Dead-Sea Fruit: A Novel (Complete) Mary Elizabeth Braddon, The marble image of Hubert Van Eyck stood out against the warm blue sky and cast a slanting shadow across the sunlit flags The July afternoon was drawing to a close Low sunlight shone golden on the canals of Villebrumeuse and changed every westward looking window into a casement of gold Those are no common windows which look out upon the quiet streets and lonely squares of that sleepy Belgian city No handiwork of modern speculative builder is visible amid that grand old architecture no flimsy nineteenth century villa perks its tawdry head among those medi val splendours no upstart semi detached abominations of spurious Gothic picked out with rainbow coloured brick affright the eye by their hideous aspect To live in Villebrumeuse is to live in the sixteenth century A quiet calm as of the past pervades the shady streets Green trees reflect themselves in the still waters of the slow canal which creeps athwart the city and by the side of the tranquil waters there are pleasant walks o er shadowed by the umbrage of limes and wooden benches whereon the peaceful citizens may repose themselves in the evening dusk In despite of its solemn tranquillity this Villebrumeuse is not a dreary dwelling place If it has drifted from amidst the busy places of this earth if the blustrous ocean of modern progress has receded from its shores leaving it far away across a level waste of reef and sand this quiet city has at the worst been left stationary while the noisy tide sweeps on with all its tumult of success and failure its prosperous ventures and forgotten wrecks The peace which pervades Villebrumeuse is the tranquillity of slumber and not the awful stillness of death There is a jog trot prosperity in the place a comfortable air which is soothing to the world worn spirit but the wrestling and scuffling and striving and struggling of modern commerce is unknown among the quiet merchants who content themselves with supplying the simple wants of their fellow citizens in the simplest fashion And yet this city was once a mart to which the Orient brought her richest merchandise and in the days gone by these quaint old squares have been clamorous with the voices of many traders and bright with the holiday raiment of busy multitudes A young Englishman walked slowly up and down the broad flagged square across which the painter s statue cast its sombre shadow He was teacher of English and mathematics in a great public academy near at hand and his name was Eustace Thorburn For three

years he had held his post in the Villebrumeuse academy for three years he had done his duty quietly and earnestly to the satisfaction of every one concerned in the performance And yet he was something of an enthusiast and something of a poet and possessed many of those attributes which are commonly supposed to constitute a letter of license for the neglect of vulgar every day duties That was an ardent and an ambitious spirit which shone out of Eustace Thorburn s gray eyes but if the fiery sword had chafed the scabbard a little during three years of academical routine and Villebrumeuse monotony the young man had been patient and contented withal There was a public library in Villebrumeuse to which the tutor had free entrance and in the medi val chambers of this institution his leisure had been spent That dreamy idleness amongst good books had been very pleasant to him his work in the academy was endurable despite its tedious and laborious nature and he had a lurking tenderness for the quaint old city the slow canals overshadowed by green trees the simple people and the old world customs Thus if there were times when theeager spirit would fain have soared to loftier and fairer regions the young student and teacher had not been altogether unhappy since his destiny had brought him to this place to earn his bread amongst strangers Amongst strangers Were the inhabitants of this Belgian city any more strange to him than all the other inhabitants of this populous earth except the one man and woman who made the sum total of his kindred and friends Amongst strangers Why if the statue of Van Eyck could have descended from yonder pedestal to walk in the streets of the city the animated effigy could scarcely have been a lonelier creature than the young man who passed to and fro athwart the sloping shadow on the flags this July afternoon
