Rabin Of Isreal Warrior For Peace:

Rabin of Israel Robert Slater,1996 Based on years of research and extensive interviews this book explores Rabin the man statesman and the soldier It also delivers an up to the minute account of his assassination and its aftermath This balanced portrait covers Rabin s varied and controversial political career **The Israeli-Palestinian Peace Process** Yair

Hirschfeld,2024-04-30 This book describes the evolution of the Israeli Palestinian peace seeking process from 1967 to the present Written from the perspective of Israel s most prominent peace activist it offers an unparalleled insider s account of a crucial set of negotiations intended to settle a seemingly endless conflict Hirschfeld s historical narrative provides a wealth of knowledge and experience that is indispensable to anyone seeking to seriously approach the Middle East conflict The book s thorough analysis of the successes and failures of all peace efforts since the Six Day War represents an essential asset for future negotiators politicians diplomats and peace activists alike Moreover the book shares pearls of human wisdom that anyone searching to resolve conflicts in general should take to heart The book is of burning topicality Not only with a view to the normalisation process between Israel and Arab countries that began with the recent Abraham Accords 2020 but also regarding the new age of war in Europe sparked by Russia s war of aggression against Ukraine The book includes a foreword by Jackson al Khoury a humanitarian based in Gaza during the 2023 war who offers a perspective for a younger Palestinian generation Israel: Israeli society and politics since 1948 : problems of collective identity Efraim Karsh,2002 *Israel's*

Wars Ahron Bregman,2002 During the twentieth century Israel has achieved notoriety witnessing almost constant conflict and violence This book is a masterly account of Israel s wars with the Palestinians and the Arabs From the 1947 8 Jewish Palestinian struggle for the possession and mastery of the land of Palestine through Israel s wars with its Arab neighbours to the Al Aqsa Intifada this book unearths new insights and exposes unknown facts for the first time It reveals secrets relating to the Soviets involvement in inciting the June 1967 Six Day War the Israeli bombing of the American USS Liberty President Sadat s right hand man who was a top agent of Mossad and the Israeli assassinations of leading Palestinians during the Al Aqsa Intifada **Links in the Chain** Naomi Pasachoff,1997-12-18 Judaism or that which has united the successive

generations of Jews into one people is not only a religion it is a dynamic religious civilization Mordecai Menachem Kaplan from Questions Jews Ask 1956 In assessing what their Jewish identities mean to them Jews today sometimes describe themselves as links in a chain of tradition that stretches back to biblical times In this collection of biographies of Jewish thinkers from ancient times to the present the links in that chain come to life through the dramatic stories of 41 shapers of Jewish tradition From Hillel whose teaching more than twenty centuries ago set Judaism on its post biblical course to Yitzhak Rabin the Noble Peace Prize winning Prime Minister of Israel who helped to broker a peace settlement between the Israelis and the Palestinians these men and women all left an indelible mark on Jewish practice scholarship or nationalism In individual biographical essays Naomi Pasachoff explores the contributions of philosophers poets and philanthropists of

mystics statesmen and scholars of religious organizers and Zionist leaders In so doing she uncovers surprising facts about well known figures For example Theodor Herzl is widely honored as the father of the modern state of Israel but did you know that he once dreamed of leading all the Jews of Vienna to St Stephan Cathedral to undergo mass baptism Readers who recognize Rashi as the most famous of all biblical commentators may be startled to learn that his concise style was a function of his tight budget The book includes suggestions for further reading an appendix a glossary and an index Illustrations and photographs accompany the text and a biographical fact box for each profile provides for easy reference All these features make Links in the Chain an ideal introduction to Jewish role models for younger readers and a vital reference for all interested in Jewish history Moreover the book is a reminder that Jewish tradition is still evolving and that each reader has the potential to contribute to it 41 extended essays profile the lives and contributions of Jewish heroes including Johanan ben Zakkai the spiritual and intellectual leader who reshaped Jewish life after the destruction of the Temple in 70 C E Dona Gracia Nasi the outstanding 16th century leader who led the equivalent of an underground railroad to lead fugitive Marranos to safety Rebecca Gratz said to have been the model for the character Rebecca in Walter Scott s Ivanhoe who spearheaded the development of Jewish Sunday schools in the United States Leopold Zunz whose transformation of Jewish scholarship in the 19th century ultimately led to the existence of Judaica departments and programs in major universities Lily Montagu whose unsatisfying Orthodox childhood as a child of privilege in Victorian England transformed her into a 20th century leader of British and world liberal Judaism Isaac Mayer Wise the early leader of Reform Judaism in the United States who conceived of and helped bring into existence many of the institutions of contemporary American Judaism Eliezer Ben Yehudah the father of modern Hebrew who nearly singlehandedly transformed Hebrew from an ancient religious language into a spoken modern one

Historical Dictionary of the Arab-Israeli Conflict P R Kumaraswamy,2015-10-08

Competing Jewish and Arab national claims over the Holy Land form the core of the Arab Israeli conflict thereby transforming it into the most intensely fought struggles in the history of humanity The conflict evokes unparalleled passion and hostility not only among its immediate participants and neighbors but also in the wider international community The involvement of three principal monotheistic religions makes the conflict a truly universal contestation As a result it often contributes to bouts of violence turmoil and terrorism in the Middle East and beyond This second edition of Historical Dictionary of the Arab Israeli Conflict covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries important events key personalities official positions of principal states and the UN and other efforts to find a peaceful settlement This book is an excellent access point for students researchers and anyone wanting to know more about this conflict

The A to Z of the Arab-Israeli Conflict P R Kumaraswamy,2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It

has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves **Israel's Wars** ,1990 Victimhood Discourse in Contemporary Israel Ilan Peleg,2019-04-24 This book deals comprehensively with different aspects of collective victimhood in contemporary Israel but also with the wider implications of this important concept for many other societies including the Palestinian one The eight highly diverse scholarly chapters included in this volume offer analysis of the politics of victimhood viewing it as increasingly dominant within contemporary Israel assess victimhood as a focal point of the Jewish historical legacy trace the evolution and changes of Zionist thought as it relates to a sense of national victimhood study the possibility of the political transformation of victimhood through changing perceptions and policies by top Israeli leaders focus on important events that have contributed to the evolution of the victimhood discourse in Israel and beyond e g the 1967 Six Day and 1973 Yom Kippur wars in the Middle East examine the politics and ideology of victimhood within the Palestinian national movement and offer new ways of progressing beyond national victimhood and toward a better future for people in the Middle East and beyond The insights of the eight authors and their conceptualization of Israeli victimhood are of immediate relevance for numerous other national groups as well as for a variety of disciplines in the humanities and the social sciences This volume has been inspired by the universality of victimhood among humans reflected in King Lear s words I am a man more sinned against than sinning as well as by the words of the late Israeli prime minister Yitzhak Rabin telling the Knesset in Jerusalem No longer is it true that the whole world is against us While the book sums up the state of the field in regard to collective victimhood it invites the readers to engage in contemplating the far reaching implications of this important concept for our lives **Israel: The First Hundred Years** Efraim Karsh,2013-09-13 Since its founding in 1948 Israel has faced many political social and psychological challenges unfamiliar to other nations on the western democratic political model and peculiar to the Jewish state This work covers the role of politics in Israel since 1948
