The Classic Myths in English Literature Charles Mills Gayley, 1893 *The Sources of the Anti-foreign Disturbances in China* Gilbert Reid, 1903 **The Classic Myths in English Literature and in Art (2nd ed.) (1911)** Thomas Bulfinch, Charles Gayley, 2021-03-16 **The Classic Myths in English Literature and in Art Based Originally on Bulfinch's Age of Fable** Thomas Bulfinch, Charles Mills Gayley, Purpose of the Study Interwoven with the fabric of our English literature of our epics dramas lyrics and novels of our essays and orations like a golden warp where the woof is only too often of silver are the myths of certain ancient nations It is the purpose of this work to relate some of these myths and to illustrate the uses to which they have been put in English literature and incidentally in art The Fable and the Myth Careful discrimination must be made between the fable and the myth A fable is a story like that of King Log or the Fox and the Grapes in which characters and plot neither pretending to reality nor demanding credence are fabricated confessedly as the vehicle of moral or didactic instruction Dr Johnson narrows still further the scope of the fable It seems to be in its genuine state a narrative in which beings irrational and sometimes inanimate are for the purpose of moral instruction feigned to act and speak with human interests and passions Myths on the other hand are stories of anonymous origin prevalent among primitive peoples and by them accepted as true concerning supernatural beings and events or natural beings and events influenced by supernatural agencies Fables are made by individuals they may be told in any stage of a nation's history by a Jotham when the Israelites were still under the Judges 1200 years before Christ or by Christ himself in the days of the most critical Jewish scholarship by a Menenius when Rome was still involved in petty squabbles of plebeians and patricians or by Ph drus and Horace in the Augustan age of Roman imperialism and Roman letters by an sop well nigh fabulous to fabled fellow slaves and Athenian tyrants or by La Fontaine to the Grand Monarch and the most highly civilized race of seventeenth century Europe Fables are vessels made to order into which a lesson may be poured Myths are born not made They are born in the infancy of a people They owe their features not to any one historic individual but to the imaginative efforts of generations of story tellers The myth of Pandora the first woman endowed by the immortals with heavenly graces and of Prometheus who stole fire from heaven for the use of man the myth of the earthborn giants that in the beginning contested with the gods the sovereignty of the universe of the moon goddess who with her buskined nymphs pursues the chase across the azure of the heavens or descending to earth cherishes the youth Endymion these myths germinating in some quaint and childish interpretation of natural events or in some fireside fancy have put forth unconsciously under the nurture of the simple folk that conceived and tended them luxuriant branches and leaves of narrative and blossoms of poetic comeliness and form The myths that we shall relate present wonderful accounts of the creation histories of numerous divine beings adventures of heroes in which magical and ghostly agencies play a part and where animals and inanimate nature don the attributes of men and gods Many of these myths treat of divinities once worshiped by the Greeks and the Romans and by our

Norse and German forefathers in the dark ages Myths more or less like these may be found in the literatures of nearly all nations many are in the memories and mouths of savage races at this time existent But the stories here narrated are no longer believed by any one The so called divinities of Olympus and of Asgard have not a single worshiper among men They dwell only in the realm of memory and imagination they are enthroned in the palace of art The Classic Myths in English Literature and in Art, Based Originally on Bulfinch's "Age of Fable" (1855) Charles Mills Gayley,1995 An illustrated anthology of classical myths based on Bulfinch's nineteenth century Age of Fable examining myths of divinities and heroes and including commentary **The Classic Myths in English Literature and in Art Based Chiefly on Bulfinch's "Age of Fable" (1855)** Charles Mills Gayley,1911 **The Oyster Thief** Sonia Faruqi,2018-10-02 Mermaid Coralline is engaged to the merman of her dreams But when an oil spill wreaks havoc on her idyllic village life and her little brother falls gravely ill she embarks on a quest to find a legendary healing elixir Meanwhile Izar a human man is on the cusp of an invention that will enable him to mine the depths of the ocean But when he finds himself transformed into a merman he meets Coralline and joins her on her quest hoping the elixir will make him human again The quest pushes them together even as their separate worlds and unspoken secrets threaten to tear them apart Magnificent and moving and set against a breathtaking ocean landscape The Oyster Thief is a richly imagined odyssey destined to become a classic 25 Myths about Bullying and Cyberbullying Elizabeth K.
