Quisling And Others

Alexandra Yourieff, W. George Yourieff

Quisling And Others:

Fascists of the World, Unite? Martin Kristoffer Hamre, 2025-08-04 This book analyzes the ideas and forms of international cooperation between Fascist Italy Nazi Germany and fascist movements from Denmark Norway Sweden Switzerland Ireland and Britain The study examines how fascists attempted to unite across borders by forming international organizations and networks hosting conferences and exhibitions disseminating multilingual publications and exchanging propaganda Their transnational cooperation was fuelled by shared ideas of ultranationalism anti liberalism anti communism antisemitism racism white supremacism and Europeanism The book argues that fascist internationalism marked by contradictions limitations and an Italo German rivalry emerged in the 1930s as a counter reaction to liberal and communist internationalism The epilogue discusses reverberations in the Second World War and the postwar period and outlines the relevance of this history for understanding contemporary forms of far right internationalism **In Quisling's Shadow**

Alexandra Yourieff, W. George Yourieff, 2013-09-01 Alexandra Andreevna Voronine Yourieff wife of Vidkun Quisling reveals firsthand in this detailed memoir the tragedy betrayals misunderstandings and happiness of her fascinating life Not just a tale of saints and sinners but of three people Alexandra Quisling and his second wife Maria whose fates were intertwined under the extreme conditions created by revolution war and famine in Russia She discloses every particular of her long and tumultuous life from her happy early childhood on the Crimean peninsula thorough the horrors of the revolution her marriage to Quisling and his ultimate betrayals of both her and his country to her later life in France and California A History of Political Trials John Laughland, 2008 This is a formidable and well documented counterblast to a developing modern orthodoxy expressing a point of view that many readers will not even have suspected existed let alone read Anthony Daniels Spectator A useful and controversial contribution to the debate about victor s justice and a valuable warning that international war crimes tribunals need to operate with precision and care Jonathan Steele Guardian The rapid development of the use of international courts and tribunals to try heads of state for genocide and other crimes against humanity has been welcomed by most people because they think that the establishment of international tribunals and courts to try notorious dictators represents a triumph of law over impunity In A History of Political Trials John Laughland takes a very different and controversial view namely that political trials are inherently against the rule of law and almost always involve the abuse of process as well as being seriously hypocritical By means of detailed consideration of the trials of figures as disparate as Charles I Louis XVI Erich Honecker and Saddam Hussein Laughland shows that the guilt of the accused has always been assumed in advance that the judges are never impartial that the process is always unfair and biased in favor of the prosecution that the defense is not permitted to use all the arguments at its disposal and that often the accusers have done exactly what they accuse the defence of having done All the trials he recounts were marked by arbitrariness and injustice often gross injustice Although the chapters are short and easy to read they are the fruit of formidable erudition and wide

reading The general reader will be forced by this book to re examine the ideas on this subject and will be much less sanguine about the possibility of bringing dictators and other leaders to genuine justice John Laughland lives in Bath and is an author journalist and has been a university lecturer in France He has published The Tainted Source The Undemocratic Origins of the European Idea Time Warner Paperbacks and has written for the Spectator the Economist and The New York Times Table of Contents Introduction The Trial of Charles I and the Last Judgement The Trial of Louis XVI and the Terror War Guilt after World War I Defeat in the Dock the Riom Trial Justice as Purge Marshal Peacutain faces his Accusers Treachery on Trial the Case of Vidkun Quisling Nuremberg Making War Illegal Creating Legitimacy the Trial of Marshal Antonescu Ethnic Cleansing and National Cleansing in Czechoslovakia 19451947 Peoples Justice in Liberated Hungary From Mass Execution to Amnesty and Pardon Postwar Trials in Bulgaria Finland and Greece Politics as Conspiracy the Tokyo Trials The Greek Colonels the Emperor Bokassa and the Argentine Generals Transitional Justice 19752007 Revolution Returns the Trial of Nicolae Ceausescu A State on Trial Erich Honecker in Moabit Jean Kambanda Convicted without Trial Kosovo and the New World Order the Trial of Slobodan Milosevic Regime Change and the Trial of Saddam Hussein Conclusion Notes Bibliography and Further Reading Index

News of Norway ,1984 **Hitler Over Russia?** Ernst Genri,1936 **Stories from the Stalags** Martin W Bowman,2024-07-31

From 1942 until the end of the war in Europe the aircraft of the RAF s Bomber Command and the United States 8th and 15th Air Forces provided twenty four hour round the clock bombing of the Third Reich Aircraft and crew casualties were heavy as bomber after bomber succumbed to flak and fighter defenses For those not killed outright by the Luftwaffe s onslaught only baling out over hostile enemy territory could offer any hope of survival But this generally meant solitary confinement interrogation indignities and even extreme hardship for the men who became known as Kriegies a word derived from the German Kriegsgefangenen meaning prisoners of war Many months of incarceration sometimes in appalling conditions would become commonplace for those held in camps throughout Germany Poland and the Greater Reich Here at first hand are stories of some of those Allied bomber crewmen faced with sudden leaps into that dangerous unknown For most and particularly the injured capture was immediate imprisonment inevitable For some evasion was possible but rarely for long For others taken prisoner staying alive was uppermost in the minds of most and in many cases only the comradeship of fellow prisoners and for some thoughts of escape became a constant preoccupation Never to be forgotten too are the conditions and suffering endured by many PoWs when in the face of the relentless Soviet Army advance into Germany the camps were hastily emptied and the prisoners forced to march westward as the Germans staged their last gasp futile attempts to prevent the Kriegies falling into Russian hands For these men many of whom had been behind the wire for years this was the final injustice Martin Bowman s revealing narrative describes in adrenaline pumping detail the furious air battles that led to the predicament of many shot down airmen as well as the personal campaigns they fought to regain their freedom Fascinating for its gripping and factual recreation of the bombers encounters

with enemy fighters and flak as well as the confrontations in captivity between PoWs and guards Stories from the Stalags provides a real insight into the war as some of those who fell from formation saw it *Semiotics 1981* John N.

Deely,2012-12-06 This volume differs from the volume *Semiotics 1980* in that it is no longer an experimental product but the result of a permanent commitment of the Semiotic Society of America to publish each year henceforward those papers presented at its Annual Meeting which are submitted to the Secretariat in timely and proper form Thus *Semiotics 1981* marks the beginning following upon the experimental *Semiotics 1980* volume of an indefinite series of volumes presenting the cross fertilization of styles topics methodologies and traditions in which new ideas vie for survival and experiment is at a premium It is this cross fertilization which is at the heart of the vitality and integration and redistribution of the world of knowledge The historical value of such a record is obvious But the more immediate objective of these volumes of annual proceedings is to promote participation in the work of semioticing traditional perspectives and disciplines by providing a forum in which young scholars can meet regularly and find an outlet for their efforts at interdisciplinary thinking which are not always welcome in the journals and proceedings devoted to the promotion only of traditionally specialized perspectives

Congressional Record United States. Congress,1959

Gold Run Robert Pearson,2015-06-04 The WWII story of Norwegian resistance in the face of Nazi invasion a daring escape for the Norwegian royal family and fifty tons of gold bullion *Gold Run* recounts the thrilling story of the loyal Norwegians who rescued the Norwegian royal family government and nearly fifty tons of gold bullion from invading Nazis during World War II One of the greatest gold snatches in history it is a tale of loyal citizens who achieved an incredible feat against overwhelming odds through bravery endurance and leadership plus a little good fortune and help from the British Royal Navy The German invasion on the night of April 9 1940 took Norway almost completely unawares But one small coastal battery took swift action to protect the country's leadership In desperate haste the royal family fled Oslo by rail dodging bombs and strafing With extraordinary ingenuity the gold was moved by road rail and fishing boat hotly pursued by the Germans After several instances of near disaster the Norwegians managed to get the gold to the coast where the Royal Navy came to the rescue It was taken off in three Royal Navy Cruisers HMS Enterprise Galatea and Glasgow The ships were attacked in port then constantly harassed and bombed by the Luftwaffe as they made their way back to the United Kingdom The Germans had gained a country but lost a king a government and a huge amount of bullion that would have financed their war machine **Norway in the Second World War** Ole Kristian

Grimnes,2022-09-08 Covering political military economic and social history *Norway in the Second World War* is the most authoritative book on the subject in the English language This innovative study describes how the Germans conquered Norway in 1940 and the type of government that was then imposed German organisations such as the Wehrmacht the SS and the civilian Reichskommissariat are all presented along with how they operated during the occupation Ole Kristian Grimnes examines the Norwegian Nazi Party and the important role that it played during the period as well as analysing how the

Norwegian economy became integrated into the German war economy The Norwegian resistance including the Communists and the Norwegian government in exile are explored in detail while a separate chapter on the Holocaust in both Norwegian and international contexts is also included As such Norway in the Second World War is the definitive text on war and Nazi occupation in a nation that has been sorely neglected by the literature in the field until now

Quisling And Others Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has be more evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **Quisling And Others**, a literary masterpiece that delves deep to the significance of words and their effect on our lives.
