Serbian Project And Its Adversaries A Strategy Of War Crimes:

The Serbian Project and Its Adversaries James Gow, 2003-08-05 In *The Serbian Project and Its Adversaries* James Gow provides the first military political analysis of the Yugoslav conflicts arguing that Slobodan Milosevic and his Serbian allies used ethnic cleansing as a method of creating and consolidating borders Although he considers the approaches taken by Belgrade s adversaries Gow argues that Serbia s deliberate strategy of ethnic cleansing was at the heart of the war and that it was in essence criminal in other words it was a strategy of war crimes Based on interviews examination of research undertaken by the Office of the Prosecutor at the International Criminal Tribunal for the former Yugoslavia and other Yugoslav materials *The Serbian Project and Its Adversaries* establishes the legitimacy of the Tribunal s jurisdiction Gow distinguishes between acts of war war crimes and crimes against humanity and suggests that a strategic understanding of the war may mitigate some of the charges being made against Serbian military and political leaders

Mass Atrocities and the Police Christian Axboe Nielsen, 2022-06-16 Between April 1992 and December 1995 more than 100 000 people were killed in the war in Bosnia and Herzegovina The terrible atrocities committed in this period have been much discussed and studied and many prosecuted as acts of genocide war crimes or crimes against humanity But so far the academic scholarship has focused on the role of the military in these events This has come at the expense of considering the police s role which Nielsen here demonstrates as crucial Nielsen traces the origins of the war in Bosnia and Herzegovina to the police and associated paramilitary groups Nielsen makes this ground breaking case by drawing on a host of confidential archival sources academic research and practical experience as a widely cited expert witness in the most notorious of the war crimes tribunals His innovative new history sheds light on wider issues regarding the dissolution of Yugoslavia the Balkan wars and the region today

Quasi-state Entities and International Criminal Justice Ernst Dijxhoorn, 2017-02-17 This book explores the intended and unintended impact of international criminal justice on the legitimacy of quasi state entities QSEs In order to do so the concept of quasi state entity is introduced to distinguish actors in statehood conflicts that aspire to statehood and fulfil statehood functions to a greater or lesser degree including the capacity and willingness to deploy armed force but lack the status of sovereign statehood This work explores the ability of QSEs to create and maintain legitimacy for their actions institutions and statehood projects in various constituencies simultaneously It looks at how legitimacy is a prerequisite for success of QSEs and using critical legitimacy theory assesses the legitimating narratives of QSEs and their statehood adversaries The book links international criminal justice to statehood projects of QSEs and their success and legitimacy It looks at the effects of international criminal justice on the ability to create and maintain legitimacy of QSEs an approach that leads to new insights regarding international courts and tribunals as entities competing with states over statehood functions that increasingly have to take the legal implications of their

actions into consideration Most important a close assessment of the legitimising narratives of QSEs counter narratives and the messages sent by international criminal justice with which QSEs have to deal and their ability to overcome legitimacy crises provides insight on QSEs and the complex processes of legitimation This book will be of much interest to students of international criminal justice political violence security studies and IR

Prosecuting Slobodan Milošević Nevenka Tromp, 2016-04-14 This book offers a comprehensive analysis of the trial of former Serbian leader Slobodan Milošević at the International Criminal Tribunal for the former Yugoslavia ICTY With the premature death of Milošević in March 2006 his trial was left unfinished Although the traditional objectives of criminal law such as retribution justice for victims and deterrence were not achieved the Milošević trial archive is a significant historical resource for researchers from various fields This book extracts details from the collection of documentary and transcript evidence that makes up the trial record sources which would be almost impossible to extricate without an insider's guiding hand to allow readers to trace the threads of several historical narratives The value of this methodology is particularly evident in the Milošević case as acting as his own defence counsel he responded to and interacted with almost all witnesses and evidence presented against him By providing snapshots of the behaviour displayed by Milošević in court while conducting his defence in combination with passages of carefully selected evidence from an immense archive familiar to few scholars this volume reveals how these trial records and trial records in general are a truly invaluable historical source The book underlines the premise that any record of a mass atrocities trial whether finished or unfinished establishes a record of past events contributes to interpretations of a historical period and influences the shaping of collective memory This book will be of much interest to students of the Former Yugoslavia war crimes international law human rights international relations and European politics

Democracy, Peace, and Security Heinz Gärtner, Jan Willem Honig, Hakan Akbulut, 2015-06-17 Democracies are extremely unlikely to wage war against other democracies this main proposition of the Democratic Peace theory constitutes the starting point for this volume Chapters authored by experts from different parts of the world explore the concept of Democratic Peace in greater depth in relation to selected issue areas and in comparison to other concepts such as security communities or concert of powers The role and significance of international organizations and gender equality for instance are discussed and assessed in this context The objective guiding this exercise is to give an answer to the question as to whether Democratic Peace and the other two concepts i.e. security communities and concert of powers can provide a solution to today's security challenges and constitute a guide to peaceful co-existence and conflict settlement So the chapters discuss intellectual frameworks at some length at the same time reflecting on potential inferences for the outside world and highlighting associated challenges limits or even possible adverse implications

Rethinking the Nature of War Isabelle Duyvesteyn, Jan Angstrom, 2005 Have globalization virulent ethnic differences and globally operating insurgents fundamentally changed the nature of war in the last decade Interpretations of war as driven by politics and state rationale formulated most importantly by the 19th century

practitioner Carl von Clausewitz have received strong criticism Political explanations have been said to fall short in explaining conflicts in the Balkans Africa Asia and the attacks of 11 September 2001 in the United States This book re evaluates these criticisms not only by scrutinising Clausewitz s arguments and their applicability but also by a careful reading of the criticism itself In doing so it presents empirical evidence on the basis of several case studies addressing various aspects of modern war such as the actors conduct and purposes of war

The Serbs Tim Judah, 2008-10-01 Who are the Serbs Branded by some as Europe s new Nazis they are seen by others and by themselves as the innocent victims of nationalist aggression and of an implacably hostile world media In this challenging new book Timothy Judah who covered the war years in former Yugoslavia for the London Times and the Economist argues that neither is true Exploring the Serbian nation from

the great epics of its past to the battlefields of Bosnia and the backstreets of Kosovo he sets the fate of the Serbs within the story of their past This wide ranging scholarly and highly readable account opens with the windswept fortresses of medieval kings and a battle lost more than six centuries ago that still profoundly influences the Serbs Judah describes the idea of Serbdom that sustained them during centuries of Ottoman rule the days of glory during the First World War and the genocide against them during the Second He examines the tenuous ethnic balance fashioned by Tito and its unraveling after his death And he reveals how Slobodan Milosevic later to become president used a version of history to drive his people to nationalist euphoria Judah details the way Milosevic prepared for war and provides gripping eyewitness accounts of wartime horrors the burning villages and ethnic cleansing the ignominy of the siege of Sarajevo and the columns of bedraggled Serb refugees cynically manipulated and then abandoned once the dream of a Greater Serbia was lost This first in depth account of life behind Serbian lines is not an apologia but a scrupulous explanation of how the people of a modernizing European state could become among the most reviled of the century Rejecting the stereotypical image of a bloodthirsty nation Judah makes the Serbs comprehensible by placing them within the context of their history and their hopes The role of terrorism in twenty-first-century warfare Susanne Martin, Leonard Weinberg, 2016-12-21 This book presents a critical reflection on the major armed conflicts that occurred during the 1990s and the first decade of the twenty first century Conflicts in Bosnia Kosovo Chechnya Iraq Afghanistan and Syria all involved the use of terrorism by one or more groups Looking to the future the book asks what this means for violent conflicts yet to come Using a variety of case studies the authors provide a systematic and comprehensive analysis of the role played by terrorism as a stand alone tactic as well as one used to ignite broad scale conflict They also pose the question on what occasions does terrorism tend to occur as an armed conflict begins to subside and when in other words is it a trailing indicator **Bosnia Remade** Gerard Toal, Carl T. Dahlman, 2011-02-16 Bosnia Remade is an authoritative account of ethnic cleansing and its partial undoing from the onset of the 1990s Bosnian wars up through the present Gerard Toal and Carl Dahlman combine a bird s eye view of the entire war from onset to aftermath with a micro level account of three towns that underwent ethnic cleansing and later the return of refugees There have been two major attempts to remake the ethnic geography of Bosnia since 1991 In the first instance ascendant ethno nationalist forces tried to eradicate the mixed ethnic geographies of Bosnia s towns villages and communities These forces devastated tens of thousands of homes and lives but they failed to destroy Bosnia Herzegovina as a polity In the second attempt which followed the war the international community in league with Bosnian officials endeavored to reverse the demographic and other consequences of this ethnic cleansing While progress has been uneven this latter effort has transformed the ethnic demography of Bosnia and moved the nation beyond its recent segregationist past By showing how ethnic cleansing was challenged Bosnia Remade offers more than just a comprehensive narrative of Europe s worst political crisis of the past two decades It also offers lessons for addressing an enduring global problem **The Struggle for**

Redress Jessie Barton-Hronešová, 2020-08-05 This book explores pathways to redress for main groups of victims survivors of the 1992 5 Bosnian war families of missing persons victims of torture survivors of sexual violence and victims suffering physical disabilities and harm The author traces the history of redress making for each of these groups and shows how differently they have been treated by Bosnian authorities at the state and subnational level In Bosnia and Herzegovina thousands of war victims have had to suffer re traumatising ordeals in order to secure partial redress for their suffering during 1992 1995 and after While some such as victims of sexual violence have been legally recognised and offered financial and service based compensation others such as victims of torture have been recognized only recently with a clear geographical limitation The main aim of the book is to explore the politics behind recognizing victimhood and awarding redress in a country that has been divided by instrumentalized identity cleavages widespread patronage and debilitating war legacies It shows how war victims survivors navigate such fragmented and challenging public landscape in order to secure their rights *Courting Democracy in Bosnia and Herzegovina* Lara J. Nettelfield, 2010-05-17 This study shows the impact of the ICTY on Bosnian society and its role in translating international law in domestic contexts Divided Nations and European Integration Tristan James Mabry, John McGarry, Margaret Moore, Brendan O'Leary, 2013-06-27 For ethnic minorities in Europe separated by state borders such as Basques in France and Spain or Hungarians who reside in Slovakia and Romania the European Union has offered the hope of reconnection or at least of rendering the divisions less obstructive Conationals on different sides of European borders may look forward to increased political engagement including new norms to support the sharing of sovereignty enhanced international cooperation more porous borders and invigorated protections for minority rights Under the pan European umbrella it has been claimed that those belonging to divided nations would no longer have to depend solely on the goodwill of the governments of their states to have their collective rights respected Yet for many divided nations the promise of the European Union and other pan European institutions remains unfulfilled Divided Nations and European Integration examines the impact of the expansion of European institutions and the ways the EU acts as a confederal association of member states rather than a fully multinational federation of peoples A wide range of detailed case studies consider national communities long within the borders of the European Union such as the Irish and Basques communities that have more recently joined such as the Croats and Hungarians and communities that are not yet members but are on its borders or in its near abroad such as the Albanians Serbs and Kurds This authoritative volume provides cautionary but valuable insights to students of European institutions nations and nationalism regional integration conflict resolution and minority rights Contributors Tozun Bahcheli Zoe Bray Alexandra Channer Zsuzsa Cserg Marsaili Fraser James M Goldgeier Michael Keating Tristan James Mabry John McGarry Margaret Moore Sid Noel Brendan O Leary David Romano Etain Tannam Stefan Wolff **Investigating Srebrenica** Isabelle Delpla, Xavier Bougarel, Jean-Louis Fournel, 2012-06-25 In July 1995 the Bosnian Serb Army commanded by General Ratko Mladic attacked the enclave of Srebrenica a UN safe area

since 1993 and massacred about 8 000 Bosniac men While the responsibility for the massacre itself lays clearly with the Serb political and military leadership the question of the responsibility of various international organizations and national authorities for the fall of the enclave is still passionately discussed and has given rise to various rumors and conspiracy theories Follow up investigations by the International Criminal Tribunal for the former Yugoslavia and by several commissions have dissipated most of these rumors and contributed to a better knowledge of the Srebrenica events and the part played by the main local and international actors This volume represents the first systematic comparative analysis of those investigations It brings together analyses from both the external standpoint of academics and the inside perspective of various professionals who participated directly in the inquiries including police officers members of parliament high ranking civil servants and other experts Evaluating how institutions establish facts and ascribe responsibilities this volume presents a historiographical and epistemological reflection on the very possibility of writing a history of the present time

Militancy and Violence in West Africa James Gow, Funmi Olonisakin, Ernst Dijkhoorn, 2013-07-18 This volume provides a systematic and cross regional analysis of radicalisation militancy and violence in West Africa Concern about terrorism in or from West Africa has been recognised in academic research and the adoption of militarised approaches to addressing it questioned However the basis for that questioning the need to investigate factors such as the historical and socio economic roots of militancy is not developed nor is it substantiated in existing studies The significant impact of religiously motivated radicalisation and violence in West Africa upon international security makes it essential to understand the issues of militancy and violence in the region In this volume the authors draw upon empirical research in West Africa to develop understanding in these areas Over the course of several chapters written by leading experts in the field the book successfully blends historical and conceptual analysis with new empirical research gathered from focus group discussions and research interviews Each of these core studies is structured around five interrelated issues tracing the antecedents of radicalisation monitoring trends identifying actors anticipating possibilities and analysing the strength of existing preventive mechanisms This book will be of much interest to students of African security African politics radicalisation political Islam war and conflict studies and security studies in general

Making Sense of Mass Atrocity Mark Osiel, 2009-07-31 This book trenchantly diagnoses the law s limits in making sense of mass atrocity

Europe and the Collapse of Yugoslavia Branislav Radeljic, 2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia s dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branislav Radeljic offers an empirical analysis of the EC s relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josep Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milo evi and the beginning of the Yugoslav Wars Radeljic explores the economic political and social elements

of these discords and also places emphasis on the role of Slovenes Croats and other diasporas focusing on their capacity to affect policy making at a Europe wide level Radeljic argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region *Politics of Ethnic Cleansing* Kledja Mulaj,2008-01-01 This book examines the causes and consequences of ethnic cleansing in the twentieth century Balkans The analysis offers a top down interpretation of the expulsion of ethno national minorities as a means of state building and questions the argument for forced homogenization as a conflict resolution strategy In providing a thorough and consistent analysis of large scale episodes of ethnic cleansing the book fills an important gap in existing conflict and peace studies literature
