

7. Selected Bibliography

This list includes texts and other sources cited in the main body of the book. Excluded are newspaper and magazine texts due to their sheer numbers, which would have exhausted the bibliography. Additionally, books and other writings that were consulted but not directly cited are not listed below. However, all sources are cited and mentioned with full bibliographic details in footnotes when used for the first time. Frequently cited newspaper and magazine titles have been abbreviated in footnotes and tables. In cases where the Korean title written in Roman letters is long, the English translated title is used. Detailed bibliographic information and URLs are provided below in the list of databases and books. Each online database was accessible as of January 19, 2024. Databases subordinated to Han'guksa Teit'ō Peis'ū (Korean History Database) operated by the National Institute of Korean History are enlisted separately to clarify set of data used for this study.
