Manchester, Fourteen Miles Margaret Penn,1981-03-05 The three volumes of Hilda Winstanley s childhood are now available for a new generation to enjoy **Manchester Fourteen Miles** Margaret Penn,1981 **Manchester Fourteen Miles, Etc** Margaret Penn,1950 Summer Excursions Concord and Montreal Railroad Company,1892 **British Working Class women authors (born before 1962) a list** Stefan Szczelkun ,2025-06-07 A collection of Wikipedia articles edited reformatted and with additions In chronological order References and sections on non literary activity are sometimes omitted hopefully not to the point of misrepresenting the author which might include feminist or political activism To my surprise the biographical material on Wikipedia was sometimes mesmerising although it was uneven Where there were gaps I have tried to fill them from other sources Refer back to the wikipedia articles for more context and references in some cases and if you have a verified source of information please update the Wikipedia article Wikipedia is published under a creative commons licence So this compilation also carries a creative commons licence Introduction Looking through Sarah Richardson s Writing on the Line 1996 I was struck by how many of the working class women writers were from North America and how many more were poets Howard Slater had made a list of British working class male novelists and I selected British woman writers from Writing on the Line and found that most of them now have Wikipedia pages I first made a list of links Wanting to take this further I first looked to focus on novels and short story writers but this category started to break up as many writers wrote in many idioms producing fact fiction poetry plays screenwriting and journalism I decided on an arbitrary cut off point of writers born before 1962 When I first made the list I was thinking how few working class women novelists had been published in this period But then the lists of books by each author started to stack up and there s plenty to read and much that I missed even really hearing about Of course it focuses on the most successful others who produced a community published autobiography or self published novel did not get a Wikipedia page and they should really be included every life counts Others only published an autobiography perhaps in the last years of life but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel **Summer Outings in the Old Granite State** Concord and Montreal Railroad Company,1890 The Mystique of Running the Public House in England David W. Gutzke,2024-05-14 This book is the first scholarly study to explore economic relations between brewers and publicans in the brewing industry over a century Based on overlooked historical evidence this volume examines over 400 interviews with candidates for public houses unpublished evidence of royal commissions heard in secrecy representations of publicans in fiction and film and systematic reading of 15 licensed victuallers newspapers The Mystique of Running the Public House in England situates licensed victualling among upper working and lower middle class occupations in England and abroad This book explores why aspiring but untrained individuals sought public house tenancies notwithstanding high

levels of turnovers and numerous bankruptcies among licensed victuallers Encapsulated in any newcomer's appraisal was the captivating vision of El Dorado a nirvana which promised unimaginable wealth high social status respectability and social mobility as rewards for those limited in income but not in ambition Despite the allure of El Dorado the likelihood of publicans realizing their aspirations was quite as remote as that of fish and chip proprietors Blackpool landladies and French café proprietors This volume will be of great value to students and scholars alike interested in British History Economic History and Social and Cultural History A Topographical Survey of the Counties of Stafford, Chester and Lancaster, Containing a New-engraved Map of Each County ...
