The Quiet Therapies David K. Reynolds,1985 **Freeing the Angry Mind** C. Peter Bankart,2006 A unique approach to male anger management using mindfulness compassion and self awareness exercises to help men understand and deal with angry feelings that can damage their careers and relationships **Health, Illness, and Medical Care in Japan** Edward Norbeck,Margaret Lock,2019-03-31 This is one of the first attempts to explore the effects of social political and cultural variables on the interpretation of ideas about health illness and medical care in a technologically rich society In this collection of essays five anthropologists and one political scientist demonstrate that modern medical care in Japan is not a uniform value free scientific endeavor but rather a culturally shaped part of a complex pluralistic medical system that is itself the product of a specific historical and social tradition The comparative study of health illness and medical care provides a rich source of cross fertilization of ideas among the social sciences This collection of essays offers new insights on and raises new questions about contemporary Japanese society biomedicine as a cultural product and the transformation that occurs when medical knowledge and techniques are used in a different cultural milieu *Counseling Asian Families from a Systems Perspective* Kit S. Forgiveness and Reconciliation: a Path to Peaceful Fellowship Samson Abiona, 2012-11-17. This book is not just about discussing or describing what forgiveness and reconciliation are all about, but it is mainly to lay emphasis on how forgiveness and reconciliation can bring peace into human fellowships and relationships, a path to reduce if not to eliminate wars all over the world. The path to these peaceful fellowships is stressed out in the book in the relationships between individual persons as well as among groups of people. To achieve the derivation of the peaceful fellowships at interpersonal, intergroup and political levels, various topics such as apology, anger, resentment, punishment, retribution, reparation, apathy and amnesty are treated to some extent. The book is non-religious but rather meant to express what all human beings world-wide could achieve if they embrace forgiveness and reconciliation. For this reason, one of the chapters deals with the perspectives of some main world religions on the topic of the book, and another chapter states the concepts and convictions of people of various ethnicity and spirituality. It is hoped that people of all levels and in all nations of the world will benefit from the contents of the book, which are neither meant to criticize nor be judgemental about the individuals mentioned.
