Research Advances In Alcohol And Drug Problems Vol2:

Research Advances in Alcohol and Drug Problems Reginald G. Smart, Howard D. Cappell, Frederick B Glaser, Yedy Israel, Harold Kalant, Robert E. Popham, Wolfgang Schmidt, Edward M. Sellers, 2013-03-13 This volume is the eighth in the Research Advances Series and the fifth published by Plenum Press The purpose of the series is to review new work in rapidly changing fields We do not expect reviews to cover the whole field of work on alcoholism and addiction Nor do we expect that they will be like annual reviews covering all work in a delimited field Our reviews are designed to explore only the most exciting parts of the total field and to focus on conclusions that can be made about them The series publishes one volume each year Volume 8 is an omnibus rather than a theme volume in that a wide range of topics is covered including research on alcohol opiates and tobacco As usual the greater emphasis is on alcohol research reflecting the importance of the problem and the volume of work to be reviewed With Volume 8 come some changes in the Editorial Board It will be the last volume in the series for Robert E Popham who has resigned from the Board He has been with the series since its inception and has contributed a great deal to its development The members of the Board are grateful for his help We are adding two new members Dr Howard Cappell whose field is experimental psychology and Dr Edward M Sellers in clinical medicine and pharmacology

Handbook of Empirical Social Work Practice, Volume 2 John S. Wodarski, Bruce A. Thyer, 1998-01-29 Covers key social problems and practice related issues The last two decades in social work have seen tremendous strides in field research from the development of improved research designs to more accurate methods of problem measurement and outcome analysis Drawing upon these significant advances the two volume handbook of Empirical Social Work Practice brings together empirically validated interventions for many of the psychosocial problems most frequently encountered by social workers in their daily practice Unlike other books in the field that employ a theory based approach to treatment this handbook focuses on the best supported methods of helping clients with particular problems irrespective of theoretical biases offering clinicians a valuable compendium of practice guidelines for treatment Edited and authored by recognized experts in the field the Handbook of Empirical Social Work Practice is clearly written and organized for easy reference Volume Two covers key social problems and practice related issues including Crime homelessness and unemployment Domestic violence and sexual abuse Family conflict and preservation Practice approaches for older clients Empirically based supervision With information that is at once accessible and up to date the Handbook of Empirical Social Work Practice is a vital source of guidance for today's clinical social workers and other practicing mental health professionals as well as students One of the best tools to promote the values of the social work profession is that of empirical social work practice Telling the truth is one of these values and discovering the truth is something that empirical research is very good at This book presents credible reviews of contemporary empirical literature pertaining to selected behavioral affective and intellectual disorders and their psychosocial assessment and treatment That such a book is now possible is a striking

affirmation of the merits of the approach to social work called empirical clinical practice from the Handbook of Empirical Social Work Practice **Recent Developments in Alcoholism** Marc Galanter, 2013-11-11 From the President of the Research Society on Alcoholism The field of alcohol research has been slowly but continuously evolving taking into its domain an ever increasing array of scientific disciplines This series is designed to fill the need for a review publication that covers the broad range of research into alcohol actions and alcoholism Research in alcohol concerns social epidemiological and legal concerns in addition to biomedical and behavioral topics to greater degree than research with many other drugs A publication devoted to alcohol research should serve the broadest existing research community but perhaps more important it should also provide a means to recruit new investigators with fresh approaches to the field We can and must demonstrate that legitimate high quality research is being done but we must also highlight the opportunity for new workers to make a real impact on the problem The Research Society on Alcoholism seeks to provide such a service not only through this publication but also through other activities Richard A Deitrich Ph D **Special Report to the U.S. Congress on Alcohol & Health from the Secretary of Health, Education, and Welfare** United States. Royce, 1996 **Evaluating Alcohol and Drug Abuse Treatment Effectiveness** Linda Carter Sobell, Mark B. Sobell, Elliott Ward, 2013-10-22 Evaluating Alcohol and Drug Abuse Treatment Effectiveness Recent Advances is a collection of papers that covers the advancement in rehabilitation of individuals with a history of substance abuse The title aims to find ways in identifying the treatment that best fits a specific patient The text first provides a historical account of alcohol and drug treatment outcome research Next the selection considers the use of multiple measures of life health to assess alcohol treatment Chapter 3 deals with the behavioral assessment and treatment evaluation of narcotic addiction while Chapter 4 talks about the evaluation of behavioral and traditional treatment of alcoholics The fifth chapter tackles the contingency contracting with drug abusers and the sixth chapter covers the development of a prototype for the evaluation of alcohol treatment The text also details the problems in alcohol treatment along with the improvement of confidence in treatment of substance abuse The book will be of great use to behavioral scientists social workers and mental health specialists Broadening the Base of Treatment for Alcohol Problems Institute of Medicine, Committee on Treatment of Alcohol Problems, 1990-02-01 In this congressionally mandated study an expert committee of the Institute of Medicine takes a close look at where treatment for people with alcohol problems seems to be headed and provides its best advice on how to get there Careful consideration is given to how the creative growth of treatment can best be encouraged while keeping costs within reasonable limits Particular attention is devoted to the importance of developing therapeutic approaches that are sensitive to the special needs of the many diverse groups represented among those who have developed problems related to their use of man's oldest friend and oldest enemy This book is the most comprehensive examination of alcohol treatment to date **Meditation** Deane H. Shapiro (Jr.), Roger N. Walsh, Many claim that meditation is effective in the treatment of many ailments associated with stress and high blood pressure and in the management of pain While there are many popular books on meditation few embrace the science as well as the art of meditation In this volume Shapiro and Walsh fill this need by assembling a complete collection of scholarly articles Meditation Classic and Contemporary Perspectives From an academic rather than a popular vantage the volume takes the claims and counterclaims about meditation to a deeper analytical level by including studies from clinical psychology and psychiatry neuroscience psychophysiology and biochemistry Each selection is a contribution to the field either as a classic of research or by being methodologically elegant heuristically interesting or creative Original articles cover such topics as the effects of meditation in the treatment of stress hypertension and addictions the comparison of meditation with other self regulation strategies the adverse effects of meditation and meditation induced altered states of consciousness Concluding with a major bibliography of related works Meditation offers the reader a valuable overview of the state and

possible future directions of meditation research Today in the popular media and elsewhere debate continues Is meditation an effective technique for spiritual and physical healing or is it quackery Meditation Classic and Contemporary Perspectives weighs in on this debate by presenting what continues to be the most complete collection of scholarly articles ever amassed on the subject of meditation *Picoeconomics* George Ainslie,1992-04-24 Dr Ainslie examines an elementary human paradox that we are endangered by our own wishes **DACAS** ,1975 **Library Book Catalog, Author Catalog, Volume 2** United States.
