Selected Critical Writings:

Selected Critical Writings David Herbert Lawrence, 1998 A critic must be able to feel the impact of a work of art in all its complexity and force To do so he must be a man of force and complexity himself A critic must be emotionally alive in every fibre intellectually capable and skilful in essential logic and then morally very honest These comments by D H Lawrence are as close a description as any of himself as a critic They come from his essay on fellow novelist John Galsworthy and there are many other pieces on novels and novelists in this selection But Lawrence's range of genres extends to poetry and plays and paintings and his critical writing encompasses an enormous variety of subjects from Aeschylus and the Apocalypse to symbolism and syphilis for his interests are philosophical psychological religious moral sociological historical and cultural as well as literary and artistic This selection is a treasure trove of thought adventures by one of literature's liveliest critical spirits *Selected Critical Writings of George Santayana* George Santayana, 1968 **Richard Aldington: Selected**

Critical Writings, 1928-1960 Richard Aldington, 1970 Alister Kershaw Aldington's closest friend from 1947 until his death in 1962 here presents ten trenchant and refreshing essays not previously published in book form by perhaps the last of the great literary critics to come to grips with the jubilant illiteracy of these times In his highly personal and reflective Introduction Kershaw discusses Aldington's deep involvement in life the catholicity of his interests and his considerable erudition which gave his writing an unusual quality of spontaneity and eloquence Selected critical writings, 1928-1960, ed Richard Aldington, *Selected Critical Writings*, 1998 **Selected Critical Writings** George Santayana, 1968 **Liu**

Zaifu: Selected Critical Essays Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods *Selected Critical Writings; Ed. by N Henfrey* George Santayana, 1968 **Selected**

Orage,1967 **Selected Writings** A.J.M. Smith,2006-09-23 Arthur James Marshall Smith prize winning poet essayist influential anthologist and critic died in 1980 His last book The Classic Shade Selected Poems on which Selected Writings is based stands as his final intention in the world of literature To this long out of print book the editor has added original material by Smith in which he defined and advanced modernism in Canadian writing This edition also includes annotation an extended introduction and a bibliography Selected Critical Writings Vol 2 Santayana,1968-09-02 George Santayana 1863 1952 was one of the leading philosophers of his era His range of interests was wide in addition to books and essays on philosophical subjects he wrote literary criticism of the first rank cultural criticism that remained fresh and valid up to the time of this book s publication in 1968 and autobiographical works which reveal a man of great charm with a deep interest and affection for his acquaintances This two volume selection of Santayana s writing is exceptionally comprehensive the editor has been careful to provide passages which adequately illustrate Santayana s views on a wide variety of subjects and his selection includes essays and excerpts from books that had long been unavailable Volume two contains selections of cultural and social criticism and philosophical writing Selected Critical Studies of Baudelaire Charles Baudelaire,2015-02-19 Originally published in 1949 this book contains the French text of various essays by Baudelaire The essays cover a range of topics from Edgar Allen Poe to Delacroix and Madame Bovary and the majority are taken from Baudelaire s 1868 publication L art romantique Parm e provides an introduction examining Baudelaire s views as revealed in the essays as well as commenting on Baudelaire s style This book will be of value to anyone with an interest in French literature Gender, Genre, and Victorian Historical Writing Rohan Amanda Maitzen,2013-10-28 First published in 1999 and Middlemarch and of a range of nineteenth century historical works including works by and about women that are discussed extensively here for the first time The blurring of boundaries between historical and fictional narratives stimulated by the enormous success of Walter Scott s novels and the development of social history are shown to have been key factors in an uneven controversial but persistent feminization of history the first because of the longstanding association of novels with women the second because social history focuses on the private sphere traditionally women s domain Along with the appearance of numerous historical texts written by women and taking women as their subjects these developments challenged conventional beliefs about historical authority and relevance that had long relegated women to the margins both literally and metaphorically In its exploration of these changes and their implications Gender and Victorian Historical Writing revises standard assumptions about Victorian ideas of history finding an awareness of and experimentation with gender and genre that prefigure theoretical and scholarly concerns in contemporary women s history *Making of the Victorian Novelist* Bradley Deane,2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed

at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria's reign could be esteemed among the greatest of artists. Between these extremes stretches a century of ideological contention between alternative representations of authorship. Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production, arguments over copyright legislation and revisions of the criteria of periodical criticism. Combining literary sociology and close readings, *The Making of the Victorian Novelist* offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians' understanding of their great novelists. *Critical Reception of Arundhati Roy* Urvi Sharma, 2024-12-09 In the swirling landscape of contemporary literature, Arundhati Roy stands as the monsoon rains, equally loved and disparaged. This book delves into the kaleidoscope of reactions to Roy's writings that mediate her identity as a writer, activist, and celebrity in the public sphere. Her life in slums, job as an aerobics instructor, huge publishing advance, Booker win, sedition charges, silver jewellery, choice to go to Dantewada forests, and decision to refuse to model for Gap continue to mediate how her writings are viewed and read by the reading public. Understanding the cultural politics of this sense-making allows the scope to see how a wide variety of factors prompt the circulation, reception, and contextualisation of literary writings in the public sphere. **Second Words** Margaret Atwood, 2000 Fifty of Margaret Atwood's finest essays and reviews from 1960 to 1982 are included in this collection of her key critical writings. Wit and originality infuse discussions of the writing process, literary life, and such literary figures as Adrienne Rich, Northrop Frye, Anne Sexton, and E. L. Doctorow. Atwood's perspectives on Canadian nationalism and the American dream emerge, as do her controversial attitudes about feminism, sexism, and contemporary North American life. This largest collection of her critical prose showcases the human insight and sharp intellect that has distinguished Atwood as one of the most compelling writers of the 21st century.

Postcolonial George Eliot Oliver Lovesey, 2017-08-17 This book examines the range of the colonial imaginary in Eliot's works from the domestic and regional to ancient and speculative colonialisms. It challenges monolithic hegemonic views of George Eliot whose novelistic career paralleled the creation of British India and also dismissals of the postcolonial as ahistorical. It uncovers often overlooked colonized figures in the novels. It also investigates Victorian Islamophobia in light of Eliot's impatience with ignorance, intolerance, and xenophobia, as well as her interrogation of the make-believe of endings. Drawing on a range of sources from Eugène Bodichon's Algerian anthropological texts, the Persian journals of John Martyn, and postmodern re-engagements, *Postcolonial George Eliot* has implications for an understanding of the globalization of English, the decolonization of disciplinarity and periodization, and the roots of present-day conflict in the wider Mediterranean world. Byronic Heroes in Nineteenth-Century Women's Writing and Screen Adaptation Sarah Wootton, 2017-01-26 *Byronic Heroes in Nineteenth-Century Women's Writing and Screen Adaptation* charts a new chapter in the changing fortunes of a unique cultural phenomenon. This book examines the afterlives of the Byronic hero through the work of nineteenth-century

women writers and screen adaptations of their fiction It is a timely reassessment of Byron's enduring legacy during the nineteenth century and beyond focusing on the charged and unstable literary dialogues between Jane Austen Elizabeth Gaskell George Eliot and a Romantic icon whose presence takes centre stage in recent screen adaptations of their most celebrated novels The broad interdisciplinary lens employed in this book concentrates on the conflicted rewritings of Byron's poetry his heroic protagonists and the cult of Byronism in nineteenth century novels from *Pride and Prejudice* to *Middlemarch* and extends outwards to the reappearance of Byronic heroes on film and in television series over the last two decades
