*Seek and Find* Christian Dubose, 2024-04-03 Christian Dubose provides a good starting point for those seeking the truth of Christianity and its evidence In the introduction he introduces Pascal's Wager and explains why one's heart should be open to the possibility of a God existing He then starts with science going through several scientific findings that suggest a God is real Following this he delves into philosophy explaining that through philosophical reasoning one can know that God exists After this he explores history specifically as laid out in the Bible He explains how prophecies not only show that a God exists but that the God of the Bible is that God He discusses how Jesus's miracles and resurrection are so well attested that they should be believed Dubose also addresses objections to God in each category and provides responses to these challenges Lastly he examines phenomena such as near death experiences prayer studies and modern day miracle reports to argue for the existence of the supernatural At the end of each section on the evidence for God he offers a short list of recommended books for readers interested in furthering their studies

*Seven Statements from the Christian Bible that Jews Should Know* Alfredo Calderon-Rodriguez, 2023-07-20 We know that from the fields of politics economics culture and social affairs different motives have emerged for the rejection of some Jewish communities in some nations but why from Christianity Is Christianity a monolithic bloc from which these expressions of rejection came out and has anyone who considers himself a Christian also participated in them at least in his conscience Or is Christianity a broad field of thought one that goes beyond forming a

single dogmatic culture in its believers Fortunately we know that universal Christianity is not that solid block of thinking So for the same reasons why we know that not all politicians societies cultures economies or religions have been or are anti Semitic neither is the universal of Christianity For Christians of virtually every denomination the Bible is their ultimate teaching book It is the book whose content has all the information necessary to direct our lives But why are there so many divisions in the Christian faith Worse still why are there different versions of that Christian Bible even though they contain the basic biblical books Will the Bible have the answer to this and other questions regarding the inclusion of Christianity in anti Semitism behave In this book we will try to find the answer to these questions and see what the Christian Bible has to tell us about it In this work called Seven Statements from the Christian Bible that the Jews should know we try to scrutinize the pages and message contained in the pages of the Bible hoping to find the information that will help us better understand this complicated matter
