Selected Correspondance Of Kenneth Burke And Malcolm Cowley 1915 1981:

The Selected Correspondence of Kenneth Burke and Malcolm Cowley, 1915-1981 Kenneth Burke, Malcolm Cowley, 1990-01-01 This portrays an extraordinary literary friendship unique in American letters for its longevity and it chronicles the lives and events that helped shape modern literature and criticism The Selected Correspondence of Kenneth Burke and Malcolm Cowley Kenneth Burke, 1988 **The Rhetorical Imagination of Kenneth Burke** Ross Wolin, 2001 Blending the genres of biography intellectual history and rhetorical theory this study presents an analysis of Burke's 1897 1993 early essays and his eight theoretical works placing them in the context of their social and political history Wolin humanities and rhetoric Boston University casts each work as a re articulation and extension of the ideas imbedded in Burke's previous efforts The tactics of conflict cooperation and motivation are emphasized c Book News Inc

Civic Jazz Gregory Clark, 2015-02-25 Jazz is born of collaboration improvisation and listening In much the same way the American democratic experience is rooted in the interaction of individuals It is these two seemingly disparate but ultimately thoroughly American conceits that Gregory Clark examines in Civic Jazz Melding Kenneth Burke's concept of rhetorical communication and jazz music's aesthetic encounters with a rigorous sort of democracy this book weaves an innovative argument about how individuals can preserve and improve civic life in a democratic culture Jazz music Clark argues demonstrates how this aesthetic rhetoric of identification can bind people together through their shared experience in a common project While such shared experience does not demand agreement indeed it often has an air of competition it does align people in practical effort and purpose Similarly Clark shows Burke considered Americans inhabitants of a persistently rhetorical situation in which each must choose constantly to identify with some and separate from others Thought provoking and path breaking Clark's harmonic mashup of music and rhetoric will appeal to scholars across disciplines as diverse as political science performance studies musicology and literary criticism **Ralph Ellison and Kenneth Burke** Bryan Crable, 2012 Ralph Ellison and Kenneth Burke focuses on the little known but important friendship between two canonical American writers The story of this fifty year friendship however is more than literary biography Bryan Crable argues that the Burke Ellison relationship can be interpreted as a microcosm of the American racial divide Through examination of published writings and unpublished correspondence he reconstructs the dialogue between Burke and Ellison about race that shaped some of their most important works including Burke's A Rhetoric of Motives and Ellison's Invisible Man In addition the book connects this dialogue to changes in American discourse about race Crable shows that these two men were deeply connected intellectually and personally but the social division between white and black Americans produced hesitation embarrassment mystery and estrangement where Ellison and Burke might otherwise have found unity By using Ellison's nonfiction and Burke's rhetorical theory to articulate a new vocabulary of race the author concludes not with a simplistic healing of the divide but with a challenge to embrace the responsibility inherent to our social order American Literatures Initiative **Contingency**

Blues Paul Jay, 1997-04-01 From Emerson to Rorty American criticism has grappled in one way or another with the problem of modernity specifically how to determine critical and cultural standards in a world where every position seems the product of an interpretation Part intellectual history part cultural critique this provocative book is an effort to shake American thought out of the grip of the nineteenth century and out of its contingency blues Paul Jay focuses his analysis on two strands of American criticism The first which includes Richard Poirier and Giles Gunn has attempted to revive what Jay insists is an anachronistic pragmatism derived from Emerson James and Dewey The second represented most forcefully by Richard Rorty tends to reduce American criticism to a metadiscourse about the contingent grounds of knowledge In chapters on Emerson Whitman Santayana Van Wyck Brooks Dewey and Kenneth Burke Jay examines the historical roots of these two positions which he argues are marked by recurrent attempts to reconcile transcendentalism and pragmatism A forceful rejection of both kinds of revisionism Contingency Blues locates an alternative in the work of the border studies critics those who give our interest in contingency a new more concrete form by taking a more historical cultural and anthropological approach to the invention of literature subjectivity community and culture in a pan American context A Companion to Rhetoric and Rhetorical Criticism Walter Jost, Wendy Olmsted, 2008-04-15 A Companion to Rhetoric offers the first major survey in two decades of the field of rhetorical studies and of the practice of rhetorical theory and criticism across a range of disciplines Assesses rhetoric's place in the larger intellectual universe Focuses on the practical side of rhetoric looking at specific works problems and figures Provides examples of rhetoric from ancient times to the present day Written by leading scholars from a variety of different fields Hart Crane Clive Fisher, 2002-01-01 Malcolm Cowley Hart Crane's life was notoriously turbulent persistently nonconformist and tragically short This new biography presents for the first time a full frank portrait of the real Hart Crane a poet attractive both for his flamboyance and passion for life and for the magnificent sonorities of his work 18 illustrations **Information Theory**, *Classroom on the Road* Jeff Birkenstein, Irina Gendelman, 2020-10-14 Classroom on the Road Designing Teaching and Theorizing Out of the Box Faculty Led Student Travel explores real world out of the box examples of faculty led student travel that challenge the dominant paradigms of conventional tourism Contributors share teaching methods that can be adapted for a variety of university travel scenarios and encourage students to be responsible and thoughtful members of the global community who seek out valuable experiences in other cultures to go beyond the standard consumption of touristy clichés Furthermore this book contributes to existing discourse about travel by going beyond being just a tourist to become a person who impacts and is impacted by other cultures and the commensurate politics of place Contributors discuss issues of cultural imperialism economic disparity and responsible travel that can help protect unique destinations from the homogenizing effects of global capitalism encouraging respectful and responsible travel **Burke, War, Words** M. Elizabeth Weiser, 2008 In Burke War Words M Elizabeth Weiser reinserts Kenneth Burke's theory of dramatism into the social milieu from which it originated fostering a new understanding of how this concept of

motivation was itself motivated by war and criticism Weiser's model of a new approach to historiography contextualizes the origins of rhetorical theories in order to enrich their universal application **BOOK JACKET** **Speculations of War** Annette M. Magid, 2021-02-15 Late 19th century science fiction stories and utopian treatises related to morals and attitudes often focused on economic sociological and at times Marxist ideas More than a century later science fiction commonly depicts the inherent dangers of capitalism and imperialism Examining a variety of conflicts from the Civil War through the post 9 11 era this collection of new essays explores philosophical introspection and futuristic forecasting in science fiction fantasy utopian literature and film with a focus on the warlike nature of humanity **Pragmatic Modernism** Lisi Schoenbach, 2014-11-28 Pragmatic Modernism traces an alternative strain of modernism influenced by pragmatist philosophy and characterized by its commitment to gradualism continuity and habit rather than spectacular events and radical rupture Through original readings of Gertrude Stein Henry James Marcel Proust and Oliver Wendell Holmes Jr this study rediscovers an overlooked cultural and social matrix and suggests an expanded range of responses to modernity The Art of Growing Older Wayne C. Booth, 1996-12-15 Culled chiefly from great literary works this unusual compendium of prose and poetry excerpts highlights the physical and emotional aspects of aging Although Booth *The Rhetoric of Fiction* age 71 includes such cheery banal verse as *I Haven't Lost My Marbles Yet* Minnie Hodapp he has tailored this collection to encompass the unpleasant truths about aging William Butler Yeats's *Sailing to Byzantium* and excerpts from Simone de Beauvoir's *The Coming of Age* offer realistic assessments of the perils and possible consolations of aging The thoughtful commentary with which Booth connects the selections reminds readers that physical decay and fear of death are conditions common to us all This provocative collection braces rather than comforts *Late Poems, 1968-1993* Kenneth Burke, 2005 Recognized as one of the most influential critics and rhetoricians of the twentieth century Kenneth Burke 1897-1993 wrote poetry short stories and a novel in addition to more than a dozen books of critical theory The poetry from the last quarter century of his life has remained largely unpublished until now This collection of more than 150 poems provides new evidence that Burke continued dancing an attitude until the end of his life The Whitman Revolution Betsy Erkkila, 2020-12-15 The Whitman Revolution brings together a rich collection of Betsy Erkkila's phenomenally influential essays that have been published over the years along with two powerful new essays Erkkila offers a moving account of the inseparable mix of the spiritual sexual political in Whitman and the absolute centrality of male male connection to his work and thinking Her work has been at the forefront of scholarship positing that Whitman's songs are songs not only of workers and occupations but of sex and the body homoeroticism and liberation What is more Erkkila's writing demonstrates that this sexuality and communal impulse is central to Whitman's revolutionary poetry and his conception of democracy itself an insight that was all but suppressed during the mid twentieth century emergence of American literature as a field of study Highlights of this collection include Erkkila's essays on pairings such as Marx and Whitman Dickinson and Whitman and Melville and Whitman Across the volume

she demonstrates an international vision that highlights the place of Leaves of Grass within a global struggle for democracy The Whitman Revolution is evidence of Erkkila s remarkable ability to lead critical discussions and marks an exciting event in Whitman studies

The Humane Particulars William Carlos Williams,Kenneth Burke,2003 Of particular interest the correspondence documents a largely unexplored aspect of Burke s career his reciprocally influential relationship with the writers of the late modern and midcentury periods
