Organized Labor In Venezuela 1958 1991 Behavior And Concerns In A Democratic Setting

Jaime E. Rodríguez O.

Organized Labor In Venezuela 1958 1991 Behavior And Concerns In A Democratic Setting:

Organized Labor in Venezuela, 1958-1991 Steve Ellner, 1993-06 Addresses the Venezuelan exceptionalism thesis which claims that Venezuela is characterised by relative stability low levels of violence and non interventionist armed forces Ellner argues that this theory has fostered misleading perceptions of organised labour [Politics of Labor Reform in Latin America](#)

Maria Lorena Cook, 2010-11-01 **Transforming Labor-Based Parties in Latin America** Steven Levitsky, 2003-01-20 Why did some Latin American labor based parties adapt successfully to the contemporary challenges of neoliberalism and working class decline while others did not Drawing on a detailed study of the Argentine Peronism as well as a broader comparative analysis this book develops an organizational approach to party change Levitsky's study breaks new ground in its focus on informal and weakly institutionalized party structures It argues that loosely structured party organizations such as those found in many populist labor based parties are often better equipped to adapt to rapid environmental change than are more bureaucratic labor based parties The argument is illustrated in the case of Peronism a mass labor based party with a highly fluid internal structure The book shows how this weakly routinized structure allowed party reformers to undertake a set of far reached coalitional and programmatic changes that enabled Peronism to survive and even thrive in the neoliberal era **Labor Politics in Latin America** Paul W. Posner, Viviana Patroni, Jean François Mayer, 2018-08-14 Labor Politics in Latin America assesses the capacity of working class organizations to represent and advance working people's demands in an era in which capital has reasserted its power on a global scale The book's premise is that the longer term sustainability of development strategies for the region is largely connected to the capacity of working class organizations to secure a fairer distribution of the gains from growth [Historical Dictionary of Organized Labor](#) Sjaak van der Velden, 2021-04-22 From the start of its existence organized labor has been the voice of workers to improve their economic social and political positions Beginning with small and very often illegal groups of involved workers it grew to the million member organizations that now exist around the globe It is studied from many different perspectives historical economic sociological and legal but it fundamentally involves the struggle for workers rights human rights and social justice In an often hostile environment organized labor has tried to make the world a fairer place Even though it has only ever covered a minority of employees in most countries its effects on their political economic and social systems have been generally positive Despite growing repression of organized labor in recent years membership numbers are still growing for the benefit of all employees including the non members Historical Dictionary of Organized Labor Fourth Edition makes the history of this important feature of life easily accessible The reader is guided through a chronology an introductory essay 600 entries on the subject appendixes with statistical material and an extensive bibliography including Internet sites This book gives a thorough introduction into past and present for historians economists sociologists journalists activists labor union leaders and anyone interested in the development of this important issue **Revolutionizing Motherhood** Marguerite

Guzman Bouvard, 2002-01-01 *Revolutionizing Motherhood* examines one of the most astonishing human rights movements of recent years. During the Argentine junta's Dirty War against subversives, as tens of thousands were abducted, tortured, and disappeared, a group of women forged the Mothers of the Plaza de Mayo and changed Argentine politics forever. The Mothers began in the 1970s as an informal group of working-class housewives making the rounds of prisons and military barracks in search of their disappeared children. As they realized that both state and church officials were conspiring to withhold information, they started to protest, claiming the administrative center of Argentina, the Plaza de Mayo, for their center stage. In this volume, Marguerite G. Bouvard traces the history of the Mothers and examines how they have transformed maternity from a passive domestic role to one of public strength. Bouvard also gives a detailed history of contemporary Argentina, including the military's debacle in the Falklands, the fall of the junta, and the efforts of subsequent governments to reach an accord with the Mothers. Finally, she examines their current agenda and their continuing struggle to bring the murderers of their children to justice.

Polling for Democracy Roderic A. Camp, 1996 Recognizing heightened significance of Mexican public survey research, series of essays illuminates the state of Mexican polling and its impact on political liberalization. Well integrated volume. *Handbook of Latin American Studies* v 57

Argentina Joseph S. Tulchin, Allison M. Garland, 1998 Argentina has been modernizing at breakneck speed in the post-Peron post-military years. This collection of articles looks at the modernization process and includes several articles by Argentine politicians and policymakers. *Argentina: The Challenges of Modernization* analyzes the difficulties the country faces in the 1990s, over a decade after the restoration of democracy and several years after the end of the Cold War.

Border Crossings John Mason Hart, 1998-08 Includes information on Anglos, Catholic Church, Porfirio Diaz, migrants, mutual aid societies, Phelps Dodge Corporation, Rio Blanco, San Angel, San Antonio, strikes, Veracruz, women workers, etc.

Biotechnology in Latin America N. Patrick Peritore, Ana Karina Galve-Peritore, 1995 The different challenges posed by the growth of biotechnology have been keenly felt in Latin America. This work examines how biotechnology can be made to serve developing nations rather than provide another route for exploitation by First World industry.

Common Border, Uncommon Paths Jaime E. Rodríguez O., 1997 This clearly written and informative book explores effects of race and culture factors in the US-Mexican relations.

Riots in the Cities Servando Ortoll, Silvia M. Arrom, 1996-02-01 The goal of *Riots in the Cities*, editors Silvia Marina Arrom and Servando Ortoll, is to encourage Latin Americanists to rethink standard notions of urban politics before the populist era. The actual political power wielded by the underprivileged city dwellers before the twentieth century has received little scholarly attention or has been downplayed. Researchers often described urban inhabitants as having little influence over both their lives and on the politics of their day. The elite were perceived as having firm control over the political process. The seven essays in this reader analyze urban riots that broke out in major Latin American population centers between 1765 and 1910. Inspired by the works of Eric Hobsbawm and George Rudin, the authors find that the participants in these riots were far from irrational. The crowds responded to

specific social provocation and attacked property rather than people When taken together these essays challenge the notion that prior to 1910 power was strictly in the hands of the elite Lower class city residents too held strong opinions and acted on their convictions Most important their voices were not unheeded by those who officially wielded power and implemented social policies

Guerrilla Warfare Che Guevara, 2002-01-01 Che Guevara the larger than life hero of the 1959 revolutionary victory that overturned the Cuban dictatorship believed that revolution would also topple the imperialist governments in Latin America Che's call to action his proclamation of invincibility the ultimate victory of revolutionary forces continues to influence the course of Latin American history and international relations His amazing life story has lifted him to almost legendary status This edition of Che's classic work *Guerrilla Warfare* contains the text of his book as well as two later essays titled *Guerrilla Warfare A Method* and *Message to the Tricontinental* A detailed introduction by Brian Loveman and Thomas M Davies Jr examines Guevara's text his life and political impact the situation in Latin America and the United States response to Che and to events in Latin America Loveman and Davies also provide in depth case studies that apply Che's theories on revolution to political situations in seven Latin American countries from the 1960s to the present Also included are political chronologies of each country discussed in the case studies and a postscript tying the analyses together This book will help students gain a better understanding of Che's theoretical contribution to revolutionary literature and the inspiration that his life and *Guerrilla Warfare* have provided to revolutionaries since the 1960s This volume is an invaluable addition to courses in Latin American studies and political science

For la Patria Brian Loveman, 2004-09-08 Defending la patria or homeland is the historical mission claimed by Latin American armed forces *For la Patria* is a comprehensive narrative history of the military's political role in Latin America in national defense and security Latin American civil military relations and the role of the armed forces in politics like those of all modern nation states are framed by constitutional and legal norms specifying the formal relationships between the armed forces and the rest of society In actuality they are also the result of expectations attitudes values and practices evolved over centuries integral aspects of national political cultures Military institutions in each Latin American nation have resulted from that country's own blend of local and imported influences developing a distinctive pattern of civil military relations as defender of the fatherland and guarantor of security and order Written by Latin American specialist Brian Loveman *For la Patria* includes tables maps photographs and a glossary that will assist the student in better understanding the military's intervention in politics in Latin America This new text will give students a thorough and accessible history of Latin American armed forces and their actions in Latin American politics from colonial times to the present

Myths, Misdeeds, and Misunderstandings Jaime E. Rodríguez O., 1997 Contains papers from several 1992 conferences directed toward a general audience wanting to learn more about the complexities of the US Mexico relationship Contributors concentrate less on technical details and more on explanations of events and individual and national motives They focus on the Mexican experience dissecting political social and economic differences between the

countries and tracing the relationship from its beginnings to the present day Subjects include the loss of Texas from a Mexican perspective the US government versus the 1910 1917 Mexican Revolution and Mexican immigration Annotation copyrighted by Book News Inc Portland OR

Doing Business with the Dictators Paul J. Dosal, 1993-07-01 The United Fruit Company UFCO developed an unprecedented relationship with Guatemala in the first half of this century By 1944 UFCO owned 566 000 acres employed 20 000 people and operated 96% of Guatemala's 719 miles of railroad making the multinational corporation Guatemala's largest private landowner and biggest employer In *Doing Business with the Dictators* Paul J Dosal shows how UFCO built up a profitable corporation in a country whose political system was known to be corrupt His work is based largely on research of company documents recently acquired from the Justice Department under the Freedom of Information Act no other historian researching this topic has looked at these sources As a result Dr Dosal is able to offer the first documentary evidence of how UFCO acquired defended and exploited its Guatemalan properties by collaborating with successive authoritarian regimes

Based on a True Story Donald F. Stevens, 1998-07-01 Combining history with discussions of dramatic cinema *Based on a True Story Latin American History at the Movies* examines how film has portrayed Latin America from the late fifteenth century to the present The book opens with an introduction on the visual presentation of the past in the movies while the rest of the book consists of essays that explore the best feature films on Latin America from the professional historian's perspective

Peronism and Argentina James P. Brennan, 1998 Examines the history origins and contemporary directions of Peronism an important populist movement in twentieth century Latin America This volume clarifies many misconceptions about the nature of Peronism and explains how it has influenced Argentine politics and civil society

Women Through Women's Eyes June E. Hahner, 1998-08-01 The nineteenth century was a period of peak popularity for travel to Latin America where a new political independence was accompanied by loosened travel restrictions Such expeditions resulted in numerous travel accounts most by men However because this period was a time of significant change and exploration a small but growing minority of female voyagers also portrayed the people and places that they encountered *Women through Women's Eyes* draws from ten insightful accounts by female visitors to Latin America in the nineteenth century These firsthand tales bring a number of Latin American women into focus nuns market women plantation workers the wives and daughters of landowners and politicians and even a heroine of the independence movement Questions of family life religion women's labor and education are addressed in addition to the interrelationships of men and women within the structure of Latin American societies *Women through Women's Eyes* is a perceptive look at Latin American women from various walks of life during this period Within these pages the reader catches lengthy glimpses of the women on both sides of the travel accounts author and subject and thereby may examine them all and their societies close up

The Argentine Right Sandra McGee Deutsch, Ronald H. Dolkart, 1993 In *The Argentine Right Its History and Intellectual Origins* scholars of Argentine and Latin American history chart the growth of the Right from its roots in 19th century European

political theory through to the collapse of the conservative government in the 1980s The contributors describe the Right's development uneasy alliance with Peronists years of triumph and subsequent retreat to opposition status
