Instant Millionaires Max Gunther,2011-01-10 In this book you will meet three dozen impatient people They weren't satisfied with the slow plodding money saving route to financial security the safe route that most of us feel stuck with They wanted instant wealth and they got it As Max Gunther points out our folklore frowns on the idea of quick money Our cultural heroes have generally been plodders as in the fable about the race between a tortoise and a hare In the fable the hare loses The stories in this book are not fables They are true In these stories the hares win They are a richly varied lot these happy hares Gunther opens with a few dazzling millionaire legends such as the man who invented Monopoly You'll then meet such fascinating characters as Sam Wyly who made it in the computer industry Harvey Shuster who beat the stock market Dan Renn who grew rapidly rich by applying salesmanship to another man's idea Howard Brown who deliberately decided to be rich and became a multi millionaire within three years A group of men who made fast fortunes on fads such as the Hula Hoop and the Frisbee Jean Nidetch who organised the fabulously successful Weight Watchers These stories illustrate that the dream of

quick money isn't such a ridiculous dream after all. Maybe you've been harboring this kind of dream yourself. You've squelched the dream because you've been brainwashed by too many stories about tortoises beating hares. Everybody tells you your dream is laughable impractical. All right, get ready for a revelation. Read this delightful collection of tales about hares who won. When you've read them, maybe you'll decide to run with them. **Handbook of Research on Emerging**
