Quodlibetal Questions On Moral Problems:

Quodlibetal Questions on Moral Problems Henry (of Ghent),2005 **Moral Dilemmas in Medieval Thought** M. V. Dougherty,2011-04-14 The history of moral dilemma theory often ignores the medieval period overlooking the sophisticated theorizing by several thinkers who debated the existence of moral dilemmas from 1150 to 1450 In this book Michael V Dougherty offers a rich and fascinating overview of the debates which were pursued by medieval philosophers theologians and canon lawyers illustrating his discussion with a diverse range of examples of the moral dilemmas which they considered He shows that much of what seems particular to twentieth century moral theory was well known long ago especially the view of some medieval thinkers that some forms of wrongdoing are inescapable and their emphasis on the principle choose the lesser of two evils His book will be valuable not only to advanced students and specialists of medieval thought but also to those interested in the history of ethics Henry of Ghent's Summa of Ordinary Questions Henry (of Ghent),2008 **Just Wars and Moral Victories** David Whetham,2009 While recognising the sophistication of the practice of medieval warfare many people still have problems reconciling the widespread use of surprise and deception with the code of chivalric warfare Was chivalry really just a meaningless veneer If true perhaps more perplexing are the many cases where surprise or deception were not employed and advantages were therefore sacrificed This work argues that understanding these apparent inconsistencies requires an appreciation of the moral and legal context of medieval strategic thought Through taking this approach chivalric warfare can be seen for what it was a very real framework or system of rules that allowed a result or decision to be reached which could be accepted by both sides **Social Rights and the Politics of Obligation in History** Steven L. B. Jensen,Charles Walton,2022-01-06 A pioneering study in the history of social rights filling a significant gap in human rights scholarship and practice Moral Psychology in History: From the Ancient to Early Modern Period Virpi Mäkinen,Simo Knuuttila,2024-10-09 This book provides a comprehensive study of major issues of moral psychology throughout history from ancient to early modern philosophy The volume focuses primarily on the Western history of philosophy but also deals with Jewish and Islamic heritage The Introduction chapter lays out the historical background in broad strokes giving the reader the lay of the land when it comes to the terms of analysis and their overall development within the Western tradition of moral psychology The book continues by studying and analyzing moral anthropology moral agency and motivation virtues and social and political commitments taking a thematic approach in a specific time period and focus on the most unique and or fruitful discussions about a particular historically situated discussion when it comes to thinking about questions and or problems in the field of moral psychology Aimed at both a layman and academic audience this book is of great interest to a broad readership **Moral Philosophy on the Threshold of Modernity** Jill Kraye,Risto Saarinen,2006-03-30 Over the past twenty years the transition from the late Middle Ages to the early modern era has received increasing attention from experts in the history of philosophy In part this new interest arises from claims made in

literature aimed at a less specialist readership that this transition was responsible for the subsequent philosophical and theological problems of the Enlightenment Philosophers like Alasdair MacIntyre and theologians like John Milbank display a certain nostalgia for the medieval synthesis of Thomas Aquinas and consequently evaluate the period from 1300 to 1700 in rather negative terms Other historians of philosophy writing for the general public such as Charles Taylor take a more positive view of the Reformation but nevertheless conclude that modernity has been shaped by 1 conflicts which stem from early modern times Ethics and moral thought occupy a central place in these theories It is assumed that we have lost something the concept of virtue for instance or the source of common morality Yet those who put forward such notions do not treat the history of ethics in detail From the historian s perspective their far reaching theoretical assumptions are based on a quite small body of textual evidence In reality there was a rich variety of approaches to moral thinking and ethical theories during the period from 1400 to 1600

Common Good and Self-Interest in Medieval and Early Modern Philosophy Heikki Haara,Juhana Toivanen,2024-04-03 This open access volume provides an in depth analysis of philosophical discussions concerning the common good and its relation to self interest in the history of Western philosophy The thirteen chapters explore both renowned and lesser known thinkers from the Middle Ages to the eighteenth century covering also the relevant ancient background By bridging the gap between the medieval and early modern periods they provide fresh insights into how moral and political philosophers understood the concepts of the common good and self interest along with their ethical and political implications The concept of the common good occupies a central role in philosophical reflections on the public and private dimensions of moral and social life in contemporary debates By exploring the rich and diverse ways in which the relationship between the common good and self interest has been understood this volume has the potential to contribute to our ongoing efforts to critically discern the possibilities and limitations of these concepts in the present Thus the volume will be useful for scholars interested in the multi layered role of the notion of the common good both in the history of philosophy and in contemporary moral and political philosophy

Dictionary of Theologians Jonathan Hill,2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologiansi lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionaryis bibliographies The unprecedented thoroughness of Hill s compilation provides an essential resource for studies at all levels on such a large and

varied range of Church thinkers **An Introduction to Medieval Philosophy** Joseph W. Koterski, 2011-09-09 By exploring the philosophical character of some of the greatest medieval thinkers An Introduction to Medieval Philosophy provides a rich overview of philosophy in the world of Latin Christianity Explores the deeply philosophical character of such medieval thinkers as Augustine Boethius Eriugena Anselm Aquinas Bonaventure Scotus and Ockham Reviews the central features of the epistemological and metaphysical problem of universals Shows how medieval authors adapted philosophical ideas from antiquity to apply to their religious commitments Takes a broad philosophical approach of the medieval era by taking account of classical metaphysics general culture and religious themes

When somebody should go to the ebook stores, search foundation by shop, shelf by shelf, it is truly problematic. This is why we offer the ebook compilations in this website. It will unconditionally ease you to see guide **Quodlibetal Questions On Moral Problems** as you such as.
