Race Against Time Human Relations And Politics In Kenya Before Independence:

Race Against Time Richard Frost,1978 **Historical Reflections on Kenya** Munene, Macharia,2015-03-16 This book thematically tackles issues that relate to the perpetual struggle between the forces of control and the forces of mental and intellectual liberation in Africa and Kenya in particular The book addresses the colonial legacy of poverty creation as well as the socio political conditioning of Africans to dislike each other and to be irresponsible and disunited in the face of external threats Poverty hatred of other Africans and excessive dependency on European powers can be traced to the policies adopted by colonial officials Related to these issues is post colonial Kenya s attempts to addresses the political developments the involvement of different types of media in those developments Kenya s foreign policy and the problem of political party transition Ultimately there are topical issues that continue to affect Kenya which include the question of coalition politics the lessons of the 2002 elections the media and corruption parliament and foreign policy and Africa s relations with the United States of America

Colonial Kenya Observed S. H. Fazan,2014-11-14 The coast of East Africa was considered a strategically invaluable region for the establishment of trading ports both for Arab and Persian merchants long prior to invasion and conquest by Europeans In the initial stages of the scramble for Africa in the 18th century control of the area was an aspiration for every colonial nation in Europe but it was not until 1895 that it was finally dominated by a sole power and proclaimed The Protectorate of British East Africa In the early 20th century the coast was brimming with vitality as immigrants colonisers and missionaries from Arabia India and Europe poured in to take advantage of growing commercial opportunities including the prospect of enslaving millions of native Africans The development of Kenya is an exceptional tale within the history of British rule in perhaps no other colony did nationalistic feeling evolve in conditions of such extensive social and political change In 1911 S H Fazan sailed to what later became the Republic of Kenya to work for the colonial government Immersing himself in knowledge of traditional language and law he recorded the vast changes to local culture that he encountered after decades of working with both the British administration and the Kenyan people This work charts the sweeping tide of social change that occurred through his career with the clarity and insight that comes with a total intimacy of a country His memoirs examine the fascinating complexity of interaction between the colonial and native courts commercial land reform and the revolutionised dynamic of labour relations By further unearthing the political tensions that climaxed with the Mau Mau Revolt of 1952 1960 this invaluable work on the European colonial period paints a comprehensive and revealing firsthand account for anyone with an interest in British and African history Fazan s story provides a quite unparalleled view of colonial Africa and the conduct of Empire across half a century **Race Against Time**

Richard Frost,1978 **Sport and Apartheid South Africa** Michelle M. Sikes,Toby C. Rider,Matthew P. Llewellyn,2021-11-29 As athletes of today grapple with how to use their public platforms to fight for activist causes Sport and Apartheid South Africa Histories of Politics Power and Protest examines a set of longer histories of sport race and activism

The book seeks to uncover and understand new historical aspects of apartheid and sport challenge myths and rethink dominant narratives It examines the subject of racially segregated sport in South Africa from national and transnational perspectives asking questions about how athletes and administrators transnational anti apartheid groups and activists and politicians around the world interpreted and internalized racial segregation in South Africa By connecting the local to the global this book illuminates the ways in which apartheid sport animated national and international debates ranging from racism and human rights to Cold War politics and post colonialism Sport and Apartheid South Africa is a significant new contribution to the study of race and politics in sport and will be a great resource for academics researchers and advanced students of History Politics International Relations Sociology and Political Geography The chapters in this book were originally published in The International Journal of the History of Sport

Human Rights in the Shadow of Colonial Violence Fabian Klose,2013-04-22 Human Rights in the Shadow of Colonial Violence explores the relationship between the human rights movement emerging after 1945 and the increasing violence of decolonization Based on material previously inaccessible in the archives of the International Committee of the Red Cross and the United Nations Human Rights Commission this comparative study uses the Mau Mau War 1952 1956 and the Algerian War 1954 1962 to examine the policies of two major imperial powers Britain and France Historian Fabian Klose considers the significance of declared states of emergency counterinsurgency strategy and the significance of humanitarian international law in both conflicts Klose s findings from these previously confidential archives reveal the escalating violence and oppressive tactics used by the British and French military during these anticolonial conflicts in North and East Africa where Western powers that promoted human rights in other areas of the world were opposed to the growing global acceptance of freedom equality self determination and other postwar ideals Practices such as collective punishment torture and extrajudicial killings did lasting damage to international human rights efforts until the end of decolonization Clearly argued and meticulously researched Human Rights in the Shadow of Colonial Violence demonstrates the mutually impacting histories of international human rights and decolonization expanding our understanding of political violence in human rights discourse

The Anatomy of Neo-Colonialism in Kenya W. O. Maloba,2017-08-29 The successor to Kenyatta and Britain An Account of Political Transformation 1929 1963 this book completes the first systematic political history of Jomo Kenyatta by examining the mechanisms of installing a neo colonial regime in Kenya and how such regimes were duplicated elsewhere in Africa It analyzes the nature and extent of the collaboration between Kenyatta Britain and Western intelligence services to install and protect his government in Kenya a collaboration which is linked to some of Kenya s most intractable political social and economic problems Drawing heavily on primary sources it examines the legacy of Kenyatta s regime and how this legacy is felt in Kenya today

Kenya Charles Hornsby,2013-03-01 Since independence from Great Britain in 1963 Kenya has survived five decades as a functioning nation state holding regular elections its borders and political system intact and

avoiding open war with its neighbours and military rule internally It has been a favoured site for Western aid trade investment and tourism and has remained a close security partner for Western governments However Kenya's successive governments have failed to achieve adequate living conditions for most of its citizens violence corruption and tribalism have been ever present and its politics have failed to transcend its history The decisions of the early years of independence and the acts of its leaders in the decades since have changed the country's path in unpredictable ways but key themes of conflicts remain over land money power economic policy national autonomy and the distribution of resources between classes and communities While the country's political institutions have remained stable the nation has changed its population increasing nearly five fold in five decades But the economic and political elite's struggle for state resources and the exploitation of ethnicity for political purposes still threaten the country's existence Today Kenyans are arguing over many of the issues that divided them 50 years ago The new constitution promulgated in 2010 provides an opportunity for national renewal but it must confront a heavy legacy of history This book reveals that history

Postcolonialism in the Wake of the Nairobi Revolution A. Amoko, 2010-10-25 This work examines both the emergence of African literature and its institutionalization within nationalist African academies Amoko analyzes the relationship between such institutions of literature and the processes of nationalist legitimization and between colonial and postcolonial school cultures and national cultures

African Drama and Performance John Conteh-Morgan, Tejumola Olaniyan, 2004-10 This title explores the diversity of the performing arts in Africa and the diaspora from studies of major dramatic authors and formal literary dramas to improvisational theatre and popular video films
