Origins Of The Republican Party 1852 1856

Steven Weisenburger

Origins Of The Republican Party 1852 1856:

The Origins of the Republican Party, 1852-1856 William E. Gienapp, 1987 The 1850s saw in America the breakdown of the Jacksonian party system in the North and the emergence of a new sectional party the Republicans that succeeded the Whigs in the nation's two party system This monumental work uses demographic voting and other statistical analysis as well as the more traditional methods and sources of political history to trace the realignment of American politics in the 1850s and the birth of the Republican party Gienapp powerfully demonstrates that the organization of the Republican party was a difficult complex and lengthy process and explains why even after an inauspicious beginning it ultimately became a potent political force The study also reveals the crucial role of ethnocultural factors in the collapse of the second party system and thoroughly analyzes the struggle between nativism and antislavery for political dominance in the North The volume concludes with the decisive triumph of the Republican party over the rival American party in the 1856 presidential election

Far reaching in scope yet detailed in analysis this is the definitive work on the formation of the Republican party in antebellum America Publisher description **The Origins of the Republican Party, 1852-1856** William Eugene Gienapp, 1980 [The History of the Republican Party](#) Heather Lehr Wagner, 2007 When Abraham Lincoln was elected president in 1860 he was a member of a political party that had been founded only six years earlier the Republican Party In March 1854 a group of men gathered to form a political party that reflected their concerns about

Essays on American Antebellum Politics, 1840-1860 William E. Gienapp, 1982 Writing on such subjects as voter partisanship the road to recovery and the surge of Republican power these historians reach different conclusions but essentially agree on the centrality of the party system and the importance of ethnocultural issues in the sectional conflict Besides using traditional historiographic techniques some of the authors draw upon the findings and methods of the New political history to illuminate a variety of hitherto ignored or misunderstood aspects of antebellum American politics In the process they offer a new look at some old problems and many new provocative insights into these crucial two decades of American history **Encyclopedia**

of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieouui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time

periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

Encyclopedia of U.S. Political History Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis

as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877

VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era

VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook

VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War

VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are

The Life of the Parties James Reichley, 2000 Election year 2000 is an appropriate season to reprise the first major history of American political parties in nearly forty years In this classic work James Reichley traces the decline of political parties resulting in divided government and an ineffectual political process but he also shows us what it will take to restore the party system and how it could work to revitalize our democracy For the first time in paperback *The Life of the Parties* includes updates on third party movements political cycles and realignments campaign finance reform and other recent electoral trends Citizens disillusioned by years of political disarray will find much to reflect upon in Reichley's monumental analysis of the lessons of party history and our contemporary political predicament

Words at War David B. Sachsman, S. Kittrell Rushing, Roy Morris, 2008 Analyzes the various ways in which the nation's newspaper editors reporters and war correspondents covered the biggest story of their lives the Civil War and in doing so both reflected and shaped the responses of their readers This book contains sections including *Fighting Words* *Confederates and Copperheads* and *The Union Forever*

A Revolutionary Conscience Paul E. Teed, 2012-08-16 Theodore Parker was one of the most controversial theologians and social activists in pre Civil War America A vocal critic of traditional Christian thought and a militant opponent of American slavery he led a huge congregation of religious dissenters in the very heart of Boston Massachusetts during the 1840s and 1850s This book argues that Parker's radical vision and contemporary appeal stemmed from his abiding faith in the human conscience and in the principles of the American revolutionary tradition A leading figure in Boston's resistance to the Fugitive Slave Law Parker became a key supporter of John Brown's dramatic but ill fated raid on Harper's Ferry in 1859 Propelled by a revolutionary conscience Theodore Parker stood out as one of the most fearless religious reformers and social activists of his generation

The Frederick Douglass Papers Frederick Douglass, 2018-01-01 A second volume of the collected correspondence of the great African American reformer and abolitionist features correspondence written during the Civil War years The second collection of meticulously edited correspondence with abolitionist author statesman and former slave Frederick Douglass covers the years leading up to the Civil War through the close of the conflict offering readers an illuminating portrait of an extraordinary American and the turbulent times in which he lived An important contribution to historical scholarship the documents offer fascinating insights into the abolitionist movement during wartime and the author's relationship to Abraham Lincoln and other prominent figures of the era

Moral Minorities and the Making of American Democracy Kyle G. Volk, 2014 Should the majority always rule If not how should the rights of minorities be protected In *Moral Minorities and the Making of American Democracy* Kyle G Volk

unearths the origins of modern ideas and practices of minority rights politics Focusing on controversies spurred by the explosion of grassroots moral reform in the early nineteenth century he shows how a motley but powerful array of self understood minorities reshaped American democracy as they battled laws regulating Sabbath observance alcohol and interracial contact Proponents justified these measures with the democratic axiom of majority rule In response immigrants black northerners abolitionists liquor dealers Catholics Jews Seventh day Baptists and others articulated a different vision of democracy requiring the protection of minority rights These moral minorities prompted a generation of Americans to reassess whether majority rule was truly the essence of democracy and they ensured that majority tyranny would no longer be just the fear of elites and slaveholders Beginning in the mid nineteenth century minority rights became the concern of a wide range of Americans attempting to live in an increasingly diverse nation Volk reveals that driving this vast ideological reckoning was the emergence of America s tradition of popular minority rights politics To challenge hostile laws and policies moral minorities worked outside of political parties and at the grassroots They mobilized elite and ordinary people to form networks of dissent and some of America s first associations dedicated to the protection of minority rights They lobbied officials and used constitutions and the common law to initiate test cases before local and appellate courts Indeed the moral minorities of the mid nineteenth century pioneered fundamental methods of political participation and legal advocacy that subsequent generations of civil rights and civil liberties activists would adopt and that are widely used today

Party Over Section Joel H. Silbey, 2009 A leading political historian of antebellum America examines the hard fought three way presidential race of 1848 Reveals how Martin Van Buren and his Free Soil party challenged Whigs and Democrats by making slavery a key issue representing a harbinger of the change that was to come even though they only garnered 10 percent of the vote

The Public City Philip J. Ethington, 2001-07-06 Philip J Ethington challenges the assumptions of several decades of urban history that treat American urban politics as the expression of social group community experience Instead he maintains in *The Public City* social group identities of race class ethnicity and gender were politically constructed in the public sphere in the process of political mobilization and journalistic discourse

The Rise and Fall of the White Republic Alexander Saxton, 2003 Saxton asks why white racism remained an ideological force in America long after the need to justify slavery and Western conquest had disappeared

A Hell of a Storm David S. Brown, 2024-09-17 From popular historian and author of the marvelous *The New York Times* Book Review *The Last American Aristocrat* comes the fascinating story of how in 1854 a new law the Kansas Nebraska Act unexpectedly became the greatest miscalculation in American history dividing North and South creating the Republican party and paving the way for the Civil War The history of the United States includes a series of sectional compromises the Constitutional Convention the Missouri Compromise in 1820 and the Compromise of 1850 While these accords created an imperfect republic or a house divided as Lincoln put it the country remained united But then in 1854 this three generations system suddenly blew up with the passage of the Kansas Nebraska Act and here David

Brown explores in riveting detail how the Act led to the sudden division of North and South. The Act declared that planters if permitted by territorial laws could bring their enslaved peoples to the land extending from the Mississippi River to the Rocky Mountains, the core of Jefferson's old Louisiana Purchase which had been reserved for free labor. Northerners were shocked that free soil might now be turned over to slavery and responded with unprecedented backlash. In the bill's wake, the conservative Whig Party winners of multiple presidential elections collapsed, and the radical Republican Party was born. In six years it would take control of the central government, provoking Southern secession. In *A Hell of a Storm*, Brown brings history to life in a way that resonates with the events of present. Through chapters on Lincoln, Emerson, Stowe, Thoreau, and Tubman, along with a cast of presidents, poets, abolitionists, and black emigrationists, Brown weaves a political, cultural, and literary history that chronicles the Republican party's creation and rise, the collapse of antebellum compromises, and the coming of the Civil War—all topics that mirror current discussions about polarization in our nation today. By illuminating the personalities and the platforms, the writings and ideas that upended an older America and made space for its successor, *A Hell of a Storm* reminds us that American history is always being made, and it can be both dynamic and dangerous, both then and now.

America's Three Regimes : A New Political History Morton Keller, Professor of History, Brandeis University, 2007-09-26

When historians take the long view, they look at ages or eras: the Age of Jackson, the Progressive Era. But these time spans last no longer than a decade or so. In this groundbreaking new book, Morton Keller divides our nation's history into three regimes, each of which lasts many, many decades, allowing us to appreciate, as never before, the slow, steady evolution of American public life. Americans like to think of our society as eternally young and effervescent. But the reality is very different. A proper history of America must be as much about continuity, persistence, and evolution as about transformation and revolution. To provide this proper history, Keller groups America's past into three long regimes: Deferential and Republican from the colonial period to the 1820s; Party and Democratic from the 1830s to the 1930s; and Populist and Bureaucratic from the 1930s to the present. This approach yields many new insights. We discover, for instance, that the history of colonial America, the Revolution, and the Early Republic is a more unified story than usually assumed. The Civil War, industrialization, and the Progressive era did relatively little to alter the character of the democratic party regime that lasted from the 1830s to the 1930s. And the populist-bureaucratic regime in which we live today has seen changes in politics, government, and law as profound as those that occurred in the late 18th and early 19th centuries. As Keller underscores the sheer staying power of America's public institutions, he sheds light on current concerns as well. In particular, will the current political polarization continue, or will more moderate forces prevail? Here, then, is a major contribution to United States history: an entirely new way to look at our past, our present, and our future, packed with provocative and original observations about American public life.

When people should go to the books stores, search creation by shop, shelf by shelf, it is truly problematic. This is why we give the books compilations in this website. It will categorically ease you to see guide **Origins Of The Republican Party 1852 1856** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly.
