Quotable General:

Defenders of the Text Anthony Grafton, 1994 Anthony Grafton is erudite and elegant in the style of the best historical writers who make the past come alive for the reader In a full scale presentation of the world of scholarship from the Renaissance to the modern period Grafton sets before us in three dimensional detail such seminal figures as Poliziano Scaliger Kepler and Wolf He calls attention to continuities moments of crisis and changes in direction The central issue in Defenders of the Text is the relation between humanism and science from the mid fifteenth century to the beginning of the modern period Treatments of Renaissance humanism in English have emphasized the humanists commitment to rhetoric ethics and politics and have accused the humanists of concentrating on literary matters in preference to investigating the real world via new developments in science philosophy and other technical disciplines This revisionist book demonstrates that humanism was neither a simple nor an impractical enterprise but worked hand in hand with science in developing modern learning Grafton makes clear that humanism remained an integral and vital part of European culture until the eighteenth century maintaining a technical component of its own classical philology which developed in as rich varied and unexpected a way as any other field of European thought Attention to the text led the humanists to develop a whole range of tools and methods that lent power to science and learning for centuries to come Grafton shows the continued capacity of classical texts to provoke innovative work in both philology and philosophy and traces a number of close and important connections between humanism and natural science His book will be important to intellectual historians students of the classics and the classical tradition and historians of early modern science

Global Leaders for the Twenty-First Century Michael J. Marquardt, Nancy O. Berger, 2012-02-01 New times demand new kinds of leaders In a technological workplace which may be more virtual than physical where bytes of information and cyberspace need to be managed more than people leaders will have to thrive amidst high chaos and continuous change Global Leaders for the Twenty First Century profiles twelve such leaders from business and government and discusses eight key attributes necessary for successful leadership in the future Based upon extensive research and experiences with top leaders from around the world the authors have identified the eight critical competencies needed by twenty first century leaders 1 a global mindset 2 learning and teaching skills 3 a servant steward relationship to one's organization 4 systems thinking 5 spirituality and a concern for ethics 6 a willingness to embrace new technologies 7 innovation and risk taking and 8 vision building Twelve of the top up and coming leaders from around the world who possess these attributes are profiled They include the Fortune magazine's first two Asian leaders of the year CEOs Nobuyuki Idei of Sony and Cheong Choong Kong of Singapore Airlines two highly acclaimed political leaders President Mary McAleese of Ireland and United Nations Secretary General Kofi Annan the leading lights in the technology field CEOs Jorma Ollila of Nokia in Finland and John Chambers of Cisco Systems in the United States pioneer leaders for women Carol Bartz CEO of AutoDesk and minorities Ken Chenault CEO designate of American Express

the world's most innovative leader Ricardo Semler owner of Semco in Brazil a leader in recognizing the importance of community service and employee partnership Henry Carris Carris Community of Companies the director of one of the top executive development programs in the world Felipe Alfonso Asian Institute of Management and a radical new thinker in the energy field John Browne CEO of BP Amoco **Chancellorsville 1863** Ernest B. Furgurson, 1993-09-28 For 130 years historians and military strategists have been obsessed by the battle of Chancellorsville It began with an audaciously planned stroke by Union general Joe Hooker as he sent his army across the Rappahannock River and around Robert E Lee's lines It ended with that same army fleeing back in near total disarray and Hooker's reputation in ruins This splendid account of Chancellorsville the first in more than 35 years explains Lee's most brilliant victory even as it places the battle within the larger canvas of the Civil War Drawing on a wealth of first hand sources it creates a novelistic chronicle of tactics and characters while it retraces every thrust and parry of the two armies and the fateful decisions of their commanders from Hooker's glaring display of moral weakness to the inspired risk taking of Lee and Stonewall Jackson who was mortally wounded by friendly fire At once impassioned and gracefully balanced Chancellorsville 1863 is a grand achievement in Civil War history **Internal Revenue Cumulative Bulletin** United States. Internal Revenue Service, 1995 Gorboduc Homer Andrew Watt, 1910 Military Law Review , 1996 Bulletin of the University of Wisconsin University of Wisconsin, 1916 **Shoe and Leather Reporter** , 1929 **Brewers' Guardian** , 1895 *Boot and Shoe Recorder* , 1909
