Pioneers of Amphibious Warfare, 1898-1945 Leo J. Urwin, 2002-06-01 Facing Fearful Odds is based on interviews and correspondence gathered from more than seventy of Wake s American defenders and on research in archival and printed sources The book covers the planning and political struggles that began Wake Island s transformation into a naval air station and submarine base the U S Navy s eleventh hour efforts to garrison and fortify Wake and the various air sea and land attacks that resulted in the atoll s capture by the Imperial Japanese Navy This study attempts to correct the myths that shroud what happened on the atoll from preface SEMPER FIDELIS, 1947 The History of Marines Around the World Adam Augustyn, 2014-01-01 By combining both naval and terrestrial tactics marine forces have formed a key part of many armed forces in history and are notably often among the first to fight This thorough guide to the world s most prominent marine corps covers the use of amphibious assaults in the major conflicts of the last two centuries including the Napoleonic Wars both World Wars the Korean War the Falklands War and conflicts of the 21st century among others Photographs and sidebars help make this book as visually appealing as it is informative **Feeding Bone Meal to Range**

Fraps, H. Schmidt, Henry Jonathan Reinhard, Jacob Joseph Taubenhaus, V. E. Hafner, 1926 **U.S. Marines and Irregular Warfare** Nicholas J. Schlosser, 2015 U S Marines in Irregular Warfare Training and Education is a brief history that recounts how the U S Marine Corps adapted to fight the Global War on Terrorism during 2000 10 The Marine Corps has a long history of fighting irregular wars including the Banana Wars in Central America during the 1920s and the Vietnam War during the 1960s To battle the insurgencies in Iraq and Afghanistan the Corps drew upon this experience while also implementing new plans and programs to better prepare Marines to carry out counterinsurgency operations The Marine Corps updated the curriculum at the Command and Staff College and transformed the annual Combined Arms Exercise into Exercise Mojave Viper an immersive training program that simulated the urban environments in which Marines would be operating in Southwest Asia Most importantly Marines adjusted in the field as battalion and company commanders drew on their basic training and education to devise innovative tactics to better combat the new threats they now faced as this story shows the Marine Corps did not undergo a radical transformation to fight in Iraq and Afghanistan but instead drew on principles that had defined it as a warfighting organization throughout most of its history Keywords United States Marine Corps United States Marines U S Marine Corps U S Marines Marines Marine Corps Global War on Terrorism global war on terrorism irregular warfare military strategy counterinsurgency combat Iraq war Iraq War Afghanistan military education soldier training combat training and tactics Southwest Asia **The Marines, Counterinsurgency, and Strategic Culture** Jeannie L. Johnson, 2018-05-01 The United States Marine Corps has a unique culture that ensures comradery exacting standards and readiness to be the first to every fight Yet even in a group that is known for innovation culture can push leaders to fall back on ingrained preferences Jeannie L Johnson takes a sympathetic but critical look at the Marine Corps s long experience with counterinsurgency warfare Which counterinsurgency lessons have been learned and retained for next time and which have been abandoned to history is a story of battlefield trial and error but also a story of cultural collisions The book begins with a fascinating and penetrating look inside the culture of the Marine Corps through research in primary sources including Marine oral histories and interviews with Marines Johnson explores what makes this branch of the military distinct their identity norms values and perceptual lens She then traces the history of the Marines counterinsurgency experience from the expeditionary missions of the early twentieth century through the Vietnam War and finally to the Iraq War Her findings break new ground in strategic culture by introducing a methodology that was pioneered in the intelligence community to forecast behavior Johnson shows that even a service as self aware and dedicated to innovation as the Marine Corps is constrained in the lessons learned process by its own internal predispositions by the wider US military culture and by national preferences Her findings challenge the conclusions of previous counterinsurgency scholarship that ignores culture This highly readable book reminds us of Sun Tzu s wisdom that to be successful in war it is important to know thyself as well as the enemy This is a must read for anyone interested in the Marines Corps counterinsurgency warfare military

innovation or strategic culture **The Dennis Olson Story** Karl Eriksen, 2011-01-20 This is the personal story of Dennis Olson a combat marine who served in the Pacific Theater during World War Two The story follows him through the landing and battle at Tarawa followed by three months Garrison Duty When relieved by the Army he and his Battalion were sent to Kauai Hawaii to replace the missing troops and equipment and battle train for the next campaign which was Guam After Guam came the worst of the worst for him that of the invasion and battle for Okinawa known as The Last Battle Dennis experienced combat scenes that were horrific truly the worse any war has to offer To have lived through them and come out on the other side alive with limbs and body parts intact was a constant source of amazement to him the rest of his life Though combat is the main thrust of his story there is more much more The lulls between battles constitute the majority of Dennis experiences in the Pacific What would you do if you were stuck on an equatorial Pacific island rationed two canteens of water per day unable to beg borrow or purchase soft drinks beer or booze Dennis and his compatriots found ways Is it against the law to steal Of course it is it might even be one of the Thou Shall Nots Is it possible to have beer up the gazoo to produce wine without grapes and a winery to manufacture White Lightning without a distillery
