

The background of the entire cover is a photograph of a dirt path that leads from the bottom center towards the middle ground, disappearing into a dense, lush green forest. The trees and foliage are thick, creating a sense of a secluded, natural path. The lighting is soft, filtering through the leaves.

Science Sifting Rodney R. Dietert,Janice Dietert,2013 Science Sifting is designed primarily as a textbook for students interested in research and as a general reference book for existing career scientists The aim of this book is to help budding scientists broaden their capacities to access and use information from diverse sources to the benefit of their research careers The book describes why the capacity to access and integrate both linear and nonlinear information has been an important historic feature of pivotal scientific breakthroughs Yet it is a process that our students are rarely if ever taught in universities This book goes beyond simply describing the features of great scientific breakthroughs It discusses the basis for accessing and using nonlinear

information in the linear research context It also provides a series of tools and exercises that can be used to enhance access to nonlinear information for application to research and other endeavors Topics covered include focal points in scientific breakthroughs the use of concepts maps in research use of different vantage points information as patterns fractals for the scientist memory storage and access points and synchronicities Young researchers need useful tools to help with a more holistic approach to their research careers This book provides the useful tools to support flexibility and creativity across a long term research career [Touching the Relational Edge](#) Asaf Rolef Ben-Shahar,2018-05-11 This book introduces body

psychotherapy to psychologists psychotherapists and interested others through an attachment based object relations and primarily psychoanalytic and relational framework It approaches body psychotherapy through historical theoretical and clinical perspectives **The Importance of Civility** T. S. Bogorad,2006-08 Your choices charm and chutzpah can revitalize your community In her first book Bogorad reminds us that we are all social beings who need to socially interact to thrive as individuals and to sustain strong communities She shares with us the theory that social isolation leads to victimization and weakens our communities And she warns us that social cannibalism may consume us if we continue to ignore our need and our obligation to socially interact with each other If you are a person whose community has been weakened by incivility victimization and or addiction the ideas within her book may help you strengthen your community Or if you are a person who has minimal contact with other people her ideas may provide you with a reason to increase the quantity and quality of your interactions Or if you are a person who lives in a community without incivility victimization and addiction the contents of her book may help you understand those of us whose social environment is not as perfect as yours But no matter who you are reading her book will cause you to wonder about the importance of civility and the costs of incivility Remember We all need a village And ponder What we do not say does hurt us and our polite interaction with others strengthens us and our community according to Bogorad [Health of the Human Spirit](#) Brian Luke Seaward,2012-02 Health of the Human Spirit Second
