*Senate Journal of the Legislature of the State of Washington* Washington (State). Legislature. Senate,1905     *Senate Journal* Washington (State). Legislature. Senate,1905     **Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ...** United States. Superintendent of Documents,     *Catalogue of the Public Documents of the [the Fifty-third] Congress [to the 76th Congress] and of All Departments of the Government of the United States* United States. General Assembly,1871     *Schooling in the Antebellum South* Sarah L. Hyde,2016-10-19 In *Schooling in the Antebellum South* Sarah L Hyde analyzes educational development in the Gulf South before the Civil War not only revealing a thriving private and public education system but also offering insight into the worldview and aspirations of the people inhabiting the region While historians have tended to emphasize that much of the antebellum South had no public school system and offered education only to elites in private institutions Hyde s work suggests a different pattern of development in Louisiana Mississippi and Alabama where citizens actually worked to extend schooling across the region As a result students learned in a variety of settings in their own homes with a family member or hired tutor at private or parochial schools and in public free schools Regardless of the venue Hyde shows that the ubiquity of learning in the region proves how highly southerners valued education As early as the 1820s and 1830s legislators in these states sought to increase access to education for less wealthy residents through financial assistance to private schools Urban governments in the region were the first to acquiesce to voters demands establishing public schools in New Orleans Natchez and Mobile The success of these schools led residents in rural areas to lobby their local legislatures for similar opportunities Despite an economic downturn in the late 1830s that limited legislative appropriations for education the economic recovery of the 1840s ushered in a new era of educational progress The return of prosperity Hyde suggests coincided with the maturation of Jacksonian democracy a political philosophy that led southerners to demand access to privileges formerly reserved for the elite including schooling Hyde explains that while Jacksonian ideology inspired voters to lobby for schools the value southerners placed on learning was rooted in republicanism they believed a representative democracy needed an educated populace to survive Consequently by 1860 all three states had established statewide public school systems *Schooling in the Antebellum South* successfully challenges the conventional wisdom that an elitist educational system prevailed in the South and adds historical depth to an understanding of the value placed on public schooling in the region     [Appendix to the Senate and House Journals of the ... sweep of Argentine American relations from the time of Argentina's revolt against Spain in 1810 to the close of its 150th year of independence Through comprehensive analysis and narrative this study illuminates one of the most enigmatic areas of Western Hemisphere relationships From what would seem to be a bewildering array of incidents Professor Peterson isolates the basic undercurrents which mold Argentine policies Internally Argentina's path to stability is shown to be marred by developing social stratification and conflict economic mismanagement and the deep uncertainty of shifts from dictatorship to democracy Internationally the germs of discord with the United States are found in nationalism anticolonialism desire for hemispheric leadership and economic competition Discussed too are the fascinating crucial weaknesses and errors of human leadership in both countries Argentina and the United States 1810 1960 makes an important contribution to an understanding of current as well as historical affairs it greatly helps to explain why in the twentieth century the government and people of the United States frequently face an Argentine problem      **The National Union Catalog, Pre-1956**
