**Thomas Adams Upchurch** 

#### Senator John James Ingalls Kansas Iridescent Republican:

Senator John James Ingalls, Kansas' Iridescent Republican Burton J. Williams, 1972 John James Ingalls who served Kansas as a U S senator from 1873 to 1891 was one of the most picturesque and striking figures the country has ever known

**Senators of the United States** ,1995 Senators of the United States Diane B. Boyle, 1995 S Doc 103 34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works The Kansas State Constitution Professor Francis H. Heller, 2011-04-18 Formally Kansas still operates under a constitution dating from 1959 However its present day basic law differs importantly from the original text In The Kansas State Constitution Francis H Heller offers an unprecedented explanation of Kansas s experience with incremental revision In The Kansas State Constitution Francis H Heller carefully traces the history and development of the Kansas state constitution Heller includes the constitutional text in its entirety and offers accompanying descriptions of specific constitutional provisions These descriptions provide readers with important information about the origins each provision as well as ways in which the courts and other governmental bodies have interpreted them A bibliographical essay describing the most important sources of the constitutional history and constitutional law of Kansas making this an indispensable for students scholars and practitioners of Kansas's constitution Previously published by Greenwood this title has been brought back in to circulation by Oxford University Press with new verve Re printed with standardization of content organization in order to facilitate research across the series this title as with all titles in the series is set to join the dynamic revision cycle of The Oxford Commentaries on the State Constitutions of the United States The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state s constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents Kansas Governors Homer E. Socolofsky, 2021-10-08 This one stop reference work is a governors hall of fame a compendium of information about the 51 men who have held the chief executive post since the opening of the Kansas Territory in 1854 Using both primary and secondary sources historian Homer Socolofsky sketches a concise biography of each governor and compares their roles in Kansas history He also provides comparative election and demographic data as well as suggestions for additional reading Supplementing the text are 93 historic photographs including each chief executive s portrait and autograph Twelve maps and

tables depict and compare aspects of the governors lives showing occupational background birthplace and residence Kansas Governors brings together in a single volume a far more complete treatment of both territorial and state governors as well as acting governors than can be found in other biographical dictionaries It will be a useful tool for Kansas history buffs and an essential reference for school and public libraries The United States Senate, a Historical Bibliography Richard A. Baker, United States. Congress. Senate. Historical Office, 1977 United States Senate Election, Expulsion, and Censure Cases, 1793-1990 Anne M. Butler, Wendy Wolff, 1995 **Tough Daisies** Clarence Robert Haywood, 1995 By reputation Kansas isn t the funniest place on earth But it has its share of humor In this book Robert Haywood reveals the lighter side of a state that s too often pegged a collection of sober minded moralists struggling to find Utopia among the stars He explores what has passed for humor in good times and bad and divulges what makes Kansans laugh Miner, 2002-10-21 Kansas is not only the Sunflower State it s the very heart of America's heartland It is a place of extremes in politics as well as climate where ambitious and energetic people have attempted to put ideals into practice a state that has come a long way since being identified primarily with John Brown and his exploits Craig Miner has written a complete and balanced history of Kansas capturing the state s colorful past and dynamic present as he depicts the persistence of contrasting images of and attitudes toward the state throughout its 150 years A work combining serious scholarship with great readability it encompasses everything from the Kansas Nebraska Act to the evolution creationism controversy emphasizing the historical moments that were pivotal in forming the culture of the state and the diverse group of people who have contributed to its history Kansas The History of the Sunflower State is the first new state history to appear in over twenty five years and the most thoroughly researched ever published Written to enlighten general readers within and well beyond the state s borders it offers coverage not found in previous histories greater attention to its cities notably Wichita and to its south central and western regions accounts of business history contributions of women and minorities and environmental concerns It presents the dark as well as the bright side of Kansas progressivism and is the first Kansas history to deal with the post World War II era in any significant detail Craig Miner has spent almost forty years researching teaching and writing Kansas history and has dug deeply into primary sources especially gubernatorial papers that shed new light on the state That research has enabled him to assemble a wider cast of characters and more entertaining collection of quotations than found in earlier histories and to better show how individual initiative and entrepreneurial aspirations have profoundly influenced the creation of present day Kansas Ranging from the days of cattle and railroads to the era of oil and agribusiness this history situates the state in its own terms rather than as a sidebar to a larger American epic Miner brings to its pages an identifiable Kansas character to preserve what is distinctive about the state s identity for future generations echoing what one Kansan said over half a century ago Kansas is simply Kansas May she never be tempted to become anything else Kansas: A History Kenneth S. Davis, 1984-06-17 No state s creation was more dramatic more at the center

of national attention more involved in fundamental moral conflict than that of Kansas In a sense the state s history began with the arrival of the first Puritans of New England and the first slaves of Virginia The States And The Nation Series of which this volume is a part is designed to assist the American people in a serious look at the ideals they have espoused and the experiences they have undergone in the history of the nation *Political Manhood* Kevin P. Murphy, 2010-08-06 In a 1907 lecture to Harvard undergraduates Theodore Roosevelt claimed that colleges should never turn out mollycoddles instead of vigorous men warning that the weakling and the coward are out of place in a strong and free community A paradigm of ineffectuality and weakness the mollycoddle was all inner life whereas his opposite the red blood was a man of action Kevin P Murphy reveals how the popular ideals of American masculinity coalesced around these two distinct categories Because of its similarity to the emergent homosexual type the mollycoddle became a powerful rhetorical figure often used to marginalize and stigmatize certain political actors Murphy s history follows the redefinition of manhood across a variety of classes especially in the work of late nineteenth century reformers who trumpeted the virility of the laboring classes Challenging the characterization of the relationship between political machines and social and municipal reformers at the turn of the twentieth century he revolutionizes our understanding of the gendered and sexual meanings attached to political and ideological positions of the Progressive Era The Rose Man of Sing Sing James McGrath Morris, 2009-08-25 This biography of the early 20th century newspaper giant who became news after killing his wife has the pace and detail of an engrossing historical novel Boston Herald As city editor of Joseph Pulitzer's New York Evening World Charles E Chapin was the quintessential newsroom tyrant he drove reporters relentlessly setting the pace for evening press journalism with blockbuster stories from the Harry K Thaw trial to the sinking of the Titanic At the pinnacle of his fame in 1918 Chapin was deeply depressed and facing financial ruin He decided to kill himself and his wife Nellie But after shooting Nellie in her sleep he failed to take his own life The trial made one hell of a story for the Evening World's competitors and Chapin was sentenced to life in Ossining New York s infamous Sing Sing Prison In The Rose Man of Sing Sing James McGrath Morris tracks Chapin's journey from Chicago street reporter to celebrity New York powerbroker to infamous murderer But Chapin's story is not without redemption in prison he started a newspaper fighting for prisoner rights wrote a best selling autobiography had two long distance love affairs and transformed barren prison plots into world famous rose gardens The first biography of one of the founding figures of modern American journalism and a vibrant chronicle of the cutthroat culture of scoops and scandals The Rose Man of Sing Sing is also a hidden history of New York at its most colorful and passionate

<u>Populism and Politics</u> Peter H. Argersinger,2021-10-21 This study focuses attention of the People's party which existed for a short time in the 1890s Despite its brief existence the party and the movement that brought it into being had a lasting effect on American politics and society Populism originally developed outside the political system because the system had proved incapable of responding to real needs As the movement was transformed into the People's party however much of its

responsive nature was lost The People's party became subject to the same influences that guided the old parties and it became more concerned with winning office than with promoting genuine reform In finding this sharp distinction between Populism and the People's party Mr Argersinger portrays Populism not as a success but as a tragic failure betrayed from within by politicians who followed political dictates rather than Populist principles Mr Argersinger studies the Populist predicament in organizing a national movement in a time of political sectionalism and discovers neglected phases of Populist activity in the crucial campaign of 1896 He suggests that there may have been some validity to the charge of Populist conspiracy mindedness Legislating Racism Thomas Adams Upchurch, 2021-10-21 The Civil War and Reconstruction were characterized by two lasting legacies the failure to bring racial harmony to the South and the failure to foster reconciliation between the North and South The nation was left with a festering race problem as a white dominated society and political structure debated the proper role for blacks At the national level both sides harbored bitter feelings toward the other which often resulted in clashes among congressmen that inflamed rather than solved the race problem No Congress expended more energy debating this issue than the Fifty First or Billion Dollar Congress of 1889 1891 The Congress debated several controversial solutions provoking discussion far beyond the halls of government and shaping the course of race relations for twentieth century America Legislating Racism proposes that these congressional debates actually created a climate for the first truly frank national discussion of racial issues in the United States In an historic moment of unusual honesty and openness a majority of congressmen newspaper editors magazine contributors and the American public came to admit their racial prejudice against not only blacks but all minority races If the majority of white Americans not just those in the South harbored racist sentiments many wondered whether Americans should simply accept racism as the American way Thomas Adams Upchurch contends that the Fifty First Congress in trying to solve the race problem in fact began the process of making racism socially and politically acceptable for a whole generation inadvertently giving birth to the Jim Crow era of John A. Logan James Pickett Jones, 2001-03-15 James P Jones uses newspaper accounts private letters American history and the records of Congress to examine Major General John A Logan's return to his political and legislative career after the Civil War Logan emerged from the national conflict a military hero and uncommitted to any political party By 1884 his personality and fiercely defended principles had earned him the vice presidential nomination on the ill fated Republican ticket Many writers on this period have portrayed Logan as a corrupt politician but Jones successfully clears the Illinoisan s record Description of previous edition The American New Woman Revisited Martha H. Patterson, 2008 In North America between 1894 and 1930 the rise of the New Woman sparked controversy on both sides of the Atlantic and around the world As she demanded a public voice as well as private fulfillment through work education and politics American journalists debated and defined her Who was she and where did she come from Was she to be celebrated as the agent of progress or reviled as a traitor to the traditional family Over time the dominant version of the American New Woman became typified as

white educated and middle class the suffragist progressive reformer and bloomer wearing bicyclist By the 1920s the jazz dancing flapper epitomized her Yet she also had many other faces Bringing together a diverse range of essays from the periodical press of the late nineteenth and early twentieth centuries Martha H Patterson shows how the New Woman differed according to region class politics race ethnicity and historical circumstance In addition to the New Woman s prevailing incarnations she appears here as a gun wielding heroine imperialist symbol assimilationist icon entrepreneur socialist anarchist thief vamp and eugenicist Together these readings redefine our understanding of the New Woman and her cultural impact **Prairie Populism** Jeffrey Ostler,1993 Ostler shows that economic conditions alone cannot explain why populism flourished or foundered Through a study of populism in Kansas Nebraska and Iowa Ostler demonstrates that the strength or weakness of the two dominant political parties within a state had a significant effect on the success of a third party challenge

To Enlarge the Machinery of Government William james Hull Hoffer, 2007-08-16 How did the federal government change from the weak apparatus of the antebellum period to the large administrative state of the Progressive Era To Enlarge the Machinery of Government explores the daily proceedings of the U S House and Senate from 1858 to 1891 to find answers to this question Through close readings of debates centered around sponsorship supervision and standardization recorded in the Congressional Globe and Congressional Record during this period Williamjames Hull Hoffer traces a critical shift in ideas that ultimately ushered in Progressive legislation the willingness of American citizens to allow and in fact ask for federal intervention in their daily lives He describes this era of congressional thought as a second state distinct from both the minimalist approaches that came before and the Progressive state building that developed later The second state era Hoffer contends offers valuable insight into how conceptions of American uniqueness contributed to the shape of the federal Kansas History Homer E. Socolofsky, Virgil W. Dean, 1992-04-20 The first volume in the series State government Bibliographies this book provides comprehensive coverage of secondary materials on Kansas history and also includes useful references to major archival and manuscript collections Although excellent specialized bibliographies have been published this volume is the most complete compilation of historical and related materials for the state Its broad and diverse scope ranges from standard political and economic studies to social and environmental histories to local studies and to regional studies with special significance to the state The volume is divided into sections on prehistory indigenous population early exploration territorial period statehood Kansas since 1898 agriculture economic life transportation cultural life education science and medicine social history general histories and reference guides local and county history historiography materials and historic sites Entries include informative annotations designed to aid the novice and the scholar The volume is thoroughly indexed by author and subject and includes the only existing index for all the major articles appearing over the past 125 years in the Kansas State Historical Society s major publications East to the Dawn Susan Butler, 2025-05-01 Amelia Earhart captured the hearts of the nation after becoming the first woman to fly solo across the Atlantic in 1928 And

her disappearance on an around the world flight in 1937 is an enduring mystery Based on ten years of research East to the Dawn provides a richly textured portrait of Earhart in all her complexity It s the perfect complement to the October 2009 movie Amelia starring Hilary Swank Richard Gere and Ewan McGregor
