Easter term 1795 ... with an appendix of precedents, etc. By the author of the Laws respecting Landlords and Tenants, etc. J. B. Bird** LAWS.,1802 **Invisible Masters** Elisabeth Ceppi,2018-07-03

Invisible Masters rewrites the familiar narrative of the relation between Puritan religious culture and New England s economic culture as a history of the primary discourse that connected them service The understanding early Puritans had of themselves as God s servants and earthly masters was shaped by their immersion in an Atlantic culture of service and the worldly pressures and opportunities generated by New England s particular place in it Concepts of spiritual service and mastery determined Puritan views of the men women and children who were servants and slaves in that world So too did these concepts shape the experience of family labor law and economy for those men women and children the very bedrock of their lives This strikingly original look at Puritan culture will appeal to a wide range of Americanists and historians The Laws Respecting Masters and Servants, Articled Clerks, Apprentices, Journeymen and Manufacturers ... African Americans and Colonial Legislation in the Middle Colonies Oscar Williams,2021-10-28 First published in 1998 During the first quarter of the seventeenth century Blacks began arriving in the middle colonies region At first regulation of these individuals posed no problem but by the beginning of the eighteenth century it became increasingly obvious that specific laws governing Blacks needed to be legislated in detail New York took the lead by having more slaves and legislation than New Jersey and Pennsylvania This study is primarily an effort to analyze and compare legislation governing Blacks in the middle colonies **A Body of Practical Divinity, Consisting of Above One Hundred Seventy Six Sermons on the Lesser Catechism Composed by the ... Second Edition Patrick FRASER (Lord Fraser.),1872 **Exploitation as Domination** Nicholas Vrousalis,2023

Exploitation is a globally pervasive phenomenon Slavery serfdom and the patriarchy are part of its lineage Temporary and sex workers commercial surrogacy precarious labour contracts sweatshops and markets in blood vaccines or human organs are some contemporary manifestations of exploitation What makes these exploitative transactions unjust And is capitalism inherently exploitative This book offers answers to these two questions Nicholas Vrousalis argues that exploitation is a form of domination self enrichment through the domination of others On the domination view exploitation complaints are not fundamentally about harm coercion or unfairness Rather they are about who serves whom and why Exploitation in a word is a dividend of servitude the dividend the powerful extract from the servitude of the vulnerable Vrousalis claims that this servitude is inherent to capitalist relations between consenting adults whereby capital is monetary control over the labour capacity of others It follows that capitalism the mode of production where capital predominates is an inherently unjust social structure Laws Regulating the Relative Rights and Duties of Masters, Servants, and Apprentices in the Cape Colony.
