selected from 259 submissions The papers are organized in topical sections on Web mining Web information retrieval metadata management ontology and semantic Web XML Web service method Web service structure collaborative methodology P2P ubiquitous and mobile document retrieval applications Web services and e commerce recommendation and Web information extraction P2P grid and distributed management and advanced issues The presentation is rounded off by 14 industrial papers and the abstracts of 4 tutorial sessions Proceedings of the Multi-Conference 2011 Himanshu B. Soni,Apurva Shah,2011-06-06 The International Conference on Signals Systems and Automation ICSSA 2011 aims to spread awareness in the research and academic community regarding cutting edge technological advancements revolutionizing the world The main emphasis of this conference is on dissemination of information experience and research results on the current topics of interest through in depth discussions and participation of researchers from all over the world The objective is to provide a platform to scientists research scholars and industrialists for interacting and exchanging ideas in a number of research areas This will facilitate communication among researchers in different fields of Electronics and Communication Engineering The International Conference on Intelligent System and Data Processing ICISD 2011 is organized to address various issues that will foster the creation of intelligent solutions in the future The primary goal of the conference is to bring together worldwide leading researchers developers practitioners and educators interested in advancing the state of the art in computational intelligence and data processing for exchanging knowledge that encompasses a broad range of disciplines among various distinct communities Another goal is to promote scientific information interchange between researchers developers engineers students and practitioners working in India and abroad *Data and Applications Security XVII* Sabrina De Capitani di Vimercati,Ray Indrakshi,Indrajit Ray,2006-04-11 Security and privacy are paramount concerns in information processing systems which are vital to business government and military operations and indeed society itself Meanwhile the expansion of the Internet and its convergence with telecommunication networks are providing incredible connectivity myriad applications and of course new threats *Data and Applications Security XVII* Status and Prospects describes original research results practical experiences and innovative ideas all focused on maintaining security and privacy in information processing systems and applications that pervade cyberspace The areas of coverage include Information Warfare Information Assurance Security and Privacy Authorization and Access Control in Distributed Systems Security Technologies for the Internet Access Control Models and Technologies Digital Forensics This book is the seventeenth volume in the series produced by the International Federation for Information Processing IFIP Working Group 11.3 on Data and Applications Security It presents a selection of

twenty six updated and edited papers from the Seventeenth Annual IFIP TC11 WG11 3 Working Conference on Data and Applications Security held at Estes Park Colorado USA in August 2003 together with a report on the conference keynote speech and a summary of the conference panel The contents demonstrate the richness and vitality of the discipline and other directions for future research in data and applications security Data and Applications Security XVII Status and Prospects is an invaluable resource for information assurance researchers faculty members and graduate students as well as for individuals engaged in research and development in the information technology sector

Database and Expert Systems

Applications Pablo García Bringas,2010-08-18 This book constitutes the refereed proceedings of the 21 International Conference on Database and Expert Systems Applications DEXA 2010 held in Bilbao Spain August 30 September 3 2010 The 45 revised full papers and 36 short papers were carefully reviewed and selected from 197 submissions The papers are organized in topical sections on Web Semantics and Ontologies Information Integration and Process Modeling Streams and Multimedia Databases Data Management Algorithms and Performance Decision Support Systems and Performance Data Streams XML Databases Programming Language and Cooperative Work Query Processing and Optimization Data Privacy and Security Temporal Spatial and High Dimensions Databases Semantic Web and Ontologies

Web Communities Yanchun Zhang,Jeffrey Xu Yu,Jingyu Hou,2006-03-28 Due to the lack of a uniform schema for Web documents and the sheer amount and dynamics of Web data both the effectiveness and the efficiency of information management and retrieval of Web data is often unsatisfactory when using conventional data management techniques Web community defined as a set of Web based documents with its own logical structure is a flexible and efficient approach to support information retrieval and to implement various applications Zhang and his co authors explain how to construct and analyse Web communities based on information like Web document contents hyperlinks or user access logs Their approaches combine results from Web search algorithms Web clustering methods and Web usage mining They also detail the necessary preliminaries needed to understand the algorithms presented and they discuss several successful existing applications Researchers and students in information retrieval and Web search find in this all the necessary basics and methods to create and understand Web communities Professionals developing Web applications will additionally benefit from the samples presented for their own designs and implementations

Information Security and Ethics: Concepts, Methodologies, Tools, and Applications

Nemati, Hamid,2007-09-30 Presents theories and models associated with information privacy and safeguard practices to help anchor and guide the development of technologies standards and best practices Provides recent comprehensive coverage of all issues related to information security and ethics as well as the opportunities future challenges and emerging trends related to this subject

Research Issues In Data Engineering Stream Data Mining And Applications Proceedings Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Research Issues In Data Engineering Stream Data Mining And Applications

Proceedings free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Research Issues In Data Engineering Stream Data Mining And Applications Proceedings free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Research Issues In Data Engineering Stream Data Mining And Applications Proceedings free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Research Issues In Data Engineering Stream Data Mining And Applications Proceedings. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Research Issues In Data Engineering Stream Data Mining And Applications Proceedings any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Research Issues In Data Engineering Stream Data Mining And Applications Proceedings Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Research Issues In Data Engineering Stream Data Mining And Applications Proceedings is one of the best book in our library for free trial. We provide copy of Research Issues In Data Engineering Stream Data Mining And Applications Proceedings in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Research Issues In Data Engineering Stream Data Mining And Applications Proceedings. Where to download Research Issues In Data Engineering Stream Data Mining And Applications Proceedings online for free? Are you looking for Research Issues In Data Engineering Stream Data Mining And Applications Proceedings PDF? This is definitely going to save you time and cash in something you should think about.
