## **Once Upon A Time In The Military:**

Once Upon a Time in Russia and the United States Serguei Blinov, 2013-11-27 Author Serguei Blinov grew up in the former Union of Soviet Socialist Republics as the son of an engineer and a high school history teacher. Early on in life he set his sights on becoming a medical doctor. He also met the love of his life Lioudmila Vertiasheva. She graduated before him as a pediatric medical doctor before getting a job at a maternity hospital. Soon thereafter Blinov also found himself working in medicine. In this his memoir Blinov recalls the hard work it took for him to succeed the good times and the bad as well as what led him and his family to the United States of America. His honest assessment of life in both the Soviet Union and the United States showcases cultural differences and the positives and negatives of communism and capitalism. If you're interested in learning more about the former Soviet Union and what life there was really like, this personal narrative offers firsthand accounts of villages, agriculture, the educational system, and everyday life. What's more, Blinov relives his experiences from his first memory to the present, recounting in great detail each event that shaped him into the man he is today. *The Republic of Biafra: Once Upon a Time in Nigeria* Dr. Onyema G. Nkwocha, 2010-10-26 Not quite four months after the Western Region's election of October 10, 1965, did the localized mayhem in that Region find its way furiously into the center of the nation on January 15, 1966. It was like a whirlwind of nothing but anarchy and lawlessness. The serious aftermath of the marred and rigged election was that it acted as the last straw that broke the camel's back, providing immediate reason for the army to overthrow the government of Dr. Nnamdi Azikiwe. Anarchy ensued; a counter coup led to the death of Major General Ironsi. Callous barbarous massacre of thousands of easterners in the North followed. With their lives in jeopardy, easterners fled for safety to the eastern region. Refugee crisis followed. To guarantee their safety, easterners seceded from Nigeria, and on May 30th, 1967, formed an independent and sovereign nation, the Republic of Biafra. Determined to bring Easterners back, on July 6, 1967, Nigeria invaded Biafra, waging a gruesome thirty-month civil war against Biafra. Nigeria blockaded Biafra on land, sea, and air to prevent food from entering Biafra. A malnutrition disease, Kwashiorkor, that caused the deaths of thousands of Biafrans followed. Nigeria bombed Biafran civilians, killing thousands. On January 12, 1970, the war ended, leaving more than three million people dead in a war that was totally avoidable. **Once Upon a Time in Golden Glen** Jack Echols, 2009-11 Imagine a village in a beautiful, densely forested valley with hills and meadows as well as rivers and streams. The village fronts on an ocean to the west. Here, no one ages; illnesses and injuries heal in seconds. Work is rewarded with free housing, free meals, and beautiful clothing. One can pick off a shelf and take home useful articles and deliciously prepared restaurant meals. No money exists. Creative solutions are encouraged and sought after and shared. Love and glory are the parts of life that cause competition. Here, people can be true to themselves without suffering condemnation. People work to serve others. Government is committed to serving the needs of the people. There are no cars, no heavy machinery. Glenners travel long distances on the backs of horses or Maximum Monarchs, twenty-five foot tall monarch butterflies, rigged with seating for

human beings King SkyGolden a half elf can transform himself into the flying horse named Trumpet His wife Rubikan can do likewise Golden Glen a little piece of paradise Or is it This is a land where elves once ruled where their descendants still possess magic Eagles grow ten foot wingspans They have teeth reminiscent of fossilized birds Living in the Pariah Forest are strange creatures created by Kelpie eugenics Terror Trees and Octopoda Grasses bees as large as basketballs a Royal Lamia the owl that can change to many things one a half snake half woman In addition the Kelpie queen keeps an obedient pet a beautiful Lepainea created by genes from a leopard mixed with those of a hyena The Kelpie are astonishingly beautiful women and they use magic to destroy men They behave in vicious and murderous ways transforming into flying horses By using their beauty the magic and indulging in shocking sexual practices the women are able to control men and destroy them Ultimately it is the intention of the Kelpie to conquer Golden Glen and turn it into Glendura a place where they can create a commercial paradise by selling the secret of eternal life to people in the Left Behind the world where the three newcomers are from In the eastern mountains are the Troll an ugly misshapen little people with heads one third the size of humans Very muscular but stupid they are led by a queen who has entranced the Cenotaur a beast born of a rape of a tiny female centaur by the Minotaur of Crete Once enslaved by the elves the Troll queen is determined to take over the Glen The Troll and Kelpie continue their conflict amoral women of great beauty who are offended by the ugliness of the little people Battles between them were once commonplace but now the battles break out only now and then Kelpie use lepainea to attack the Troll the Troll have the Cenotaur to counter the cats But important for both Glenners are their enemy If they Troll and Kelpie unite they could overrun the Glen in a day This is the world into which the three young people Sarabeth Nita and Zack are thrust a world with different rules where no death exists yet people die War lurks over each hill even a sunrise is suspect But love like the Glen is fragile a tender bud aching to bloom

Once Upon a Time (bomb) Manlio Argueta,2007 Once Upon a Time Bomb is a charming memoir of a young boy growing up in El Salvador It tells the story of Alfonso Duque the Thirteenth a youngster from a poverty stricken family and a budding poet Surrounded by hovering women his mother aunts grandmothers and sisters little Alfonso still manages to enjoy boyish pranks and endure scraped elbows knees and ego while also discovering the pleasures of reading The womenfolk laughingly describe him on his throne atop the trees or back in the outhouse where he often escapes to read This work of innocence is set against a darker backdrop of the growing violence in the Salvadoran countryside and the news coming from the fronts of the Second World War Argueta incorporates many of the best loved local folktales into the narrative the Siguanaba Chinchintora the Snake Theodora the Coyote some of them personalized or hilariously adapted by the women to fit their own circumstances In the book the author works through

through difficult government examinations China's last dynasty was the Qing 1644-1912 which was replaced by the Republic of China in 1912 and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood the most recent being the Chinese Civil War 1927-1949. China was occasionally dominated by steppe peoples most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism Chinese dynasties have ruled parts or all of China in some eras control stretched as far as Xinjiang and Tibet as at present. Traditional culture and influences from other parts of Asia and the Western world carried by waves of immigration, cultural assimilation, expansion and foreign contact form the basis of the modern culture of China. *Military Intelligence Professional Bulletin*, 1997-10 *Military Situation in the Far East*. When Brian Dickson was appointed in 1973 the Supreme Court of Canada was preoccupied with run of the mill disputes. By the time he retired as Chief Justice of Canada in 1990 the Court had become a major national institution very much in the public eye. The Court's decisions reforming large areas of private and public law under the Charter of Rights were the subject of intense public interest and concern. Brian Dickson played a leading role in this transformation. Engaging and incisive. Brian Dickson: A Judge's Journey traces Dickson's life from a Depression era boyhood in Saskatchewan to the battlefields of Normandy, the boardrooms of corporate Canada and high judicial office and provides an inside look at the work of the Supreme Court during its most crucial period. Dickson's journey was an important part of the evolution of the Canadian judiciary and of Canada itself. Sharpe and Roach have written an accessible biography of one of Canada's greatest legal figures that provides new insights into the work of Canada's highest court. *Military Quality of Life and Veterans Affairs, and Related Agencies Appropriations for 2006*.
