Responsa From The Holocaust:

Responsa from the Holocaust Efraim Oshry, 1983 *Rabbinic Responsa of the Holocaust Era* Robert S. Kirschner, 1985 A translation of 14 rabbinic responsa halakhic rulings issued during and immediately after the Holocaust which reveal the tragic situations occurring daily at this time The issues discussed include whether one is obliged to object to the sterilization of a mentally ill woman whether it is permissible to stun an animal before ritual slaughter the status of Jewish prisoners ashes which were returned to their families after Kristallnacht whether one must repent for inadvertently suffocating a crying infant while hiding from the Nazis the status of Jews who converted to Christianity in order to avoid deportation whether one may ransom a family member at the expense of another's life and whether one may volunteer to die in order to save a Torah scholar **Holocaust Responsa in the Kovno Ghetto (1941-1944)** Ephraim Kaye, 2009 Jewish Responses to Persecution: 1938-1940 Alexandra Garbarini, 2011-08-16 Published in association with the United States Holocaust Memorial Museum Jewish Responses to Persecution Volume II 1938-1940 is the second volume of the five volume set within the series Documenting Life and Destruction Holocaust Sources in Context This volume brings together in an accessible historical narrative a broad range of documents including diaries letters speeches newspaper articles reports Jewish identity cards and personal photographs from Jews in Nazi dominated Europe and beyond Europe's borders The volume skillfully illuminates the daily lives of a diverse range of Jews who suffered under Nazism their coping strategies and their efforts to assess the implications for the present and future of the persecution they faced during this period Volume II begins with Kristallnacht in 1938 and continues through the Jewish flight out of Germany the onset of World War II the forced relocation of the Jews of Europe to the East and the formation of Jewish ghettos particularly in Poland The twelve chapters divided into four parts track the trajectory of German expansion and anti Jewish policies chronologically attesting to a clear progression of persecution over time and space At the same time they reflect the vast differences in the responses of Jewish communities groups and individuals within and beyond the Germans grasp differences that resulted both from the unevenness of the Reich's policy toward Jews as well as the varied backgrounds traditions expectations and life histories of Jews affected by German policy This volume raises essential questions such as What was the spectrum of Jewish perceptions and actions under Nazi domination How did Jews affected directly or others standing on the outside view the situation In what ways were Jews able to influence their own fate under persecution What role did Jewish tradition play in how the present and future were interpreted The answers inherent in the documents are often varied or inconclusive nonetheless these sources add considerably to our understanding of the Holocaust *Jewish Law and American Law, Volume 2* Samuel J. Levine, 2021-02-16 This volume contributes to the growing field of comparative Jewish and American law presenting twenty six essays characterized by a number of distinct features The essays will appeal to legal scholars and at the same time will be accessible and of interest to a more general audience of intellectually curious readers These contributions are faithful to

Jewish law on its own terms while applying comparative methods to offer fresh perspectives on complex issues in the Jewish legal system Through careful comparative analysis the essays also turn to Jewish law to provide insights into substantive and conceptual areas of the American legal system particularly areas of American law that are complex controversial and unsettled

Health Care and the Ethics of Encounter Laurie Zoloth, 1999 The last several years have seen a sharpening of debate in the United States regarding the problem of steadily increasing medical expenditures as well as inflation in health care costs a scarcity of health care resources and a lack of access for a grow

Jewish Responses to Persecution: 1938-1940 Jürgen Matthäus, Mark Roseman, Alexandra Garbarini, Emil Kerenji, Jan Lambertz, Avinoam Patt, 2010 Volume II begins with Kristallnacht in 1938 and continues through Jewish flight out of Germany the onset of World War II the forced relocation of the Jews of Europe to the East and the formation of Jewish ghettos particularly in Poland

Shoah and Torah David Patterson, 2021-11-18 Shoah and Torah systematically takes up the task of reading the Shoah through the lens of the Torah and the Torah through the lens of the Shoah The investigation rests upon 1 the metaphysical standing that the Nazis ascribed to the Torah 2 the obliteration of the Torah in the extermination of the Jews 3 the significance of the Torah for an understanding of the Shoah and 4 the significance of the Shoah for an understanding of the Torah The basis for the inquiry lies not in the content of a certain belief but in the categories of a certain mode of thought Distinct from all other studies this book is grounded in the categories of Jewish thought and Judaism the categories of creation revelation and redemption that the Nazis sought to obliterate in the Shoah Thus the investigation is itself a response to the Nazi project of the extermination of the Jews and the millennial testimony of the Jews to the Torah

"We are Here" Avinoam J. Patt, Michael Berkowitz, 2010 Collects groundbreaking research on displaced persons DPs in Europe in the period after World War II and before the establishment of Israel By the spring of 1947 less than two years after Nazi Germany's defeat some 250 000 Jewish refugees remained in the displaced persons camps of Germany Italy and Austria Yet many Jews did not know whether to return to their home countries or move on to someplace else As a result these stateless displaced persons DPs created a unique space for political cultural and social rebirth that was tempered by the complications of overcoming recent trauma In *We Are Here* editors Avinoam J. Patt and Michael Berkowitz present current research on DPs between the end of the war and the creation of the State of Israel in order to present a more complete and nuanced picture of the DP experience challenging many earlier assumptions about this group Contributors to this volume analyze art music and literature of the DPs as well as historical records of specific DP communities to explore the first reactions of survivors to liberation and their understanding of place in the context of postwar Germany and in Europe more generally A number of the contributions in this volume challenge prior interpretations of Jewish DPs and Holocaust survivors including the supposedly unified background of the DP population the notion of a general reluctance to confront the past the idea of Zionism as an inevitable success after the war and the suggestion that Jews despite their presence in Germany strenuously avoided contact with Germans Far from constituting a

monolithic whole then *We Are Here* demonstrates that the DPs were composed of diverse groups with disparate wartime experiences Responding to burgeoning scholarship on DPs and related issues *We Are Here* sifts through the copious records DPs left behind to shed light on the many facets of a vibrant DP society Scholars of the Holocaust and all readers concerned with the Jewish experience immediately after World War II will be grateful for this volume [The Routledge Handbook to Auschwitz-Birkenau](#) Sarah M. Cushman, Joanne Pettitt, Dominic Williams, 2025-08-12 This handbook examines Auschwitz Birkenau as both a site and a symbol of Nazi genocide Scholars from a range of disciplinary perspectives consider Auschwitz's history by engaging with Holocaust historiography and its place in Holocaust memory and representation illustrating their mutual influence The chapters bring new insights to topics that other studies of Auschwitz have explored before such as the Sonderkommando the Czech family camp and literary representations of Auschwitz Other chapters cover recent developments and more neglected areas such as the experience and memory of Romani prisoners the fate of Soviet prisoners of war and Auschwitz's presence on social media The handbook also responds to a number of recent trends and new paradigms in Holocaust Studies including contributions from the fields of Environmental Studies Spatial Studies and Gender Studies As a crucial overview of the topic of Auschwitz Birkenau and an introduction to its most recent and fruitful scholarly approaches this handbook will be a valuable resource for undergraduates from second year and up as well as for graduate students and researchers seeking a survey of the field [Reading Jewish Religious Texts](#) Eliezer Segal, 2012-02-07 *Reading Jewish Religious Texts* introduces students to a range of significant post biblical Jewish writing It covers diverse genres such as prayer and liturgical poetry biblical interpretation religious law philosophy mysticism and works of ethical instruction Each text is newly translated into English and accompanied by a detailed explanation to help clarify the concepts and arguments The commentary also situates the work within its broader historical and ideological context giving readers an enhanced appreciation of its place in the Jewish religious experience This volume includes a comprehensive timeline glossary and bibliography [Imagining the Jewish God](#) Leonard Kaplan, Ken Koltun-Fromm, 2016-09-09 Jewish art has always been with us but so has a broader canvas of Jewish imaginings in thought in emotion in text and in ritual practice *Imagining the Jewish God* was there in the beginning as it were engraved and embedded in the ways Jews lived and responded to their God This book attempts to give voice to these diverse imaginings of the Jewish God and offers these collected essays and poems as a living text meant to provoke a substantive and nourishing dialogue A responsive living covenant lies at the heart of this book a covenantal reciprocity that actively engages the dynamics of Jewish thinking and acting in dialogue with God The contributors to this volume are committed to this form of textual reasoning even as they all move us beyond the text as foundational for the imagined people of the book That people we submit lives and breathes in and beyond the texts of poetry narrative sacred literature film and graphic mediums We imagine the Jewish people and the covenant they respond to as provocative intimations of the divine The essays in this volume seek to draw these vocal intimations out so that we can all

hear their resonant call **George's Kaddish for Kovno and the Six Million** Catherine Gong,2009-02-24 After interviewing a Holocaust survivor who took clandestine photographs of the Kovno Ghetto at great risk a graduate student stumbles over a diary chronicling the same time and place during Nazi occupation She soon discovers that photographer George Kaddish is one of only two known Jewish photographers who recorded ghetto life but most importantly she learns that hope and humanity still exist *The A to Z of Judaism* Norman Solomon,2009-08-13 Judaism the religion of the Jewish people is one of the first recorded monotheistic religions and as such is one of the oldest religious traditions still practiced today While its influences can be seen in the religions of both Christianity and Islam many of its beliefs traditions and practices are unknown The second edition of *The A to Z of Judaism* doesn't just present religious beliefs in a traditional sense but investigates the complex intermingling of religion devotion lifestyle and culture as it is found in diverse Jewish populations around the world and as it has evolved over the course of recent human history Judaism like many other cultural institutions has rarely remained static instead continually investigating and questioning itself metamorphosing in relation to the world By means of a chronology an introductory essay a bibliography and numerous cross referenced dictionary entries on important persons writings institutions concepts Hebrew words philosophy theology and religious law author Norman Solomon provides an important reference source for the study of Judaism Responsa from the Holocaust Ephraim Oshry,1989 Jews and Judaism in The New York Times Christopher Vecsey,2013-07-18 In a recent book *Following 9 11 Religion Coverage in the New York Times* Christopher Vecsey examines journalistic definitions of religion before and especially after the terrible events of September 11 2001 Here he explores Times portrayals of the cumulative religious tradition called Judaism embodied by peoples who have called themselves Jews from antiquity to modernity throughout the world and especially in the United States where a plurality of Jews live today and where the Times is published To understand Judaism today is to fathom its diverse texts beliefs rituals ethics and institutions the contemporary concerns of Jews and the relationships not only among Jews but also between Jews and gentiles and the continuing impact of anti-Semitism upon Jewish life Since the 1940s Jews and Judaism have been profoundly affected by the horrific course of the Holocaust and by the formation of Israel as a Jewish nation state These have been the major themes in the Times treatment of Judaism chronicled in thousands of articles Like an insider to Jewish tradition the paper recounts favorite holy day recipes and tales of survival and travail in a multi national and assimilative world In so doing however the paper probes not only concurrence within Judaism but more tellingly a complex multi cultural at odds with itself Jewishness Rather than thinking of the Times as a mouthpiece for Jewish interests it is far more accurate to say that the Times has analyzed like an outsider the paradoxes the tensions and the culture wars in contemporary Jewish existence in order to define pluralistic Judaism as a political cultural religious entity The Times treats Judaism humanistically showing that it is the Jewish people who are most important to Judaism not merely the texts the theology or the institutions The paper works from perspectival Talmudic

principles reporting multiple viewpoints in the circle of Jewish faith observance contestation and disbelief constantly questioning all sources as an observant instrument of inquiry into Jewish existence to expose Judaism's points of conflict as well as its areas of consensus Testimonies of Resistance Nicholas Chare, Dominic Williams, 2019-09-01 The Sonderkommando the special squad of enslaved Jewish laborers who were forced to work in the gas chambers and crematoria of Auschwitz Birkenau comprise one of the most fascinating and troubling topics within Holocaust history As eyewitnesses to and unwilling abettors of the murder of their fellow Jews they are the object of fierce condemnation even today Yet it was a group of these seemingly compromised men who carried out the revolt of October 7 1944 one of the most celebrated acts of Holocaust resistance This interdisciplinary collection assembles careful investigations into how the Sonderkommando have been represented by themselves and by others both during and after the Holocaust **The Jews in Poland and Russia: A Short History** Antony Polonsky, 2013-09-26 A very readable and comprehensive overview that examines the realities of Jewish life while setting them in their political economic and social contexts **Agony in the Pulpit** Marc Saperstein, 2018-06-15 Many scholars have focused on contemporary sources pertaining to the Nazi persecution and mass murder of Jews between 1933 and 1945 citing dated documents newspapers diaries and letters but the sermons delivered by rabbis describing and protesting against the ever growing oppression of European Jews have been largely neglected Agony in the Pulpit is a response to this neglect and to the accusations made by respected figures that Jewish leaders remained silent in the wake of catastrophe The passages from sermons reproduced in this volume delivered by 135 rabbis in fifteen countries mainly from the United States and England provide important evidence of how these rabbis communicated the ever worsening news to their congregants especially on important religious occasions when they had peak attendance and peak receptivity A central theme is how the preachers related the contemporary horrors to ancient examples of persecution Did they present what was occurring under Hitler as a reenactment of the murderous oppressions by Pharaoh Amalek Haman Ahasuerus the Crusaders the Spanish Inquisition the Russian Pogroms When did they begin to recognize and articulate from their pulpits an awareness that current events were fundamentally unprecedented Was the developing cataclysm consistent with traditional beliefs about God's control of what happened on earth No other book length study has presented such abundant evidence of rabbis in all streams of Jewish religious life seeking to rouse and inspire their congregants to full awareness of the catastrophic realities that were taking shape in the world beyond their synagogues

When Jews Argue Ethan B. Katz, Sergey Dolgopolski, Elisha Ancselovits, 2023-10-06 This book re thinks the relationship between the world of the traditional Jewish study hall the Beit Midrash and the academy Can these two institutions overcome their vast differences Should they attempt to do so If not what could two methods of study seen as diametrically opposed possibly learn from one another How might they help each other reconceive their interrelationship themselves and the broader study of Jews and Judaism This book begins with three distinct approaches to these challenges The chapters then

follow the approaches through an interdisciplinary series of pioneering case studies that reassess a range of topics including religion and pluralism in Jewish education pain sexual consent and ethics in the Talmud the place of reason and devotion among Jewish thinkers as diverse as Moses Mendelssohn Jacob Taubes Sarah Schenirer Ibn Chiquitilla Yair ayim Bacharach and the Rav Shagar and Jewish law as a response to the post Holocaust landscape The authors are scholars of rabbinics history linguistics philosophy law and education many of whom also have traditional religious training or ordination The result is a book designed for learned scholars non specialists and students of varying backgrounds and one that is sure to spark debate in the university the Beit Midrash and far beyond
