journey to meeting, and mastering life lessons from some of India's most powerful people Rishabh Shah, 2023-10-02 True leaders don't create followers. They create more leaders and let them shine. That's one lesson Rishabh Shah learnt after he founded IIMUN India's International Movement to Unite Nations in 2011. Now as the world's largest youth run organisation, they work with thousands of young people across 220 cities in India and over 35 countries to put together concourses for school children. The aim is to sensitise leaders of tomorrow about the world from the Indian lens. IIMUN is creating leaders without creating noise. This book documents Rishabh's rollercoaster journey of reaching out to some of the most powerful people in India without any connections. Breaking through their carefully crafted media image, the book details how he opened the door to some of India's real-life influencers and how they actually are as people. Read his experience as he meets and learns from luminaries like Mohan Bhagwat, Rahul Gandhi, Dr Subramaniam Swamy, Late Pranab Mukherjee, PT Usha, Late Gen Bipin Rawat, Deepak Parekh, Karan Johar, AR Rahman, and Syed Akbaruddin. Sharing never heard before real-life anecdotes as an impressionable young adult who didn't have the baggage of being known, Rishabh has unknowingly and sometimes deliberately been imparted a lot of leadership and life lessons. These numerous closed-door engagements with the mentioned luminaries will sometimes teach you what to do and so also what not to do. This book is useful for those wanting to understand the centrist school of thought that one can learn from everyone. For those who want to learn leadership, those looking for inspiration to break the word impossible, or for those who are simply looking to build their own network, come discover. Nothing but the Truth. **International Retailing**, 2005. **Proceedings, American Philosophical Society (vol. 149, no. 1, 2005)**, *Before I Was CEO* Peter Vanham, 2016-11-14 Have you always known what you wanted to be in life? What are some watershed moments that made you who you are? When did you get on track to become a successful CEO? It started with three questions at Davos. The younger Peter Vanham looked to the answers from the elite leaders he asked to validate his own career choice, and the rich private wisdom he received revealed more about building a career than he'd found anywhere else. He shares it all with you in *Before I Was CEO*. For everyone who lays awake at night wondering if they're heading up or down the corporate ladder, this collection of personal stories from a remarkable group of the most accomplished men and women in business today proves everyone can put themselves in the C-suite by taking a variety of different paths. It's all how you do it. Some found opportunity through adversity, and others came by their big break moments through serendipity. A group of them walked away from corporate life and lived in other ways, and all of them made calculated moves to advance their careers. In their own words, read how it all unfolded, the tough decisions they wrestled, the risks and rewards they saw, and how it all came together. You don't need a royal pedigree or Ivy League education to reach the top as long as you value family, leave home, and make informed decisions based on your dreams. Take the first thirty-five years of your life to discover what you're interested in, and don't rush to be a CEO. Strategically deal with failure, remember the lessons you learned, and adapt to situations you can't change. You aren't the first person to be at the crossroads; you're

standing in and with the motivating and instructive stories in *Before I Was CEO* you may be answering a young journalist's questions at Davos one day

*Schooling the Child* Helena Austin, Bronwyn Dwyer, Peter Freebody, 2005-08-19 What is a child How is the concept of childhood defined This book aims to explore these perennial and complex questions by looking at the way in which society constructs and understands childhood The authors focus in

particular on the school a key location within which social and cultural notions of childhood are defined and performed The book is divided into three major parts Part 1 frames the accepted notions of childhood and schooling and introduces ethnomethodological analysis as a tool to rethink current versions of the child Part 2 focuses on how school students become members of a category within the institution of the classroom The authors explore this idea through transcripts of talk between teachers and students and amongst students themselves in two classroom studies Part 3 looks at the materials of education concentrating specifically on children's texts The authors examine how such texts portray a notion of the child within the story and also assume a notion of the child as reader of the story This important book shows how much is at stake for children in accepting adults' deep-seated notions of childhood It will be of great interest to educational researchers and policy makers sociologists of childhood teachers and student teachers
