Rachels Library:

Turns of Fate Anne Bishop, 2025-11-11 A young detective investigating crimes of the uncanny will learn that bargains can change your fate for good or ill in this darkly enthralling fantasy from the New York Times bestselling author of the Others and the Black Jewels series Words have power Intentions matter Most people come to Destiny Park for entertainment They come to have their cards read to tell them a bit about their future They come to walk through a beautiful park and to eat at the hotel s restaurant They come in the hope of catching a glimpse of the Arcana the paranormal beings who rule the Isle of Wyrd But some people come to make a bargain with the Arcana to change their fate And some people come for dark purposes When Detective Beth Fahey is sent to Destiny Park to inquire about a ghost gun she will begin a strange journey on which she must learn to navigate the Arcana s unforgiving laws and dangerous attractions Her search will draw her into seemingly impossible cases and the secrets of her own past as tensions rise between the Arcana and their human neighbors across the river For the Isle of Wyrd is a place where the dead ride trains to their final destinations predators literally become prey and seekers true natures are revealed in the ripples of destiny unknowingly stirred in their wakes Who will live Who will die And who will be lost in between **Bulletin** ,1929 **The Lessons of Nature in Mythology** Rachel S. McCoppin, 2015-10-30 This examination of myths from around the world focuses on the role nature plays within mythology Creation myths from myriad cultures recognized that life arose from natural elements inextricably connecting human life to the natural world Nature as portrayed in myth is unpredictable and destructive but also redemptive providing solace and wisdom Mythology relates the human life cycle to the seasons with spring summer fall and winter as metaphors for birth adulthood old age and death The author identifies divinities who were direct representations of natural phenomena The transition of mythic representations from the Paleolithic to Neolithic period is discussed **People of the Image** Marc Michael Epstein, 2025-06-24 The Middle Ages provide us with one of the richest repositories of art in the West Yet the rise in the production of art made for and by Jews especially in the form of illuminated manuscripts is often neglected in general surveys or viewed as a mere emulation of Christian art during this period In People of the Image Marc Michael Epstein demonstrates how medieval Jews transformed their visual art into a vital site of critical commentary Through bold speculation and radical interpretation Epstein considers how viewers might have empathized with depicted emotions how they envisioned the relationship between the monstrous and the human and how they could effectively perpetrate subversive acts merely by anticipating what might occur next in a given image were it to be set in motion Examining these artworks and imagining the circumstances of their production and reception Epstein uncovers otherwise inaccessible social political and theological perceptions among Europe s major medieval minority He goes on to illuminate the afterlives of medieval Jewish art in its reimaginings by postmodern Jews struggling to establish a conceptual as well as a political space for themselves as a minority in majority Christian society Bringing together diverse currents from various fields and bodies of literature People

of the Image reveals how medieval Jews understood themselves the world and God Provocative and engagingly written the book will appeal to audiences across medieval studies cultural studies art history and Jewish studies Patterson's American Educational Directory Homer L. Patterson,1926 **Rachel's Valentine Crush** Angela Darling,2013-12-03 When a crush goes both ways it s the sweetest thing Rachel has had a secret crush on Brody the cute sweet guy from her church choir for a while now But when Brody becomes a famous pop star and leaves school to go on tour he becomes the object of every girl s crush Rachel is happy for Brody but she s also a little heartbroken that things between them might never be the same But when Brody releases a new song about his own secret crush some of the lyrics make Rachel think that maybe just maybe Brody is singing about her Could it be Rachel is about to find out along with every other girl at school when Brody returns home on Valentine s Day to give a concert and reveal the identity of his secret crush **Art Smith** Rachel Sherwood Roberts,2015-09-17 By 1915 pioneer aviator Art Smith was as celebrated as any movie star might be today He thrilled audiences with his barnstorming feats doing death spirals sky writing loop the loops and night flights using phosphorus fireworks He was a consummate showman and had he not died in 1926 his name probably would be familiar to most Americans He glamorized and popularized aviation while testing the boundaries of aeronautical principles As a boy he longed to fly before he had ever seen an airplane His parents believed in him and he was fortunate to have a best friend named Al Wertman who helped him build an airplane His fame spread around the globe and in 1916 the Japanese offered him 10 000 for a series of exhibitions His flying skills inspired a young Wiley Post to a life of aviation After Smith s death when Lindbergh flew over Fort Wayne and dipped his wings he gave credit to the Bird Boy Art Smith The story of this rising star in American aviation is one of adventure romance scandal and history Using Smith s own autobiographical writings the story is also a factual account of events in early aviation The book includes photographs and postcards in Art Smith s own handwriting mailed to Al Wertman *The Bible in Culture* Larry W. Caldwell,2025-07-08 How to Read and Interpret Scripture Across Cultures How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts In *The Bible in Culture* Larry Caldwell introduces ethnohermeneutics a revolutionary yet biblical approach to reading Scripture with rather than for the world Drawing from decades of experience living overseas Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word This approach is rooted in observing how Jesus Paul and others in the early church interpreted Scripture and in following their examples Through real life illustrations interactive activities and case studies readers will discover how they can also read and interpret God s word in their own cultures This book will challenge your assumptions about the interpretive task encouraging and equipping you to rethink how the Bible can be understood across every people group in various cross cultural multicultural and multigenerational contexts Higher Education Administration Rachel S. Blechman,Norma M. Goonen,1999-11-30 Goonen and Blechman provide an analysis useful as a desk

reference or as a text for practicing and prospective administrators and university counsel They examine the legal points ethical questions and practical steps an administrator or university counsel should be aware of in dealing with some of the most frequently encountered issues in the administration of a college university or other postsecondary institution Each chapter targets a selected area of academic affairs and the format includes four sections legal parameters ethical considerations practical suggestions and an illustrative case Hiring issues compensation and employment issues promotion and tenure terminations non renewals and reductions in force academic freedom student disputes on academic matters and transcript and degree issues are all analyzed Goonen and Blechman provide a general guide that can be readily utilized and understood by those without specific prior training in the law or in higher education administration The discussions and information the guide contains will be valuable to current and prospective practitioners as they seek to balance the legal ethical and practical issues that surface in every decision in the increasingly complex higher education arena

The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-25 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero's message is not to dwell on death
